**The Tragic State of the Congo** Jeanne M. Haskin, 2005 In the mineral rich dirt poor Congo the promise of democratic elections now offers to ignite a glorious future for the country or a final conflagration

**Belgian Military Forces in the Congo** Stephen Rookes, 2022-07-21 Though the dynamics of the Congo Crisis have received and continue to receive a good deal of literary and scholarly attention missing from the canon of work on military forces in the Congo is a study of the Force Publique a paramilitary police force established by King Leopold II to secure the Congo Free State and to protect a vast geographical swath of Central Africa that had become his own personal possession following the Berlin Conference of 1884-1885 In many ways the absence of any study on the origins of the Force Publique to its dissolution in 1960 means that our knowledge surrounding the history of the Belgian Congo and the modern day Democratic Republic of the Congo is incomplete Indeed it is possible to trace the origins of rebellion in the Congo Crisis 1960-1967 back to the Batetela Rebellions that took place in the Congo Free State in the 1890s and early 1900s and to link them with a succession of anti-Belgian popular uprisings that took place in the Congo up to the time of the Congo's independence Moreover a revolt by NCOs of the Force Publique was one of the sparks that plunged the Congo into crisis in early July 1960 It would be wrong to say nonetheless that the geographical extent of this volume the first of two on Belgian military forces in the Congo is limited within the boundaries of the Congo Free State and the Belgian Congo through descriptions of military encounters in Africa in the late 1890s and First and Second World Wars the history of the Force Publique is extended into a study of war in the Sudan East Africa and in Ethiopia For aviation enthusiasts this volume is significant in that its objective is to provide a history of the development of air travel to and from the Belgian Congo in addition to examining the evolution of military air forces in the colony Again we can link the Force Publique's air branch to the Congo Crisis as a number of its pilots and aircraft served to form the basis of the Katangan Air Force and the Congolese Air Force two forces that were highly influential in deciding the future of the Congo after its independence The first volume of *Belgian Military Forces in the Congo* is illustrated throughout with photographs and includes specially commissioned color artworks of the weapons soldiers and aircraft of the Force Publique

**D.R. Congo** Loso Kiteti Boya, 2010 Book Synopsis This book recounts from the perspective of a Congolese native the five hundred year journey of the people of the Democratic Republic of Congo It analyzes dispassionately the facts of the turbulent history of the country and its continuing impact on the life of the modern day Congolese In the book we set out to begin the search for the Congolese answers to the DR Congo's historical paradox of a very rich country living a very poor life in a neighborhood in which it is the biggest and yet the weakest country We travel back five hundred years to rediscover the ancient kingdom of Congo and look closely at its people institutions value and belief systems customs and practices and try to establish the linkages between the present cultural values belief system and practices of the modern day Congolese with those of their past Through the revisiting of the past we try to identify the ways

