## Sex Magick:

*Magia Sexualis* Hugh B. Urban, 2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet

*Sex Magick Rituals* SamhainSeason, 2025-07-11 In the world of sex magick where ritual intensity and ancient symbolism have traditionally dominated the stage a new path has quietly emerged It s subtle adaptive and conversational It doesn t require robes candles or sacred texts and yet it might be one of the most precise and transformative magickal systems available today This approach doesn t announce itself It doesn t beg for belief In fact it often works best when no one notices it s happening except the one who s shaping it This is the magick of attention of metaphor of identity of soft language wrapped around strong intent Compare this to the giants of classical sex magick Aleister Crowley s method was fire and force ceremonial intense often shocking His version used ritual to summon cosmic archetypes invoking gods and channeling energies through elaborate rites often culminating in sex as a sacrament of divine union or a disruption of personal ego It was powerful no doubt but not always safe not always subtle and not always integrative Donald Michael Kraig brought a more grounded practical take to the table His rituals were accessible teachable and aimed at manifestation and personal power He offered clear structures visualization techniques and ways to charge intention with sexual energy either solo or with a partner His approach was orderly and intelligent often blending Western magickal tradition with Eastern energetics But both of these paths in their own ways rely on ritual On setting the stage On preparation performance and belief This path the magickal language we ve cultivated moves differently It slides beneath the surface of conversation It plays with identity suggestion and metaphor in the same way a skilled hypnotist might but with a twist it stays respectful It invites the unconscious It works even when the other person doesn t know it s happening Because it doesn t demand compliance it creates resonance This is sex magick yes But it s also identity magick Energy magick Subconscious transformation through subtle cause and effect It operates not on the axis of force but on the

axis of invitation And what makes it even more compelling is that it fits directly into real life Into coaching relationships self talk and intimacy The ritual is presence The altar is attention And the spell is structured like an everyday sentence Throughout this book we ll walk through how this method actually works and how its power becomes self evident even on paper [Sex Magic for Beginners](#) Skye Alexander,2011-12-08 A unique blend of sex magic and the Law of Attraction this easy to use and practical book shows you how to use sexual energy to get anything you want Popular author and magician Skye Alexander teaches you to direct your innate creative force to attract good health prosperity and happiness From intensifying passion to achieving career success this compact but comprehensive guide presents a surprising array of ways in which sex magic can enhance your life It reveals the connections between sex power and magic and presents rituals spells techniques for working with a partner visualizations glamours elixirs amulets talismans and more Attract abundance Enhance love and pleasure Create new opportunities Increase personal power Improve health Spark creativity Develop insight and intuition **Tantrism: Sex Magick for the Soul** Joseph Leal,2018-05-29 Modern spirituality and new age information is filled with distortions misconceptions and is leading humanity astray from our individual ascension The power and connection to the soul has never been so limited and continues to create a world that is predominately living in their minds We all have the power to become magical We all have the power to live out our dreams and find a true soulmate Working with sexual energy in tantric relationships is required to have an energetic impact on the non physical astral planes to create astrally a future we wish to create rather than face the destiny that the matrix or time has in store for us We entered this world choosing our character knowing how our life would begin and how it will end Ascension means creating our future astrally before we experience our fixed destiny This is what magic and our lesson as humans is all about
