Library, 1893 **The Gospel of Luke** I. Howard Marshall, 1978-11-14 Marshall's study of the Gospel of Luke is part of The New International Greek Testament Commentary a series based on the UBS Greek New Testament Each volume provides thorough exegesis on the text that is sensitive to theological themes as well as to the details of the historical linguistic and textual context **Perspectives on the New Testament** Charles H. Talbert, 1985 **Catalogue** Howard University, 1903 **Catalogue of Printed Books** British Museum, 1899 **Goulder and the Gospels** Mark S. Goodacre, Mark Goodacre, 1996-12-01 Goulder and the Gospels is the first comprehensive response to the radical challenge Michael Goulder has posed for New Testament scholarship Goulder dispenses with all hypothetical sources Q M and L and postulates highly creative evangelists who write in the light of the liturgy In this penetrating critique Goodacre provides a critical overview of Goulder's work focusing on several key areas the vocabulary of Q the language of the Minor Agreements the creativity of Luke and the lectionary theory He does not simply assess the plausibility of Goulder's ideas but also develops new ways to test them The theories are sometimes found to be wanting but at the same time Goulder is reaffirmed as one of the most important and stimulating Biblical scholars of this generation Church-going, Going, Gone! Michael Horan, 2015-05-11 In Church going Going Gone Michael Horan argues that although the Christian church in Britain may be in terminal decline that is not to be equated with a national decline in spiritual values Most if not all people have some level of awareness of what he calls the Other than oneself even though they have rejected or never accepted the church's now outdated teaching Church going Going Gone is concerned less with teaching than with learning The book provides atheists agnostics and believers in exile as well as those who have given little thought to belief with a framework for collaborating as learners working toward equality peace and reconciliation and dedicated to unselfish and imaginative social action A new movement of the human spirit is beginning **Godless** Dan Barker, 2008-09-01 One man shares the story of his

transformation from evangelical Christian to atheist and examines the train of thought that brought him there After almost twenty years of evangelical preaching missionizing and Christian songwriting Dan Barker threw out the bathwater and discovered that there is no baby In *Godless* Barker describes the intellectual and psychological path he followed in moving from fundamentalism to freethought *Godless* includes sections on biblical morality the historicity of Jesus biblical contradictions the unbelievable resurrection and much more It is an arsenal for skeptics and a direct challenge to believers Along the way Barker relates the positive benefit readers will experience from learning to trust in reason and human kindness instead of living in fear of false judgment and moral condemnation Advance Praise for *Godless* Valuable in the human story are the reflections of intelligent and ethical people who listen to the voice of reason and who allow it to vanquish bigotry and superstition This book is a classic example Christopher Hitchens author of *God is Not Great* The most eloquent witness of internal delusion that I know a triumphantly smiling refugee from the zany surreal world of American fundamentalist Protestantism is Dan Barker Richard Dawkins author of *The God Delusion* *Godless* was a revelation to me I don't think anyone can match the devastating clarity intensity and honesty which Dan Barker brings to the journey faith to reason childhood to growing up fantasy to reality intoxication to sobriety Oliver Sacks author of *Musicophilia* In *Godless* Barker recounts his journey from evangelical preacher to atheist activist and along the way explains precisely why it is not only okay to be an atheist it is something in which to be proud Michael Shermer publisher of *Skeptic Magazine* *Godless* is a fascinating memoir and a handbook for debunking theism But most of all it is a moving testimonial to one man's emotional and intellectual rigor in acclaiming critical thinking Robert Sapolsky author of *Why Zebras Don't Get Ulcers* *British Museum* British Museum (London), 1883 **There are Demons in the Sea** Carl Hoefler, 1978-06 Christ came to set God's people free from disobedience disease and death and each of the miracle events was not a faith healing but rather a battle won in which Jesus provided a cure from something for something That's the compelling theme of this fascinating study of ten miracle stories from the gospel of Mark featured in Cycle B of the Revised Common Lectionary Whether you're a busy pastor church school teacher discussion leader or just an interested Bible student *There Are Demons In The Sea* offers valuable and superbly organized background information Hoefler's scholarship perceptive insight and potent illustrative material make this volume an invaluable aid to preaching preparation or scriptural study Chapter titles include *The Gordian Knot* Mark 1:21-28 *The Miracle Of Forgiveness* Mark 2:1-12 *There Are Demons In The Sea* Mark 4:35-41 *The Good Grocer* Mark 6:30-44 *An Exile Of Silence Set Free* Mark 7:31-37 and more Richard Carl Hoefler is a former Dean of the Chapel and Professor of Preaching and Worship at Lutheran Theological Southern Seminary in Columbia South Carolina The author of ten books Hoefler is a graduate of Wittenberg University Princeton Theological Seminary and Oxford University *The Epistle to the Galatians* F. F. Bruce, 2013-11-14 Paul's letter to the churches of Galatia was for many years a document of special interest and study for renowned New Testament scholar F. F. Bruce This excellent volume in the New International

Greek Testament Commentary series contains Bruce's mature work on that important early epistle. Through phrase by phrase exegesis of the Greek text, consistent awareness of the historical and geographical context, and balanced dialogue with scores of other scholars, Bruce successfully bridges the hermeneutical gap and makes the text of Galatians come alive for both scholars and students. Based on careful historical-critical linguistic exegesis yet primarily theological in character, this commentary places special emphasis throughout on Paul's insistence on justification before God by faith apart from works of the law, and on Paul's presentation of the Spirit as the principle of the new life in Christ.
