Gender, Sex and the Shaping of Modern Europe Annette F. Timm, Joshua A. Sanborn, 2022-01-13 At a time when issues of gender and sexuality are as prominent as they have ever been Gender Sex and the Shaping of Modern Europe provides an authoritative exploration of the history of these deeply connected subjects over the last 250 years Incorporating a blend of history and historiography Annette F Timm and Joshua A Sanborn write engagingly on gender and sexuality in a way that illuminates our understanding of historical change and individual experience throughout Europe The new and improved 3rd edition of this textbook now includes Personal vignette textboxes which shed light on key themes through individual life stories Added material on Russia Eastern Europe the Holocaust and the 21st century Historiographical updates throughout that bring the text up to date with new scholarship 30 new images and maps Through 6 thematic chapters that cover democracy capitalism imperialism and war Timm and Sanborn trace the social construction of gender roles consider gender s influence on political and economic developments during the period and reflect on where European society s relationship with gender will go both now and in the future **Sex, Sickness, and Slavery** Marli F. Weiner, 2012-07-30 Marli F Wiener skillfully integrates the history of medicine with social and intellectual history in this study of how race and sex complicated medical treatment in the antebellum South Sex Sickness and Slavery argues that Southern physicians scientific training and practice uniquely entitled them to formulate medical justification for the imbalanced racial hierarchies of the period Challenged with both helping to preserve the slave system by acknowledging and preserving clear distinctions of race and sex and enhancing their own authority with correct medical diagnoses and effective treatment doctors sought to understand bodies that did not necessarily fit into neat dichotomies or agree with suggested treatments Focusing on Southern states from Virginia to Alabama Weiner examines medical and lay perspectives on the body through a range of sources including medical journals notes diaries daybooks and letters These personal and revealing sources show how physicians medical students and patients both free whites and slaves felt about vulnerability to disease and mental illnesses how bodily differences between races and sexes were explained and how emotions common sense working conditions and climate were understood to have an effect on the body Physicians authority did not go uncontested however Weiner also describes the ways in which laypeople both black and white resisted medical authority clearly refusing to cede explanatory power to doctors without measuring medical views against their own bodily experiences or personal beliefs Expertly drawing

the dynamic tensions during this period in which Southern culture and the demands of slavery often trumped science Weiner explores how doctors struggled with contradictions as medicine became a key arena for debate over the meanings of male and female sick and well black and white North and South The Sex Worship and Symbolism of Primitive Races Sanger Brown,1916 **THE SEX WORKSHOP AND SYMBOLISM OF PRIMITIVE RACES** SANGER BROWN II, M.D.,1916

The origin of these Studies dates from many years back As a youth I was faced as others are by the problem of sex Living partly in an Australian city where the ways of life were plainly seen partly in the solitude of the bush I was free both to contemplate and to meditate many things A resolve slowly grew up within me one main part of my life work should be to make clear the problems of sex That was more than twenty years ago Since then I can honestly say that in all that I have done that resolve has never been very far from my thoughts I have always been slowly working up to this central problem and in a book published some three years ago *Man and Woman a Study of Human Secondary Sexual Characters* I put forward what was in my own eyes an introduction to the study of the primary questions of sexual psychology Now that I have at length reached the time for beginning to publish my results these results scarcely seem to me large As a youth I had hoped to settle problems for those who came after now I am quietly content if I do little more than state them For even that I now think is much it is at least the half of knowledge In this particular field the evil of ignorance is magnified by our efforts to suppress that which never can be suppressed though in the effort of suppression it may become perverted I have at least tried to find out what are the facts among normal people as well as among abnormal people for while it seems to me that the physician's training is necessary in order to ascertain the facts the physician for the most part only obtains the abnormal facts which alone bring little light I have tried to get at the facts and having got at the facts to look them simply and squarely in the face If I cannot perhaps turn the lock myself I bring the key which can alone in the end rightly open the door the key of sincerity That is my one panacea sincerity **Love, Sex, and Desire in Modern Egypt** L. L. Wynn, 2018-11-23 Cairo is a city obsessed with honor and respectability and love affairs Sara a working class woman has an affair with a married man and becomes pregnant only to be abandoned by him Ayah and Zeid a respectably engaged couple argue over whether Ayah's friend is a prostitute or a virgin Malak a European belly dancer who sometimes gets paid for sex wants to be loved by a man

who won't treat her like a whore just because she's a dancer and Alia a Christian banker who left her abusive husband is the mistress of a wealthy Muslim man Haroun who encourages business by hosting risqué parties for other men and their mistresses Set in transnational Cairo over two decades *Love Sex and Desire in Modern Egypt* is an ethnography that explores female respectability male honor and Western theories and fantasies about Arab society L L Wynn uses stories of love affairs to interrogate three areas of classic anthropological theory mimesis kinship and gift She develops a broad picture of how individuals love and desire within a cultural and political system that structures the possibilities of and penalties for going against sexual and gender norms Wynn demonstrates that love is at once a moral horizon an attribute that naturally inheres in particular social relations a social phenomenon strengthened through cultural concepts of gift and kinship and an emotion deeply felt and desired by individuals
