New Empire An Interpretation Of American

Walter Frederick LaFeber

New Empire An Interpretation Of American:

The New Empire Walter LaFeber,1998 This classic work by the distinguished historian Walter LaFeber presents his widely influential argument that economic causes were the primary forces propelling America to world power in the nineteenth century Cornell University Press is proud to issue this thirty fifth anniversary edition featuring a new preface by the author In this Beveridge Award winning study Walter LaFeber probes beneath the apparently quiet surface of late nineteenth century American diplomacy undisturbed by major wars and undistinguished by important statements of policy He finds those who shaped American diplomacy believed expanding foreign markets were the cure for recurring depressions In thoroughly documenting economic pressure on American foreign policy of the late nineteenth century the author has illuminated a shadowy corner of the national experience The theory that America was thrust by events into a position of world power it never sought and was unprepared to discharge must now be re examined Also brought into question is the thesis that American policymakers have depended for direction on the uncertain compass of utopian idealism American Historical Review

The New Empire Walter Frederick LaFeber,1974 **The New Empire: an Interpretation of American Expansion, 1860-1898** Walter LaFeber,1963 **The New Empire** Walter LaFeber,1963 **Woodrow Wilson and American Internationalism** Lloyd E. Ambrosius,2017-06-16 This book critiques President Woodrow Wilson s statecraft and diplomacy during World War I notably with respect to religion and race *Polar Imperative* Shelagh D. Grant,2011-03-11 Based on Shelagh Grant s groundbreaking archival research and drawing on her reputation as a leading historian in the field *Polar Imperative* is a compelling overview of the historical claims of sovereignty over this continent s polar regions This engaging timely history examines the unfolding implications of major climate changes the impact of resource exploitation on the indigenous peoples the current high stakes game for control over the adjacent waters of Alaska Arctic Canada and Greenland the events issues and strategies that have influenced claims to authority over the lands and waters of the North American Arctic from the arrival of the first inhabitants around 3 000 BCE to the present sovereignty from a comparative point of view within North America and parallel situations in the European and Asian Arctic This book will become a standard reference on Arctic history and will redefine North Americans understanding of the sovereign rights and responsibilities of Canada s northernmost region *Reassessing the Presidency* David Gordon,Thomas J. DiLorenzo,Thomas E. Woods, Jr,Yuri N. Maltsev,Ralph Raico,Paul Gottfried,Hans-Hermann Hoppe,2013-09-19 **American Despots** Amazing low sale price in defense of authentic freedom as versus the presidency that betrayed it Everyone seems to agree that brutal dictators and despotic rulers deserve scorn and worse But why have historians been so willing to overlook the despotic actions of the United States own presidents You can scour libraries from one end to the other and encounter precious few criticisms of America s worst despots The founders imagined that the president would be a collegial leader with precious little power who constantly faced the threat of impeachment Today however the president orders thousands of

young men and women to danger and death in foreign lands rubber stamps regulations that throw enterprises into upheaval controls the composition of the powerful Federal Reserve and manages the priorities millions of swarms of bureaucrats that vex the citizenry in every way It is not too much of a stretch to say that the president embodies the Leviathan state as we know it Or more precisely it is not an individual president so much as the very institution of the presidency that has been the major impediment of liberty The presidency as the founders imagined it has been displaced by democratically ratified serial despotism And for that reason it must be stopped Every American president seems to strive to make the historians A list by doing big and dramatic things wars occupations massive programs tyrannies large and small in hopes of being considered among the greats such as Lincoln Wilson and FDR They always imagine themselves as honored by future generations the worse their crimes the more the accolades Well the free ride ends with *Reassessing the Presidency The Rise of the Executive State and the Decline of Freedom* edited by John Denson This remarkable volume 825 pages including index and bibliography is the first full scale revision of the official history of the U S executive state It traces the progression of power exercised by American presidents from the early American Republic up to the eventual reality of the power hungry Caesars which later appear as president in American history Contributors examine the usual judgments of the historical profession to show the ugly side of supposed presidential greatness The mission inherent in this undertaking is to determine how the presidency degenerated into the office of American Caesar Did the character of the man who held the office corrupt it or did the power of the office as it evolved corrupt the man Or was it a combination of the two Was there too much latent power in the original creation of the office as the Anti Federalists claimed Or was the power externally created and added to the position by corrupt or misguided men There s never been a better guide to everything awful about American presidents No you won t get the civics text approach of see no evil Essay after essay details depredations that will shock you and wonder how American liberty could have ever survived in light of the rule of these people Contributors include George Bittlingmayer John V Denson Marshall L DeRosa Thomas J DiLorenzo Lowell Gallaway Richard M Gamble David Gordon Paul Gottfried Randall G Holcombe Hans Hermann Hoppe Jeffrey Rogers Hummel Michael Levin Yuri N Maltsev William Marina Ralph Raico Joseph Salerno Barry Simpson Joseph Stromberg H Arthur Scott Trask Richard Vedder and Clyde Wilson

