**Sex, Law, and Sovereignty in French Algeria, 1830-1930** Judith Surkis, 2019-12-15 This is a masterful study of the ways in which sex and law were inextricably intertwined in the elaboration of French rule in Algeria Its great virtue is to demonstrate in careful detail with an impressive range of material from court records to novels exactly how the conquest of Algeria repeatedly challenged the very ideals of the secular universalism in whose name colonization was carried out Joan Wallach Scott author of *Sex and Secularism* During more than a century of colonial rule over Algeria the French state shaped and reshaped the meaning and practice of Muslim law by regulating it and circumscribing it to the domain of family law while applying the French Civil Code to appropriate the property of Algerians In *Sex Law and Sovereignty in French Algeria 1830 1930* Judith Surkis traces how colonial authorities constructed Muslim legal

difference and used it to deny Algerian Muslims full citizenship In disconnecting Muslim law from property rights French officials increasingly attached it to the bodies beliefs and personhood Surkis argues that powerful affective attachments to the intimate life of the family and fantasies about Algerian women and the sexual prerogatives of Muslim men supposedly codified in the practices of polygamy and child marriage shaped French theories and regulatory practices of Muslim law in fundamental and lasting ways Women s legal status in particular came to represent the dense relationship between sex and sovereignty in the colony This book also highlights the ways in which Algerians interacted with and responded to colonial law Ultimately this sweeping legal genealogy of French Algeria elucidates how the Muslim question in France became and remains a question of sex **The Life and Writings of George Washington Doane ...** George Washington Doane,1861
