Sex Matters From Sex To Superconsciousness:

Sex Matters Osho, 2003-07-11 One of the greatest spiritual thinkers of the twentieth century explores the physical and emotional intimacies of men and women in *Sex Matters* *Sex to Superconsciousness* *Sex matters to us all* The Osho approach to sex begins with an understanding of how important love is in our lives while at the same time acknowledges that the journey into love cannot exclude our innate biological energies With this perspective it becomes clear that the tendency for religions and for society in general to associate sex with sin and morality has been a great misfortune *Sex Matters* begins by deconstructing the layers of sexual repression that the condemnation of sex has inflicted on humans Throughout the book in response to questions about everything from jealousy to premature ejaculation the role of intimacy and the differences between men and women Osho proposes a vision that embraces sex as a fundamental gift from nature We learn how orgasm offers a glimpse of timelessness thoughtlessness and pure awareness biology's way of pointing toward the consciousness that helps us to understand ourselves Finally we are presented with a clear choice a repressed sexuality that leads to pornography perversion and a stunted humanity or a playful respectful and relaxed innocence that supports us in becoming fulfilled and whole as nature intended Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

Joy Osho, 2004-03-18 The Insights for a New Way of Living series aims to shine light on beliefs and attitudes that prevent individuals from being their true selves With an artful mix of compassion and humor Osho encourages his audience to confront what they would most like to avoid which in turns provides the key to true insight and power In *Joy The Happiness That Comes From Within* the seventh book in this series Osho posits that to be joyful is the basic nature of life Joy is the spiritual dimension of happiness in which one begins to understand one's intrinsic value and place in the universe Accepting joy is a decision to go with the flow to be grateful to be alive and for all the challenges and opportunities in life rather than setting conditions or demands for happiness Joy is a wondrous investigation into the source and importance of joyfulness in our lives

Love, Freedom, and Aloneness Osho, 2002-12-13 Osho one of the greatest spiritual thinkers of the twentieth century explores the connections between ourselves and others in *Love Freedom and Aloneness* The Koan of Relationships In today's world freedom is our basic condition and until we learn to live with that freedom and learn to live by ourselves and with ourselves we are denying ourselves the possibility of finding love and happiness with someone else Love can only happen through freedom and in conjunction with a deep respect for ourselves and the other Is it possible to be alone and not lonely Where are the boundaries that define lust versus love and can

lust ever grow into love In Love Freedom and Aloneness you will find unique radical and intelligent perspectives on these and other essential questions In our post ideological world where old moralities are out of date we have a golden opportunity to redefine and revitalize the very foundations of our lives We have the chance to start afresh with ourselves our relationships to others and to find fulfillment and success for the individual and for society as a whole Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world Sex Positive Dr. Kelly Neff,2020-02-11 Offering a new take on the psychology of human sexuality Sexpositive integrates modern day themes such as technology and the use of social media with self help This is the book that millennial s will turn to in order to rewrite the story of their love lives Life on this planet would not exist if it weren t for one thing sexual intercourse Developing our understanding sexual consciousness defined as an awareness of each other and ourselves as sexually conscious beings is key if we want to see humanity evolve and thrive through our energetic awareness of one another The SexPositive movement has its roots in this founding ideology It is a social political and philosophical movement that promotes and embraces sexuality and sexual expression with an emphasis on safe and consensual sex Never before has there been a stronger cultural narrative about the awakening of our sexual consciousness and the crucial importance of building SexPositive relationships For the first time ever Dr Kelly Neff offers readers a ground breaking self help book that fuses scientific sexology research psychological theorizing Eastern Western philosophies and stories from around the world all in the context of the world s massive social and political shifts surrounding sex love and identity The first part of the book address our personal growth as sexually conscious beings in our current cultural climate unpacking the constructs of gender and sexual orientation social conditioning via mass media whilst exploring non monogamous relationships the Techno sexual Revolution as well as looking at sex as an energetic experience The second part of the book takes a more practical approach providing tools tips and exercises to help create and maintain SexPositive relationships *Intelligence* Osho,2007-04-01 In Intelligence The Creative Response to Now one of the twentieth century s greatest spiritual teachers reveals a different approach to thinking about our brainpower In Intelligence Osho challenges the common conception that the best way to promote intelligence is to train the intellect Intellect is logical he says intelligence is paradoxical Intellect takes things apart to see how they work intelligence puts things together to see the functioning of the whole Osho posits that when our education systems put too much emphasis on developing intellect an imbalance is created and both the individual and the society suffer It is only through intelligence that we can respond creatively to the challenges of a changing world By exploring the distinction between intellect and intelligence Intelligence encourages readers to be more aware of how they