The Presidencies of James A. Garfield & Chester A. Arthur Justus D. Doenecke, 1981 This is the first single volume to focus on the presidencies of both James A Garfield and Chester A Arthur Drawing from a host of studies on the foreign and domestic policies of the nation during the Gilded Age as well as from his own primary research the author presents a somewhat revisionist look at Garfield and Arthur revisionist in that he gives the reader a renewed appreciation of both men Far from being cynical spoilsmen or naive incompetents individuals whose presidencies provide studies in ineptitude Garfield and Arthur emerge as men of considerable ability While making no claims of greatness Doenecke maintains that each was a significant transitional figure playing a crucial role as the institution of the presidency moved from the weak leadership of Andrew Johnson to the forceful

direction of Theodore Roosevelt According to Doenecke Garfield saw the office of chief executive primarily in administrative terms and his great battle was over keeping the power of appointment in his own hands His victory over the Stalwarts enhanced both the power and prestige of the office His knowledge of how government worked was unmatched long before Woodrow Wilson made his mark Garfield was the scholar in politics The diplomacy of Secretary of State James G Blaine comes under critical scrutiny Doenecke evaluates his performance in the Chile Peru War War of the Pacific the Guatemala Mexico dispute the isthmian canal issue Irish American activities in Britain and efforts to secure markets in Korea br Garfield was assassinated less than six months after he entered office he had yet to be tested on major issues of public policy Chester A Arthur was ill prepared to be chief executive was in poor health much of the time while he was in office and was faced with a hopelessly divided party Nevertheless he was one of the nation s great political surprises His administration pioneered in the development of the navy sought foreign markets for American surpluses fostered civil service reform and pressed for a scientific tariff Doenecke devotes one chapter to the spoils system and the background to the Pendleton Act one to Arthur s strategy regarding the South and then offers an in depth analysis of diplomacy during Arthur s tenure During the presidencies of Garfield and Arthur the United States attempted to intervene in a war between Chile and Peru sought to turn Nicaragua into a protectorate supplied leading advisers to Madagascar and Korea and took a major part in the Congo conference of 1884 In examining these activities even while pointing to uncoordinated statecraft and inept diplomacy Doenecke challenges the long held view that from 1881 to 1885 the nation was withdrawn and insular His fresh perspective on the Garfield and Arthur years will be of considerable interest to historians of the Gilded Age **Two Faces of Exclusion**

Lon Kurashige,2016-09-02 From the Chinese Exclusion Act of 1882 to the Immigration Act of 1924 to Japanese American internment during World War II the United States has a long history of anti Asian policies But Lon Kurashige demonstrates that despite widespread racism Asian exclusion was not the product of an ongoing national consensus it was a subject of fierce debate This book complicates the exclusion story by examining the organized and well funded opposition to discrimination that involved some of the most powerful public figures in American politics business religion and academia In recovering this opposition Kurashige explains the rise and fall of exclusionist policies through an unstable and protracted political rivalry that began in the 1850s with the coming of Asian immigrants extended to the age of exclusion from the 1880s until the 1960s and since then has shaped the memory of past discrimination In this first book length analysis of both sides of the debate Kurashige argues that exclusion era policies were more than just enactments of racism they were also catalysts for U S Asian cooperation and the basis for the twenty first century s tightly integrated Pacific world *Reading for Realism* Nancy Glazener,1997 *Reading for Realism* presents a new approach to U S literary history that is based on the analysis of dominant reading practices rather than on the production of texts Nancy Glazener s focus is the realist novel the most influential literary form of the nineteenth and twentieth centuries a form she contends was only made possible by changes in

