Mother and Child in Art Cassandra Langer,1992-12-30 *Cassatt* Judith A. Barter,Sue Roe,2019-10-01 This monograph of American artist Mary Cassatt s work celebrates fifty stunning portraits of mothers with their children in everyday life Mary Cassatt s tender and profound paintings redefined portraiture and broke down barriers for women in art both as artists and as subjects This collection focuses on Cassatt s insightful portrayal of women and children living their everyday lives Fifty magnificent images cover the scope of Cassatt s work from her early interest in Japanese woodblocks all the way to her exploration of Modernist techniques Two essays contextualize her as a pioneering female artist and as the American face of Impressionist painting Captures the love between mothers and children A luminous robust and timely celebration of an artist with a unique legacy Fans of The Private Lives of the Impressionists In Montmartre and Mary Cassatt An American Impressionist in Paris will love this book **Mother and Child in Modern Art** Bruce Hooton,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Feminist Art and the Maternal** Andrea Liss,2009 Feminist motherhood is a surprisingly unexplored subject In fact feminism and motherhood have been often thought of as incompatible Profound provocative and innovative Feminist Art and the Maternal is the first work to critically examine the dilemmas and promises of representing feminist motherhood in contemporary art and visual culture Andrea Liss skillfully incorporates theory with passionate personal reflections on the maternal and in doing so she advances a fresh and necessary perspective on both feminism and art **Mother and Child in Modern Art** American Federation of Arts,1963 *Mother & Child in Art* Cassandra Langer,Cassandra L. Langer,1992 *The Art of Motherhood* Marta Alvarez González,2010 Presents a collection over two hundred artworks from the ancient world up to the present which are paired with quotations from a diversity of writers celebrating mothers and motherhood *Mother and Child* ,1990 *Mother and Child* ,1975 **Ruth Asawa and the Artist-Mother at Midcentury** Jordan Troeller,2025-07-01 How a group of artist mothers in postwar San Francisco refused the centuries old belief that a woman could not make art while also raising children For most of modern history to be an artist and a mother was to embody a contradiction in terms This awful dichotomy as painter Alice Neel put it pitted artmaking against caretaking and argued that the best art was made at the expense of family and futurity But in San Francisco in the 1950s and 1960s a group of artists gathered around Ruth Asawa

1926 2013 began to reject this dominant narrative In Ruth Asawa and the Artist Mother at Midcentury Jordan Troeller analyzes this remarkable moment Insisting that their labor as mothers fueled their labor as artists these women redefined key aesthetic concerns of their era including autonomy medium specificity and originality Delving into the archive where the traces of motherhood have not yet been erased from official history Troeller reveals Ruth Asawa s personal and professional dialogue with several other artist mothers including Merry Renk Imogen Cunningham and Sally Woodbridge For these women motherhood was not an essentialized identity but rather a means to reimagine the terms of artmaking outside of the patriarchal policing of reproduction This project unfolded in three broad areas which also structure the book s chapters domesticity and decoration metaphors for creativity and maternal labor in the public sphere especially in the public schools Drawing on queer theory and feminist writings Troeller argues that in belatedly accounting for the figure of the artist mother art history must reckon with an emergent paradigm of artmaking one predicated on reciprocity caretaking and futurity
