Women Warriors and Wartime Spies of China Louise Edwards, 2016-03-29 In this compelling new study Louise Edwards explores the lives of some

of China's most famous women warriors and wartime spies through history. Focusing on key figures including Hua Mulan, Zheng Pingru, and Liu Hulan, this book examines the ways in which these extraordinary women have been commemorated through a range of cultural mediums including film, theatre, museums, and textbooks. Whether perceived as heroes or anti-heroes, Edwards shows that both the popular and official presentation of these women and their accomplishments has evolved in line with China's shifting political values and circumstances over the past one hundred years. Written in a lively and accessible style with illustrations throughout, this book sheds new light on the relationship between gender and militarisation and the ways that women have been exploited to glamorise war both historically in the past and in China today.

Espionage and Subversion in an Industrial Society Peter Hamilton, 2023-03-24. First Published in 1967. *Espionage and Subversion in an Industrial Society* presents a comprehensive overview of the true significance of industrial espionage and its relationship with the struggle for economic supremacy of a nation. Industrial espionage is a growth industry and the new battlefield where nations and ideologies struggle for economic supremacy. This and subversive activity may seem relatively harmless in comparison with a hot war. It is however precisely because the temperature of an all-out war would destroy the civilization we know that industrial espionage and subversion assume importance. In this book, Mr. Hamilton has combined his own extensive security knowledge with thorough research in his subjects. This is an interesting read for scholars of diplomacy, international economics, and international politics. [Science of Sexuality: Ultimate 7 Book Collection](#)

Gender, Sexuality, and Intelligence Studies Mary Manjikian,2020-06-18 This is the first work to engage with intelligence studies through the lens of queer theory Adding to the literature in critical intelligence studies and critical international relations theory this work considers the ways in which both the spy and the activities of espionage can be viewed as queer Part One argues that the spy plays a role which represents a third path between the hard power of the military and the soft power of diplomacy Part Two shows how the intelligence community plays a key role in enabling leaders of democracies to conduct covert activities running counter to that mission and ideology in this way allowing a leader to have two foreign policies an overt public policy and a second closeted queer foreign policy *Betrayals And Treason* Nachman Ben-yehuda,2018-03-08 In *Betrayals and Treason* Nachman Ben Yehuda identifies the universal structure of betrayals as the violation of trust and loyalty and charts the different manifestations and constructions of these violations all within numerous cases across time place and cultures Betrayals do not just lie in the eyes of the beholder completely relative While the very idea of betrayals is a social construct underlying it is a universal structure of violations of both trust and loyalty Whenever this structure materializes the label betrayal is invoked and applied **War, Espionage, and Masculinity in British Fiction** Susan L. how Dorothy Sayers developed the character of Peter Wimsey as a model of masculinity both strong and successful despite his own shellshock in the years between the world wars Graham Greene's *The Heart of the Matter* 1948 and *The Quiet American* 1955 show masculinities shaken and questioning their roles and their country's after neither world war ended all wars and the Empire rapidly lost ground Two chapters on *The Innocent* 1990 Ian McEwan's fictional account of a real collaboration between Great Britain and the United States to build a tunnel that would allow them to spy on the Soviet Union dig deeply into the 1950's Cold War to examine the fictional masculinity of the British protagonist and the real world and fictional masculinities projected by the countries involved Explorations of Ian Fleming's *Casino Royale* 1953 and *The Living Daylights* 1962 continue the Cold War theme Discussion of the latter film shows a confident infallible masculinity optimistic at the prospect of glasnost and the potential end of Cold War hostilities John le Carr's *The Night Manager* 1993 and its television adaptation take espionage past the Cold War The final chapter on Ian McEwan's *Saturday* 2005 shows one man's reaction to 9/11