the expectations of readers about pleasure and literary value By tracing readers collaboration in the production of literary forms Reading for Realism turns nineteenth century controversies about the realist romance and sentimental novels into episodes in the history of readership It also shows how works of fiction by Rebecca Harding Davis Henry James Nathaniel Hawthorne and others participated in the debates about literary classification and reading that in turn created and shaped their audiences Combining reception theory with a materialist analysis of the social formations in which realist reading practices circulated Glazener s study reveals the elitist underpinnings of literary realism At the book s center is the Atlantic group of magazines whose influence was part of the cultural machinery of the Northeastern urban bourgeoisie and crucial to the development of literary realism in America Glazener shows how the promotion of realism by this group of publications also meant a consolidation of privilege primarily in terms of class gender race and region for the audience it served Thus American realism so often portrayed as a quintessentially populist form actually served to enforce existing structures of class and power

The United States in Central America, 1860-1911 Thomas David Schoonover,1991 In a work of unprecedented scope Thomas D Schoonover combines exhaustive multicountry archival research with a sophisticated theoretical framework grounded in world systems theory to elucidate the relations between the United States and Central America in the late nineteenth and early twentieth centuries Schoonover s archival research in Central America Europe and the United States encompasses public business organizational and individual records In analyzing this material Schoonover applies a world systems theory approach with that of social imperialism and dependency theory to underscore the broad multistate dimension of international affairs In exploring the international history of Central America Schoonover describes the role of personalities such as John C Fr mont Otto von Bismarck Theodore Roosevelt Manuel Estrada Cabrera and Jos Santos Zelaya the impact of railroad building and canal projects and the role of pan Americanism nationalism racism and anti Americanism

Impossible Subjects Mae M. Ngai,2014-04-27 This book traces the origins of the illegal alien in American law and society explaining why and how illegal migration became the central problem in U S immigration policy a process that profoundly shaped ideas and practices about citizenship race and state authority in the twentieth century Mae Ngai offers a close reading of the legal regime of restriction that commenced in the 1920s its statutory architecture judicial genealogies administrative enforcement differential treatment of European and non European migrants and long term effects She shows that immigration restriction particularly national origin and numerical quotas remapped America both by creating new categories of racial difference and by emphasizing as never before the nation s contiguous land borders and their patrol Some images inside the book are unavailable due to digital copyright restrictions

American Crucible Gary Gerstle,2017-02-28 This sweeping history of twentieth century America follows the changing and often conflicting ideas about the fundamental nature of American society Is the United States a social melting pot as our civic creed warrants or is full citizenship somehow reserved for those who are white and of the right ancestry Gary Gerstle traces the forces of civic

and racial nationalism arguing that both profoundly shaped our society After Theodore Roosevelt led his Rough Riders to victory during the Spanish American War he boasted of the diversity of his men s origins from the Kentucky backwoods to the Irish Italian and Jewish neighborhoods of northeastern cities Roosevelt s vision of a hybrid and superior American race strengthened by war would inspire the social diplomatic and economic policies of American liberals for decades And yet for all of its appeal to the civic principles of inclusion this liberal legacy was grounded in Anglo Saxon culture making it difficult in particular for Jews and Italians and especially for Asians and African Americans to gain acceptance Gerstle weaves a compelling story of events institutions and ideas that played on perceptions of ethnic racial difference from the world wars and the labor movement to the New Deal and Hollywood to the Cold War and the civil rights movement We witness the remnants of racial thinking among such liberals as FDR and LBJ we see how Italians and Jews from Frank Capra to the creators of Superman perpetuated the New Deal philosophy while suppressing their own ethnicity we feel the frustrations of African American servicemen denied the opportunity to fight for their country and the moral outrage of more recent black activists including Martin Luther King Jr Fannie Lou Hamer and Malcolm X Gerstle argues that the civil rights movement and Vietnam broke the liberal nation apart and his analysis of this upheaval leads him to assess Reagan s and Clinton s attempts to resurrect nationalism Can the United States ever live up to its civic creed For anyone who views racism as an aberration from the liberal premises of the republic this book is must reading Containing a new chapter that reconstructs and dissects the major struggles over race and nation in an era defined by the War on Terror and by the presidency of Barack Obama *American Crucible* is a must read for anyone who views racism as an aberration from the liberal premises of the republic

