Hiemstra, 2017-12-16 Spirituality is lived belief When we pray worship or reach out to our neighbors we live out our beliefs Our beliefs structure our spirituality like skin stretched over the bones of our

bodies These beliefs start with faith in God the Father through Jesus Christ as revealed through the Holy Spirit in scripture in the church and in daily life Our Trinitarian theology orders our beliefs Without a coherent theology we lose our identity in space and time having no map or compass to guide us on our way In the end we focus on ourselves not God Christian spirituality starts with God not with us A Christian Guide to Spirituality takes the form of 50 daily devotions Each topic is treated with a scriptural reference reflection prayer and questions for discussion Occasionally references are provided for further study The first four chapters Introduction Apostle s Creed Lord s Prayer and Ten Commandments cover 40 days making them suitable as a Lenten study Ten additional days focus on the spiritual disciplines and a short conclusion Reading A Christian Guide to Spirituality will help readers understand Christian spirituality better and nurture their faith There is no such thing as quality time with the Lord there is only time The living God speaks to us in many ways but especially through scripture These three sources cited Apostle s Creed Lord s Prayer and Ten Commandments are commonly called the rule of faith regula fidei and were utilized for nearly two millennia as a means to apprentice the faith These sources are the heart of the confessions of most Christian faith communities and denominations Hear the words walk the steps experience the joy Author Stephen W Hiemstra MDiv PhD is a slave of Christ husband father tentmaker economist and writer He lives with Maryam his wife of 30 years in Centreville VA and they have three grown children The foreword is written by Neal D Presa This book might be classified appropriately in spirituality Christian living devotion faith religion and theology [Life in Tension](#) Stephen W. Living Deep in a Shallow World Sanford Zensen, 2020-12-16 Living Deep in a Shallow World was written for the Christ follower who wants more out of life than the typical daily Christian experience especially living in a culture that majors on pointless pursuits questionable moral issues destructive behavioral patterns and values of lesser importance those that promise much but deliver so little The book challenges the reader to live as God intended approaching all of life with an eternal perspective pursuing excellence everywhere serving the kingdom of God in the place of God's choosing loving God and people more deeply relying more fully on God in times of trial and trouble taking seriously the coming judgment of God and finally sharing the gospel message of God's love and mercy in both word and deed Living Deep in A Shallow World is the way life was meant to be the self life crucified dead and gone and the Christ life alive and functioning well The need for deep people who model Christlikeness and live like Jesus think like Jesus and love like Jesus is critical and necessary for the effectiveness and testimony of the church and the individual believer wanting to live better and deeper in a messed up world

The Mystery of the Seven Rebecca Williams Love, 2025-02-03 What if for the person who is willing to take the time to dig just a little bit deeper than they have ever gone before there were treasures beyond imagination just waiting to be found in God's Word That person could be you You could ask God to open your eyes to behold wondrous things out of His word And He would You would suddenly view Bible study as an adventure and what you find would thrill your soul I know this because this happened to me and this book is the story of that treasure hunt I was determined to study my Bible as though I were searching for hidden treasure When one sets out to dig for gold it is first necessary to survey the ground closely Gold is generally located deep underground near bedrock on the surface however there are clues The presence of certain minerals and rock formations can often indicate where gold may be found Repeated numbers and phrases can be such indicators in the Bible The number seven has been called the number of perfection or completion and we see it figuring prominently all throughout the Word of God Wherever we see the number seven in scripture that is a good indication that there is something more to be found That is where we dig for treasure

The Oxford History of Protestant Dissenting Traditions, Volume I John Coffey, 2020-05-29 The Oxford History of Protestant Dissenting Traditions Volume I traces the emergence of Anglophone Protestant Dissent in the post Reformation era between the Act of Uniformity 1559 and the Act of Toleration 1689 It reassesses the relationship between establishment and Dissent emphasising that Presbyterians and Congregationalists were serious contenders in the struggle for religious hegemony Under Elizabeth I and the early Stuarts separatists were few in number and Dissent was largely contained within the Church of England as nonconformists sought to reform the national Church from within During the English Revolution 1640-60 Puritan reformers seized control of the state but splintered into rival factions with competing programmes of ecclesiastical reform Only after the Restoration following the ejection of two thousand Puritan clergy from the Church did most Puritans become Dissenters often with great reluctance Dissent was not the inevitable terminus of Puritanism but the contingent and unintended consequence of the Puritan drive for further reformation The story of Dissent is thus bound up with the contest for the established Church not simply a heroic tale of persecuted minorities contending for religious toleration Nevertheless in the half century after 1640 religious pluralism became a fact of English life as denominations formed and toleration was widely advocated The volume explores how Presbyterians Congregationalists Baptists and Quakers began to forge distinct identities as the four major denominational traditions of English Dissent It tracks the proliferation of Anglophone Protestant Dissent beyond England in Wales Scotland Ireland the Dutch Republic New England Pennsylvania and the Caribbean And it presents the latest research on the culture of Dissenting congregations including their relations with the parish their worship preaching gender relations and lay experience

Modern Chinese Theologies Chloë Starr, 2023-10-31 The majority of Christians in China over the course of the last century have worshipped not in missionary-founded churches or in congregations affiliated with the contemporary Three Self Patriotic Movement or Chinese Catholic Patriotic Association but in independent and unregistered churches often labeled house churches. From the Pentecostal and Charismatic movements within the mission church landscape of the early twentieth century to the Calvinist Reformed movement in the present-day Protestant church, the vibrant faith life and extraordinary church growth of this sector of Chinese Christianity offer a fascinating witness and lesson to the world church. Yet despite the size of their congregations and the spread of their teachings, the theologies of these independent and unregistered churches have drawn much less academic attention than those of mission church or state church theologians. This volume presents a selection of new studies on house church theologians and their theologies. These begin in the early twentieth century with studies of the Spiritual Gifts movement in Shandong and the nature of Pentecostalism in Hong Kong and arrive in the present with essays on the changing role of women's leadership in the church given the spread of Reformed thought and the theological implications of Westminsterian Neo-Calvinism in China. The second section of the volume is devoted to the theological writings and lives of the two most prominent independent church figures of the twentieth century: Wang Mingdao and Ni Tuosheng. Watchman Nee. These chapters include studies of spiritual theology of Ni's doctrine of humanity, his views on salvation, and his prison letters, and of Wang Mingdao's life and moral thought, his Confucian beliefs, and his understanding of the relationship of Christians to the state. The third section of the volume foregrounds church voices like the fundamentalist Samuel Lamb and the mediating figure Yang Shaotang and considers local developments in Roman Catholicism in light of Vatican reforms.
