New Directions In Anthropological Kinship:

New Directions in Anthropological Kinship Linda Stone, 2002-05-30 Following periods of intense debate and eventual demise kinship studies is now seeing a revival in anthropology *New Directions in Anthropological Kinship* captures these recent trends and explores new avenues of inquiry in this re emerging subfield The book comprises contributions from primatology evolutionary anthropology archaeology and cultural anthropology The authors review the history of kinship in anthropology and its theory and recent research in relation to new directions of anthropological study Moving beyond the contentious debates of the past the book covers feminist anthropology on kinship the expansion of kinship into the areas of new reproductive technologies recent kinship constructions in EuroAmerican societies and the role of kinship in state politics

New Directions in Anthropological Kinship Linda Stone, 2001 This volume presents the revival of kinship studies in anthropology and explores new avenues in this re emerging subfield The authors review the history of kinship in anthropology and its theory

Families in Global and Multicultural Perspective Bron B Ingoldsby, Suzanna D Smith, 2006 Publisher description

Primeval kinship Bernard Chapais, 2009-06-30 At some point in the course of evolution from a primeval social organization of early hominids all human societies past and present would emerge In this account of the dawn of human society Bernard Chapais shows that our knowledge about kinship and society in nonhuman primates supports and informs ideas first put forward by the distinguished social anthropologist Claude Lévi Strauss Chapais contends that only a few evolutionary steps were required to bridge the gap between the kinship structures of our closest relatives chimpanzees and bonobos and the human kinship configuration The pivotal event the author proposes was the evolution of sexual alliances Pair bonding transformed a social organization loosely based on kinship into one exhibiting the strong hold of kinship and affinity The implication is that the gap between chimpanzee societies and pre linguistic hominid societies is narrower than we might think Many books on kinship have been written by social anthropologists but *Primeval Kinship* is the first book dedicated to the evolutionary origins of human kinship And perhaps equally important it is the first book to suggest that the study of kinship and social organization can provide a link between social and biological anthropology

Kinship and Gender Linda Stone, Diane E. King, 2018-09-27 Does kinship still matter in today's globalized increasingly mobile world Do family structures continue to influence the varied roles that men and women play in different cultures Answering with a resounding yes Linda Stone and Diane E King offer a lively introduction to and working knowledge of kinship They firmly link these concepts to cross cultural gender studies illuminating the malleable nature of gender roles around the world and over time Written to engage students each chapter in *Kinship and Gender* provides key terms and useful generalizations gleaned through research on the interplay of kinship and gender in both traditional societies and contemporary communities Detailed case studies and cross cultural examples help students understand how such generalizations are experienced in real life The authors also consider the ramifications of current social problems and recent

developments in reproductive technology as they demonstrate the relevance of kinship and gender to students lives The fully revised sixth edition contains new case studies on foster parenting in the United States and on domestic violence It provides new material on pets as family members and an expanded discussion of the concept of lineal masculinity There is also a comparison of the adoption of new reproductive technologies in Israel with other countries along with a discussion of the issue of transnational movements in the use of these technologies **Kinship Matters** Fatemeh Ebtehaj, Bridget

Lindley, Martin Richards, 2006-09-15 This book is the fifth in the Cambridge Socio Legal Group series and it concerns the evolving notions and practices of kinship in contemporary Britain and the interrelationship of kinship law and social policy Assembling contributions from scholars in a range of disciplines it examines social legal cultural and psychological questions related to kinship Rising rates of divorce and of alternative modes of partnership have raised questions about the care and well being of children while increasing longevity and mobility together with lower birth rates and changes in our economic circumstances have led to a reconsideration of duties and responsibilities towards the care of elderly people In addition globalisation trends and international flows of migrants and refugees have confronted us with alternative constructions of kinship and with the challenges of maintaining kinship ties transnationally Finally new developments in genetics research and the growing use of assisted reproductive technologies may raise questions about our notions of kinship and of kin rights and responsibilities The book explores these changes from various perspectives and draws on theoretical and empirical data to describe practices of kinship in contemporary Britain na , Difficult Attachments Kathryn E. Goldfarb, Sandra

Bamford, 2024-10-11 Anthropologists have long considered kinship as the basis for social solidarity But what about when it is not What about instances when kinship is characterized by neglect violence negative affect or a lack of care This edited volume featuring slim and cutting edge essays from a diverse group of anthropologists at different career stages explores situations when kinship is experienced as difficult and ambivalent *The SAGE Encyclopedia of Lifespan Human*

Development Marc H. Bornstein, 2018-01-15 Lifespan human development is the study of all aspects of biological physical cognitive socioemotional and contextual development from conception to the end of life In approximately 800 signed articles by experts from a wide diversity of fields The SAGE Encyclopedia of Lifespan Human Development explores all individual and situational factors related to human development across the lifespan Some of the broad thematic areas will include Adolescence and Emerging Adulthood Aging Behavioral and Developmental Disorders Cognitive Development Community and Culture Early and Middle Childhood Education through the Lifespan Genetics and Biology Gender and Sexuality Life Events Mental Health through the Lifespan Research Methods in Lifespan Development Speech and Language Across the Lifespan Theories and Models of Development This five volume encyclopedia promises to be an authoritative discipline defining work for students and researchers seeking to become familiar with various approaches theories and empirical findings about human development broadly construed as well as past and current research *The Roman Clan* C. J.

