**Timothy J. Demy, Gina Granados
Palmer Ph.D.**

New Conscientious Objection From Sacred To Secular Resistance:

The New Conscientious Objection Charles C. Moskos, John Whiteclay Chambers, 1993 Although conscientious objection is a long standing phenomenon it has only recently become a major factor affecting armed forces and society The only comprehensive comparative scholarly study of conscientious objection to military service this book examines the history of the practice in the Western world and state policies that have grown up in response to it It shows how the contemporary refusal to bear arms is likely to be secular and widespread rather than religious and marginal now including service people as seen in the 1991 War in the Persian Gulf as well as conscription resisters No account of civil military relations or peace movements in advanced industrial countries is complete without reference to conscientious objection and this book will be the standard text on the subject

The New Conscientious Objection Charles C. Moskos, John Whiteclay Chambers II, 1993-04-08 Although conscientious objection is a long standing phenomenon it has only recently become a major factor affecting armed forces and society The only comprehensive comparative scholarly study of conscientious objection to military service this book examines the history of the practice in the Western world and state policies that have grown up in response to it It shows how the contemporary refusal to bear arms is likely to be secular and widespread rather than religious and marginal now including service people as seen in the 1991 War in the Persian Gulf as well as conscription resisters No account of civil military relations or peace movements in advanced industrial countries is complete without reference to conscientious objection and this book will be the standard text on the subject

International Human Right to Conscientious Objection to Military Service and Individual Duties to Disobey Manifestly Illegal Orders Hitomi Takemura, 2008-12-14

International human rights law grants individuals both rights and responsibilities In this respect international criminal and international humanitarian law are no different As members of the public international law family they are charged with the regulation maintenance and protection of human dignity The right and duty to disobey manifestly illegal orders traverses these three schools of public international law This book is the first systematic study of the right to conscientious objection under international human rights law Understanding that rights and duties are not mutually exclusive but complementary this study analyses the right to conscientious objection and the duties of individuals under international law from various perspectives of public international law

Conscientious Objection to Military Service in International Human Rights Law

Ö. Ç?nar, 2013-12-17 This book examines the right to conscientious objection in international human rights law It begins with an exploration of the concept of conscience and its evolution Ozgur Heval o inar analyzes human rights law at both the international and regional level considering UN European and inter American mechanisms

Ethics of Conviction and Civic Responsibility Yuichi Moroi, 2008 Despite a long history and tradition in the United States conscientious objectors to war have always been in the minority Only a handful of objectors dissented against World War I and II and their voices were never influential in respect to the state s war policy or public opinion This book examines the challenges posed by

conscientious objectors during World Wars by focusing on two main themes ethic of conviction and ethic of civic responsibility In this groundbreaking study author Yuichi Moroi asks How did conscientious objectors express their conviction in the case of the state s imperative for war On what basis could conscientious objectors define their civic responsibility and act upon it Ethics of Conviction and Civic Responsibility asserts that despite the tension between the individual and society as experienced by conscientious objectors there is a connection between them that holds a unique combination of conviction and civic responsibility

A World Without War Frances Early,1997-12-01 Traces the connection between feminist antiwar activism and the emergence of the modern civil liberties movement in WWI America Documents the formation and history of the New York Bureau of Legal Advice a mixed gender organization associated with the feminist oriented left wing pacifist movement of the war years through the lives and deeds of its founders Frances Witherspoon and Tracy Mygatt Annotation copyrighted by Book News Inc Portland OR

Post-conflict Reconstruction and Development in Africa Theo Neethling,Heidi Hudson,2013-10-01 Some of the bloodiest conflicts occur on the African continent An Afrocentric perspective is therefore a suitable starting point for research into the possible strategies for post conflict peacebuilding The authors of this book consider the problems around the concept of post conflict and the blurring of military and civilian roles analysing the UN roles in the DRC and Sierra Leone as well as the African Union Mission in Burundi The main context of the book however is the South African Army s strategy for PCRD in Africa which was developed with the African Union s 2006 Post Conflict Reconstruction and Development Needs Assessment Guide in mind This book emanates from this plan It therefore also explores South Africa s policy imperatives to integrate development projects and peace missions involving the military as well as civilian organisations While this book is not intended as an instruction manual it hopes to ignite an understanding of the particular processes required to develop a sustainable and cohesive post conflict peacebuilding strategy within the African environment

Conscience at War Ruth Linn,1996-01-01 An exploration of the moral and intellectual conflict of Israeli citizens who have resisted military service and of how they justify their choices of action

