Republican Party Animal David Cole,2014-05-19 David Stein brought right wing congressmen celebrities writers and entertainment industry figures together for shindigs closed to outsiders There was just one problem Stein was not who he claimed The Guardian In 2013 Republican hero David Stein made international headlines when he was unmasked as David Cole the notorious Jewish Holocaust denier who made an entirely different set of headlines in the 1990s with his videos from within the gates of Auschwitz and his appearances on shows like 60 Minutes and Donahue After a 25 000 bounty was put on his head by a violent extremist group Cole left behind the bizarre world of Holocaust denial a landscape populated by Hitler fetishists who Cole himself detested Then David Stein the Republican organizer was born Stein soon became a major force in the closed door world of Hollywood right wingers people who felt as alienated from the mainstream of their profession as Cole had felt as the lone Jewish Holocaust revisionist Soon enough Stein was working with major GOP power players and far right Hollywood A listers creating huge private events for the West Coast GOP elite until it all came crashing down when a vengeful former girlfriend outed him publicly Condemned by those who had previously lauded him Cole was left with nothing but his story And here he tells it warts and all including the first ever expos of the secretive Hollywood far right underground Friends of Abe

Rethinking the BSE Crisis Louise Cummings,2010-08-09 In 1986 the emergence of a novel brain disease in British cattle presented a unique challenge to scientists How that challenge was addressed has been the subject of a public inquiry and numerous academic studies conducted to date However none of these investigations has sought to examine the reasoning of scientists during this critical period in the public health of the UK Using concepts and techniques in informal logic argumentation and fallacy theory this study reconstructs and evaluates the reasoning of scientists in the ten year period between 1986 and 1996 Specifically a form of presumptive reasoning is described in which extensive use is made of arguments traditionally identified as informal fallacies In the context of the adverse epistemic conditions that confronted scientists during the BSE epidemic

these arguments were anything but fallacious serving instead to confer a number of epistemic gains upon scientific inquiry This book argues for a closer integration of philosophy with public health science an integration that is exemplified by the case of scientific reasoning during the BSE affair It will therefore be of interest to advanced students academics researchers and professionals in the areas of public health science and epidemiology as well as philosophical disciplines such as informal logic argumentation and fallacy theory and epistemology *Forthcoming Books* Rose Army,2002 *Global Challenges, Local Impacts: Rethinking Governance, Sustainability, and Consumption in Light of Climate Change* ,2024-01-31 **Best Life** ,2008-04 Best Life magazine empowers men to continually improve their physical emotional and financial well being to better enjoy the most rewarding years of their life **Warriors In Politics** Sikata Banerjee,2021-11-28 In theorizing about the link between violence and the politics of nationalism most scholars have rejected the idea that primordial hatred between different ethnic and or religious groups residing in close proximity will inevitably lead to conflict and the call for an ethnically religiously pure nation state Rather conflict tends to occur when humans manipulate social political economic and ideological factors to construct nationalist identities and movements The manipulation perspective is the underlying theoretical framework of Warriors in Politics which uses the Mumbai riots of December 1992 and January 1993 to analyze the brand of nationalism created and disseminated by the Indian political party Shiv Sena While the theoretical and empirical research of others is an important part of this study interviews conducted by the author when she lived in Mumbai during this tumultuous period as well as her own theorizing on the links among masculinity militarism and nationalism provide an analysis of the factors economic political and ideological that converge to transform the simmering discontent of the politics of nationalism into violent conflict *The Rotarian: January 2015* , **Readings in African Politics** Tom Young,2003
