Miljacki, 2017-02-03 The Optimum Imperative examines architecture's multiple entanglements within the problematics of Socialist lifestyle in postwar Czechoslovakia. Situated in the period loosely bracketed by the signing of the Munich accords in 1938 which affected Czechoslovakia's entrance into World War II and the Warsaw Pact troops' occupation of Prague in 1968, the book investigates three decades of Czech architecture, highlighting a diverse cast of protagonists. Key among them are the theorist and architect Karel Honzík and a small group of his colleagues in the Club for the Study of Consumption, the award-winning Czechoslovak Pavilion at the 1958 World Expo in Brussels, and SIAL, a group of architects from Liberec that emerged from the national network of Stavoprojekt offices during the reform years only to be subsumed back into it in the wake of Czechoslovak normalization. This episodic approach enables a long view of the way that the project of constructing Socialism was made disciplinarily specific for architecture through the constant interpretation of Socialist lifestyle both as a narrative framework and as a historical goal. Without sanitizing history of its absurd contortions in discourse and in daily life, the book takes as its subject the complex and dynamic relationships between Cold War politics, state power, disciplinary legitimating narratives, and Czech architects' optimism for Socialism. It proposes that these key dimensions of practicing architecture and building Socialism were intertwined and even commensurate at times through the framework of Socialist lifestyle. *Renewing the Mind* Casey Treat, 2000-06-01 Many Christians today struggle through life with sin, failures, and depression and wonder why it's all happening to them. Paul teaches that the spiritual mind is life and peace. The fact is that until our minds are renewed by the Word of God, we will still be conformed to this world. If you try to change your attitudes or

Orhan Pamuk, *Secularism and Blasphemy* Erdağ M. Göknar, 2013 Orhan Pamuk's *Secularism and Blasphemy* is the first critical study of all of Pamuk's novels, including the early untranslated work. In 2005, Orhan Pamuk was charged with insulting Turkishness under Article 301 of the Turkish penal code. Eighteen months later, he was awarded the Nobel Prize. After decades of criticism for wielding a depoliticized pen, Pamuk was cast as a dissident through his trial, an event that underscored his transformation from national literateur to global author. By contextualizing Pamuk's fiction into the Turkish tradition and by defining the literary and political intersections of his work, Orhan Pamuk's *Secularism and Blasphemy* rereads Pamuk's dissidence as a factor of the form of his novels. This is not a traditional study of literature but a book that turns to literature to ask larger questions about recent transformations in Turkish history, identity, modernity, and collective memory. As a corrective to common misreadings of Pamuk's work in its international reception, Orhan Pamuk's *Secularism and Blasphemy* applies various analytical lenses to the politics of the Turkish novel, including gender studies, cultural translation, historiography, and Islam. The book argues that modern literature that confronts representations of the nation-state or *devlet* with those of Ottoman, Islamic, and Sufi contexts or *din* constitute secular blasphemies that redefine the politics of the Turkish

novel Concluding with a meditation on conditions of untranslatability in Turkish literature this study provides a comprehensive and critical analysis of Pamuk s novels to date *Exploring the Dynamics of Consumerism in Developing Nations* Gbadamosi, Ayantunji,2019-01-11 As developing nations increase their consumption rate their relevance in the global marketplace grows Existing assumptions and postulations about consumer consumption in various societies are being displaced largely due to the dynamic nature of the market However research has not been adequately devoted to explore the developments in consumer behavior in developing nations which has resulted in numerous unanswered questions Exploring the Dynamics of Consumerism in Developing Nations provides vital research on consumer behavior in developing countries and changes in the socio cultural dimensions of marketing While highlighting topics such as celebrity influence marketing malpractices and the adoption of e government this publication is ideally designed for researchers advanced level students policymakers and managers **A Student in the School of Christ** Wasihun Senbeta Gutema,2021-11-11 I am extremely happy to see the completion of this book A Student in the School of Christ by Wasihun Senbeta Gutema a former student of mine and a colleague in the harvest field of Christ Wasihun has presented a unique simple understandable piece on being a true student of Christ The book challenges each of us preachers teachers and the followers of Christ in our state of where we are in our studentship discipleship process and if we are of course true students that do not quit The simplicity of the book makes it readable by anyone who aspires to be the true student of Christ It is at most worth reading Bulti Fayissa pastor and professor of New Testament To embark on writing a book is a courageous beginning and to finish it is a great accomplishment especially in a context where writing and reading are rarely part of the culture By publishing this book Wasihun Senbeta Gutema has set a good example for many teachers and preachers as well as other potential writers if we are to effectively share our knowledge with the present generation and preserve a repertoire of lessons for the future generations I applaud Wasihun for providing A Student in the School of Christ a revised and coherent compilation of his teachings in the form of a book The book is a reflection of an experienced yet aspiring gospel teacher who has not ceased being a disciple A Student in the School of Christ As it describes what it means to be a student of Christ it discerns wrong assumptions about the same The book is written in a simple to follow and understandable style It is worth reading Gutu Olana Wayessa PhD