Most Favored Nation Paul Wolman, 2000-11-09 *Most Favored Nation* discusses the movement for tariff revision under Republican administrations in the critical years preceding World War I Paul Wolman shows how and why some Republicans turned away from their party s and the nation s traditional tariff reduction and revision Wolman describes how the revisionists of this period developed a comprehensive program that sought to replace the logrolling system of protectionist interest trading that had prevailed in the United States since the 1860s In its place they proposed a multiple rate tariff embodying substantial reductions commercial reciprocity agreements especially with Germany France and Canada and a scientific tariff administered by a commission According to Wolman all revisionists hoped to further American leadership in an open door world economy But as their movement developed revisionists split into two competing groups One group the radical revisionists wished to use lower tariffs to restrain the growing power of corporations Led by agricultural implement manufacturer H E Miles of Wisconsin the radical revisionists hoped that freer importation of goods such as steel bars and billets would break the growing stranglehold of U S Steel and International Harvester on markets for intermediate goods and restore more competitive pricing The second group or cooperationists accepted the emerging hegemony of large corporations which were beginning to supplant traditional American propriety enterprises Encouraged by Theodore

Roosevelt and William Howard Taft these revisionists worked to rationalize the emerging corporate market system and U S foreign commercial relations without promoting anticorporate activism Wolman suggests that through both consensus and conflict the Republican revisionists of the McKinley Roosevelt and Taft era laid the foundation for modern systems of liberal trade In detailing how they did so Wolman offers new insights not only on the tariff question but also on related concerns in U S foreign economic policy including business state relations corporate development international treaty making and imperialism Originally published 1992 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Lincoln, Seward, and US Foreign Relations in the Civil War Era Joseph A. Fry, 2019-04-05 The Civil War marked a significant turning point in American history not only for the United States itself but also for its relations with foreign powers both during and after the conflict The friendship and foreign policy partnership between President Abraham Lincoln and Secretary of State William Henry Seward shaped those US foreign policies These unlikely allies who began as rivals during the 1860 presidential nomination helped ensure that America remained united and prospered in the aftermath of the nation s consuming war In Lincoln Seward and US Foreign Relations in the Civil War Era Joseph A Fry examines the foreign policy decisions that resulted from this partnership and the legacy of those decisions Lincoln and Seward despite differences in upbringing personality and social status both adamantly believed in the preservation of the union and the need to stymie slavery They made that conviction the cornerstone of their policies abroad and through those policies such as Seward threatening war with any nation that intervened in the Civil War they prevented European intervention that could have led to Northern defeat The Union victory allowed America to resume imperial expansion a dynamic that Seward sustained beyond Lincoln s death during his tenure as President Andrew Johnson s Secretary of State Fry s analysis of the Civil War from an international perspective and the legacy of US policy decisions provides a more complete view of the war and a deeper understanding of this crucial juncture in American history

The History of American Foreign Policy: v.1: To 1920 Jerald A Combs, 2015-01-28 Now thoroughly updated this respected text provides a clear concise and affordable narrative and analytical history of American foreign policy from the revolutionary period to the present This edition includes an all new chapter on the George W Bush presidency 9 11 and the war in Iraq The historiographical essays at the end of each chapter have been revised to reflect the most recent scholarship The History of American Foreign Policy chronicles events and policies with emphasis on the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders themselves The new edition also provides expanded coverage of the role of cultural and intellectual factors in setting up the problems faced by U S policy makers as well as new materials on globalization and the War on Terror

Religious

Intolerance, America, and the World John Corrigan, 2020-04-07 As the news shows us every day contemporary American culture and politics are rife with people who demonize their enemies by projecting their own failings and flaws onto them But this is no recent development Rather as John Corrigan argues here it s an expression of a trauma endemic to America s history particularly involving our long domestic record of religious conflict and violence Religious Intolerance America and the World spans from Christian colonists intolerance of Native Americans and the role of religion in the new republic s foreign policy crises to Cold War witch hunts and the persecution complexes that entangle Christians and Muslims today Corrigan reveals how US churches and institutions have continuously campaigned against intolerance overseas even as they ve abetted or performed it at home This selective condemnation of intolerance he shows created a legacy of foreign policy interventions promoting religious freedom and human rights that was not reflected within America s own borders This timely captivating book forces America to confront its claims of exceptionalism based on religious liberty and perhaps begin to break the grotesque cycle of projection and oppression

