Bartel, 1979 **Church Growth and the Whole Gospel** C. Peter Wagner, 1998-12-15 Has the church growth movement failed to stress the social dimensions of the Christian faith Dr Peter Wagner a leading exponent of church growth argues that Christians can evangelize and churches can grow strongly while at the same time participating in the global struggle on behalf of the poor and oppressed for justice and peace for brotherhood and liberation and for the alleviation of human suffering A New Look at Hospitality as a Key to Missions Christopher J Freet, 2014-11-06 Many Christians have grown up with a very limited concept of missions and missionaries In this view a missionary is a person who goes and preaches to lots of people often in primitive lands and explains the theology of the gospel The natives are convinced and become Christians Thus the gospel commission is fulfilled Actual missions have not been carried out in this way very much Missionaries are generally very aware of the personal aspect of their activities and the importance of hospitality But western churches have become much less attuned to hospitality The days are past when visitors could assume they'd be invited home for lunch or become personally connected to people in a church they visit But hospitality is a key concept and a key practice in the Bible both in Old and New Testament times This involved both God's relationship with his people in which some entertained angels in their relationships with one another and in the way they reached the world with the good news God had given to them Chris Freet examines the biblical idea of hospitality the role it played in biblical times and the example that provides for us He concludes that the western church needs to be re-awakened to the mutual and reciprocal biblical definition of hospitality that it must undergo some contextualization in order for the biblical role of hospitality and the person of peace to work in it and 3 it must transition from short term encounters of hospitality in the West to long term relationships as the family of God This is a serious theological examination but it is also both a challenge and a practical guide to help us get started in giving hospitality the role in our churches that the biblical story envisions **The Real Welcoming Church** Stewart Brown, 2018-03-15 Imagine your life transforming from Selfishness to others focused service Getting to giving Inertia to energy Complaining to overflowing gratitude Plodding to laser focused purpose This is what you will experience as a member of a real welcoming church as revealed in this book Based on imitating God Ephesians 5:1 and thinking like Jesus Philippians 2:5 this book leads each reader into an honest self-examination and church evaluation based completely on God's Word and into four key life stages Stage 1 Struggling church Start where you are and discover what keeps you and your church from joyful growth and continually bearing much fruit for Jesus Stage 2 Godly church Discover how God wants you and your church to think act and welcome others as you interact with Old and New Testament principles

Stage 3 Inviting church Explore the signs evidences processes and results of the real welcoming church through which Jesus expresses His loving empowering heart Stage 4 Inspiring church Learn 9 steps to practise on a daily basis so God can inspire others through you and your church as you pray support worship and work together

*G-D's Final Connection* Dirk J van Dalen,2003-09

The Ideal of the Self-Governing Church C. Peter

Williams,2016-05-18 It is part of current missiological orthodoxy that newly created churches should obtain independence from cross cultural missionaries as soon as possible It is not often realised that much Victorian missionary thinking shared that objective This important new work examines the ideal of the self governing church in the Victorian period through a study of the official mind of the Church Missionary Society The study begins with an examination of Henry Venn s the famous CMS Secretary commitment to self supporting self propagating and self governing churches Was he a lonely figure battling against the accepted wisdom of the mid Victorian period The author argues that he was not and was if anything a slightly conservative spokesman for much current wisdom Far from his views being abandoned at his death they were the accepted orthodoxy within CMS until the end of the century Although they came under increasing attack in the nineties it was not until the beginning of the twentieth century particularly under the influence of Eugene Stock that they were finally abandoned The importance of this study lies not only in its ability to explain Victorian missionary development but also because it takes on board the age old issue of how quickly should a church become self governing