Smith,2006-03-09 The gens a key social formation in archaic Rome has given rise to considerable interpretative problems for modern scholarship In this comprehensive exploration of the subject Professor Smith examines the mismatch between the ancient evidence and modern interpretative models influenced by social anthropology and political theory He offers a detailed comparison of the gens with the Attic genos and illustrates for the first time how recent changes in the way we understand the genos may impact upon our understanding of Roman history He develops a concept of the gens within the interlocking communal institutions of early Rome which touches on questions of land ownership warfare and the patriciate before offering an explanation of the role of the gens and the part it might play in modern political theory This significant work makes an important contribution not only to the study of archaic Rome but also to the history of ideas

Conceptualizing Friendship in Time and Place Carla Risseuw,Marlein van Raalte,2017-07-31 The concept of friendship is more easily valued than it is described this volume brings together reflections on its meaning and practice in a variety of social and cultural settings in history and in the present time focusing on Asia and the Western Euro American world The extension of the group in which friendship is recognized and degrees of intimacy whether or not involving an erotic dimension and genuine appreciation may vary widely Friendship may simply include kinship bonds solidarity being one of its more general characteristics In various contexts of travelling migration and a dearth of offspring friendship may take over roles of kinship also in terms of care

The Future of Marriage (Easyread Large Edition) David Blankenhorn,2010 With precision and passion David Blankenhorn offers a bold new argument in the debate over same sex marriage that it would essentially deny all children not just the children of same sex couples their birthright to their own mother and father If we change marriage we change parenthood for all families Altering marriage to accommodate same sex couples would mean weakening in culture and eliminating in law the idea that children need both their mother and their father The Future of Marriage analyzes recent survey data from 35 countries offering the first scientific evidence that support for marriage is weakest in those nations where support for gay marriage is strongest Blankenhorn explains how same sex marriage would transform our most pro child social institution into a purely private relationship an expression of love between adults defined by each couple as they wish Changing marriage laws to include same sex couples he argues would require us to deinstitutionalize marriage amputating from the institution one after another of its core ideas until the institution itself is like a room with all the furniture removed and everything stripped from the walls For Blankenhorn the main question concerning the future of marriage in the United States is not whether we will adopt gay marriage The main question is whether the social institution of marriage will become stronger or weaker If we wish to strengthen marriage on behalf of children there is no shortage of ideas for doing so What matters is whether we as a society regard this as a worthy and urgent goal

Punks and Skins United Aimar Ventsel,2020-08-01 Germany has one of the liveliest and well developed punk scenes in the world However punk in this country is not just a style based music community This book provides an anthropological examination of

how punk reflects the larger changes and contradictions in post reunification Germany such as social segmentation east west tensions and local politics Punk in eastern Germany is a reaction to the marginalization of the working class As a cultural social and economic niche punks create their own controversial substitute society to compensate for their low status in mainstream society

The Character of Human Institutions Michael Egan, 2017-07-28 This volume celebrates the life and work of Robin Fox and the idea of a biosocial science From his early studies of kinship primates the brain evolution the incest taboo and aggression to his later work on literature politics civilization law the Bible Shakespeare and the history of ideas Robin Fox inspired many with an evolutionary vision of humanity that goes beyond narrow disciplinary boundaries and embraces the universal history of mankind Fox's work represents an independent biosocial science stream of thinking that accepts the Darwinian mandate while avoiding reductionism by recognizing culture as a natural phenomenon The essays cover Fox's life and his contributions and address topics as diverse as the meaning and function of laughter the unforgiving discipline of writing popular anthropology extreme drinking rituals among young men training for the British army Darwin and close cousin marriage the universal essence of the epic form as a super attractor anthropologists autobiographies the conflict between science and anti science and the decline of British imperial education This engaging collection on a mainstream maverick has been edited by Michael Egan It includes essays by Sir Antony Jay Lionel Tiger Howard Bloom Michael McGuire Kate Fox Melvin Konner Alan Macfarlane Adam Kuper Dieter Steklis Alexandra Maryanski Bernard Chapais Jonathan Turner Linda Stone Charles Macdonald Anne Fox David Jenkins Frederick Turner Robert Trivers and an essay by Robin Fox himself