Truth in History Oscar Handlin, 2018-04-24 Like scholars in other fields historians have long occupied themselves in self justification In a society which calibrates all measures by a single standard the proof of scientific worth became relevance which in turn was interpreted as a search not for truth but for political correctness In a blistering professional critique of this tendency in academic scholarship perhaps the first of its kind Oscar Handlin offers an analysis that if anything has grown more pertinent over the past decade In seventeen chapters written with the brilliant assurance of a master craftsman Handlin shows why the turn to partisanship and meaning has undermined the calling of historical research As his new introduction makes clear partisanship has taken the best and brightest from the field into different callings Both widely heralded upon its initial appearance as well as attacked with vigor Truth in History emanates from a half century s experience of reading writing teaching researching and publishing in history and related disciplines The passage of time has only confirmed the concerns of Handlin and the accuracy of his predictions for the field This book will be valuable for sociologists economists political scientists and historians It is a must read for those who contemplate a life of scholarship in liberal arts

Charging Up San Juan Hill John R. Van Atta, 2021-04-27 Sheds new light on the history of Theodore Roosevelt and the legendary exploits of his illustrious cowboy regiment the Rough Riders Bonnie M Miller author of From Liberation to Conquest At the turn of the twentieth century Theodore Roosevelt personified American confidence A New York City native and recovered asthmatic who spent his twenties in the wilds of the Dakota Territory Roosevelt leapt into Spanish American War with gusto He organized a band of cavalry volunteers he called the Rough Riders and on July 1 1898 took part in their charge up a Cuban hill the newspapers called San Juan launching him to national prominence Without San Juan Van Atta argues Roosevelt whom the papers credited for the victory and lauded as a paragon of manhood would never have reached a position to become president In Charging Up San Juan Hill John R Van Atta recounts that pivotal assault by Roosevelt and the Rough Riders Describing the battle s background and its ramifications for

Roosevelt both personal and political Van Atta explains how Roosevelt's wartime experience prompted him to champion American involvement in world affairs Tracking Roosevelt's rise to the presidency this book argues that the global expansion of American influence indeed the building of an empire outward from a strengthened core of shared values at home connected to the broader question of cultural sustainability as much as it did to the increasing of trade political power and military might Van Atta adeptly links Roosevelt's deep immersion in Western American culture to his investment in American imperialism in a readable cultural and military history a worthy addition to the shelves of Western historians Western Historical Quarterly

From Wealth to Power Fareed Zakaria, 2024-11-01 Beautifully conceived dazzlingly executed The book casts a bright light on the past and the future and the future of international politics Kenneth N Waltz Institute of War and Peace Studies Columbia University In From Wealth to Power New York Times bestselling author Fareed Zakaria examines the most puzzling case of a rising power in modern history that of the United States If rich nations routinely become great powers Zakaria asks then how do we explain the strange inactivity of the United States in the late nineteenth century By 1885 the U S was the richest country in the world And yet by all military political and diplomatic measures it was a minor power To explain this discrepancy Zakaria considers a wide variety of cases between 1865 and 1908 when the U S considered expanding its influence in such diverse places as Canada the Dominican Republic and Iceland Consistent with the realist theory of international relations he argues that the President and his administration tried to increase the country's political influence abroad when they saw an increase in the nation's relative economic power But they frequently had to curtail their plans for expansion he shows because they lacked a strong central government that could harness that economic power for the purposes of foreign policy America was an unusual power a strong nation with a weak state It was not until late in the century when power shifted from states to the federal government and from the legislative to the executive branch that leaders in Washington could mobilize the nation's resources for international influence Zakaria's exploration of this tension between national power and state structure will change how we view the emergence of new powers and deepen our understanding of America's exceptional history

New Empire An Interpretation Of American Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free New Empire An Interpretation Of American PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free New Empire An Interpretation Of American PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free

downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of New Empire An Interpretation Of American free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About New Empire An Interpretation Of American Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. New Empire An Interpretation Of American is one of the best book in our library for free trial. We provide copy of New Empire An Interpretation Of American in digital format, so the resources that you find are reliable. There are also many Ebooks of related with New Empire An Interpretation Of American. Where to download New Empire An Interpretation Of American online for free? Are you looking for New Empire An Interpretation Of American PDF? This is definitely going to save you time and cash in something you should think about.