and means of a more effective strategy for social political and economic renaissance in the DR Congo Although a diary the book is not a chronological presentation of the Congo s history The reader can expect to travel back and forth on the meandering road of the Congolese journey The DR Congo is a land of ecological gigantism and an environmental Garden of Eden It has the second largest freshwater river in the world the Congo River a powerful source of clean energy and the second largest tropical rain forest in the world the largest number of big lakes in Africa including Lake Tanganyika one of the largest assortment of minerals and precious metals and gems in the world including uranium and a large landmass of 906 000 square miles stretching over two time zones with a population of less than seventy million translating into one the lowest population densities in the world Such an array of diverse and rich natural resources and the extraordinary economic power potential of DR Congo have always attracted envy and invasions from foreign countries multinational companies and individuals over the centuries the latest being the attack of the combined armies of Rwanda Uganda and Burundi in August 1998 The history of the DR Congo is also the history of the darkness of the human heart extreme cruelty and violence greed and selfishness by the early European explorers the slave traders the Zanzibari Arab slave merchants of the last centuries and the neocolonialists and cold warriors of the twentieth century It is the history of treason of the Congo by the Congolese the betrayal of the public trust of the people and of the pursuit of power at all costs and bad management of the economy by the Congolese leaders and the politicians from the medieval kings of the kingdom of the Congo to the present day ruling class The book follows the less publicized but crucial journeys of the numerous Congolese slaves to the Americas documenting their early settlements in the United States the Caribbean Islands and Brazil and reconnecting their present day descendants in the Americas to their Congolese roots and ancestry The Truth on the Congo Free State ,1905 **BAMONIMAMBO** (*The Witnesses*): *Rediscovering DR CONGO and BRITISH ISLES Common History* Norbert X & Deo MBU-MPUTU & KATYA KASEREKA, Fifty Years of Family Planning in the Democratic Republic of the Congo Jane T. Bertrand,2024-05-16 This book chronicles five decades of struggle to introduce family planning into one of the largest most complex countries in sub Saharan Africa the Democratic Republic of the Congo DRC Interweaving details of major political social and economic events into the history of family planning in DRC formerly Za re the book analyses the achievements and setbacks of five decades of programmatic work President Mobutu s 1972 discourse on Naissances D sirables desirable births opened the door to organized family planning programs which gained considerable momentum in the 1980s despite societal norms favoring large families Two pillages and armed conflict paralyzed development work during the decade of the 1990s and family planning was one of multiple public health programs that struggled to regain lost ground in the 2000s With new donor funding and implementing agencies the 2010s witnessed rapid programmatic expansion and improved strategies By 2018 family planning was operating as a well oiled machine But progress is fragile The book ends by tracing the deleterious effects of the colonial period to contemporary programming and individual contraceptive use It asks hard questions about donor

financing And it details the six conditions needed to accelerate family planning progress in the DRC in pursuit of providing millions of Congolese women and men with the means of controlling their own fertility The book will be of interest to development and public health researchers and practitioners as well as to historians of the Democratic Republic of the Congo The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non CC BY 4.0 license

**Conflict and Social Transformation in Eastern DR Congo** Koen Vlassenroot, Timothy Raeymaekers, 2004 At head of title Conflict Research Group *Africa's Deadliest Conflict* Walter C. Soderlund, E. Donald Briggs, Tom Pierre Najem, Blake C. Roberts, 2013-09-03 Africa's Deadliest Conflict deals with the complex intersection of the legacy of post colonial history a humanitarian crisis of epic proportions and changing norms of international intervention associated with the idea of human security and the responsibility to protect R2P It attempts to explain why despite a softening of norms related to the sanctity of state sovereignty the international community dealt so ineffectively with a brutal conflict in the Democratic Republic of the Congo which between 1997 and 2011 claimed an estimated 5.5 million In particular the book focuses on the role of mass media in creating a will to intervene a role considered by many to be the key to prodding a reluctant international community to action Included in the book are a primer on Congolese history a review of United Nations peacekeeping missions in the Congo and a detailed examination of both US television news and New York Times coverage of the Congo from 1997 through 2008 Separate conclusions are offered with respect to peacekeeping in the Age of R2P and on the role of mass media in both promoting and inhibiting robust international responses to large scale humanitarian crises

**Congo's Environmental Paradox** Theodore Trefon, 2016-05-15 The Democratic Republic of Congo has the natural resources the world needs it is crucial to satisfying our craving for the latest high tech gadgets the Inga Dam could light up all of Africa while Congo's farmers could feed a billion people These realities are redefining the country's strategic contribution to a globalized world A resource paradise for some the DRC is an environmental nightmare for others Congo's Environmental Paradox analyses the new dynamics in the country's forest mineral land water and oil sectors revealing the interactions between these sectors Connecting the dots it shows how we need to fundamentally rethink power politics and resource management in Congo today

*Belgium and the Congo, 1885-1980* Guy Vanthemsche, 2012-04-30 While the impact of a colonising metropole on subjected territories has been widely scrutinized the effect of empire on the colonising country has long been neglected Recently many studies have examined the repercussions of their respective empires on colonial powers such as the United Kingdom and France Belgium and its African empire have been conspicuously absent from this discussion This book attempts to fill this gap Belgium and the Congo 1885-1980 examines the effects of colonialism on the domestic politics diplomacy and economics of Belgium from 1880 when King Leopold II began the country's expansionist enterprises in Africa to the 1980s well after the Congo's independence in June of 1960 By examining the colonial impact on its mother country Belgium this study also contributes to a better understanding of