approach problems logical emotional and practical and how they solve them Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

Zorba the Buddha Hugh B. Urban, 2016-01-12 Zorba the Buddha is the first comprehensive study of the life teachings and following of the controversial Indian guru known in his youth as Bhagwan Shree Rajneesh and in his later years as Osho 1931 1990 Most Americans today remember him only as the sex guru and the Rolls Royce guru who built a hugely successful but scandal ridden utopian community in central Oregon during the 1980s Yet Osho was arguably the first truly global guru of the twentieth century creating a large transnational movement that traced a complex global circuit from post Independence India of the 1960s to Reagan's America of the 1980s and back to a developing new India in the 1990s The Osho movement embodies some of the most important economic and spiritual currents of the past forty years emerging and adapting within an increasingly interconnected and conflicted late capitalist world order Based on extensive ethnographic

and archival research Hugh Urban has created a rich and powerful narrative that is a must read for anyone interested in religion and globalization **The Three Dangerous Magi** P. T. Mistlberger, 2010-12-10 The Most Dangerous man since Jesus Christ the Sex Guru the Ambassador from Hell the Black Devil of Ashkhabad The King of Depravity and the Wickedest Man in the World These were some of the labels given to three of the most notorious figures of 20th century spirituality Osho formerly known as Bhagwan Shree Rajneesh G I Gurdjieff and Aleister Crowley Beneath the controversies and scandals that swirled around all three the author argues that these men egocentric tendencies notwithstanding were brilliant thinkers and extraordinary masters of their craft that of the science of inner transformation and in particular the art of balancing the so called Left and Right Hand spiritual paths These men were not humble sages They were bona fide crazy wisdom masters and consistently went where angels fear to tread They did not teach with the faint praise of new age fluff or the stuffy platitudes of religious sermons but rather with a flaming sword and were a genuine menace to all seekers who fear to face the abyss of their own egos **History of the Future** John Hogue, Peter Lorie, 1989 *The Meaning of Dreaming* Savitri

Simpson, 2016-12-15 The Meaning of Dreaming Should your dreams be important to you or offer special messages or meanings Have you ever wondered why you have nightly dreams or exactly how the process happens And what does it mean if you think you don't dream or seldom remember your dreams All these questions and more are answered by the great master of yoga Paramhansa Yogananda in a unique look at the ever fascinating subjects of dreams and dreaming Dreams are an endlessly fascinating topic for people of every culture place and time Many books have been written on this subject Yet no one has addressed this topic in the same way that the great exponents of yoga have done And no one has spoken or written on this subject with such fresh insights clarity and spiritual authority as one of the greatest yoga masters of recent times Paramhansa Yogananda Yogananda was the first yogi from India to make his permanent residence in America Yogananda came to the United States in 1920 where he lived until his passing in 1952 In addition to lecturing and teaching extensively he wrote many books such as his best selling spiritual classic Autobiography of a Yogi and lessons on yoga teachings meditation and philosophy In some of his earliest lessons he wrote about dreams why we dream and what our dreams mean He did not write as someone presenting a theory about what dreaming is but as a spiritual master one who had experienced every level of consciousness and who had achieved union with the Divine as well as great knowledge of life and death Much of the material in this book is taken from a series of lessons Yogananda wrote in the 1920s and 1930s Savitri Simpson also quotes from the books lessons and lectures of Swami Kriyananda 1926-2013 a direct disciple of Paramhansa Yogananda serving Yogananda's worldwide mission for nearly six decades and the author's spiritual teacher for thirty eight years
