Cross Theology Rosalene Bradbury, 2011-01-01 What is the theologia crucis the theology of the cross and what are its radical claims Which theologians stood within this subversive

tradition and is Karl Barth amongst them In this volume New Zealand theologian Rosalene Bradbury throws light on these surprisingly contentious questions She argues convincingly that tethered to the tradition that gave rise to it the term theologia crucis references a theological system centered around notions of false and true glory and an ancient conviction that from the cross of Jesus Christ comes a revelatory and a saving Word The apostle Paul Athanasius a school of medieval mystics and the Reformer Martin Luther are all shown to be significant classical representatives of these ideas Bradbury then argues that seminal twentieth century theologian Karl Barth exhibits many of the classical crucicentric system's defining characteristics so that he himself might fairly be deemed a modern theologian of the cross Until now Barth's pivotal role in this long thin crucicentric tradition has been unsung This book thus sheds important new light on Barth's theology