Uncle Sam Wants You Christopher Capozzola,2010-04-12 Based on a rich array of sources that capture the voices of both political leaders and ordinary Americans Uncle Sam Wants You offers a vivid and provocative new interpretation of American political history revealing how the tensions of mass mobilization during World War I led to a significant increase in power for the federal government Christopher Capozzola shows how when the war began Americans at first mobilized society by stressing duty obligation and responsibility over rights and freedoms But the heated temper of war quickly unleashed coercion on an unprecedented scale making wartime America the scene of some of the nation s most serious political violence including notorious episodes of outright mob violence To solve this problem Americans turned over increasing amounts of power to the federal government In the end whether they were some of the four million men drafted under the Selective Service Act or the tens of millions of home front volunteers Americans of the World War I era created a

new American state and new ways of being American citizens **Türkiye'de ve Dünyada Vicdani Ret** Barış Esmer,2012
Son yıllarda vicdani ret zerine yapılan alımların sayısında gözle görülür bir artış var Bu gelişmenin hem politik hem de sosyolojik ve dinsel nedenlerini görmek zor değil Ancak tüm bu haklı gerekelerin ve motivasyonların zerini örtmesini istemediğimiz önemli bir gerekçe var o da yapılan bu alımların bu gerekçelere sınıp kapsamından ve detaylıından dönmemesi gerektiği Bar
Esmer in alması bu hataya dömyor Meselenin politik inceliğini ve tarihsel karmaşasından zengin bir şekilde okuyabiliriz Bunu yaparken de bir sosyal bilimciden beklenecek titizliği azami derecede gösteriyor *Encyclopedia of War and American Society* Peter Karsten,2006 Publisher description **Political Obligations** George Klosko,2005-03-10 Providing a full defence of the theory of political obligation George Klosko presents arguments based on a number of key principles as well as commenting on popular attitudes and how the state views them **Through with Kings and Armies** Rhonda Mawhood Lee,2012-11-02 In an era of seemingly endless war and similarly endless debates about the nature of marriage *Through with Kings and Armies* offers a fresh look at what both war and marriage might mean for Christians This is a love story the tale of a sixty three year marriage grounded in the love of Jesus Christ and shaped by the conviction that his disciples must witness publicly to their faith in him As a Presbyterian ministerial student in 1941 George Edwards renounced a draft deferment to register as a conscientious objector serving at home and abroad for five years Jean his childhood friend turned against war when the Battle of the Bulge left her a widow at twenty three After George and Jean fell in love overnight at the end of the war their pacifist beliefs became the foundation for their life together A pastor and biblical scholar yoked to a Christian educator their gifts complemented each other as they organized communities of witnesses against war and racial violence while raising three children and remaining active in the church that rarely supported their witness *Challenge to Mars* Peter Brock,Thomas Paul Socknat,1999-01-01 The fourteen essays in Part I look at the interwar years which gave rise to an array of pacifist organizations both religious and humanist throughout Europe and North America Twelve essays in Part II deal with the brutal challenge to pacifist ideals posed by the Second World War and include a look at the fate of those courageous Germans who refused to fight for Hitler **Religion, Law, USA** Isaac Weiner,Joshua Dubler,2019-07-02 Offers insight into the complex relationship between religion and law in contemporary America Why religion Why law Why now In recent years the United States has witnessed a number of high profile court cases involving religion forcing Americans to grapple with questions regarding the relationship between religion and law This volume maps the contemporary interplay of religion and law within the study of American religions What rights are protected by the Constitution's free exercise clause What are the boundaries of religion and what is the constitutional basis for protecting some religious beliefs but not others What characterizes a religious studies approach to religion and law today What is gained by approaching law from the vantage point of religious studies and what does attention to the law offer back to scholars of religion Religion Law USA considers all these questions and more Each chapter considers a specific keyword in the study of religion and law such as

conscience establishment secularity and personhood Contributors consider specific case studies related to each term and then expand their analyses to discuss broader implications for the practice and study of American religion Incorporating pieces from leading voices in the field this book is an indispensable addition to the scholarship on religion and law in America

Religion and War Timothy J. Demy, Gina Granados Palmer Ph.D., 2022-10-18 Looking at topics across the spectrum of America's wars religious groups personalities and ideas this volume shows that even in an increasingly secular society religious roots and values run deep throughout American society and are elevated in times of war There is a long and deep relationship between religion politics and war in U S history While there is a constitutional and legal separation of religion and the state in American society religion has been and remains a potent force in American culture and politics affecting many aspects of life including perspectives on war and peace and the experience of war in U S history From the American Revolution to the wars of the 21st century religious values have informed and influenced American attitudes toward war and peace and have provided rationale for support and non support of American participation in conflicts An overview essay surveys the background and significance of religion in American culture and provides historical context for discussions of contemporary topics A timeline highlights key events related to wars and conflicts The volume then includes more than 50 topical essays that discuss specific wars as well as religious themes within culture and politics ultimately providing a detailed overview of the intersection of religion war and politics in contemporary America

Battles of Conscience Tobias Kelly, 2022-05-05 A ground breaking new study brings us a very different picture of the Second World War asking fundamental questions about ethical commitments Accounts of the Second World War usually involve tales of bravery in battle or stoicism on the home front as the British public stood together against Fascism However the war looks very different when seen through the eyes of the 60 000 conscientious objectors who refused to take up arms and whose stories unlike those of the First World War have been almost entirely forgotten Tobias Kelly invites us to spend the war five of these individuals Roy Ridgway a factory clerk from Liverpool Tom Burns a teacher from east London Stella St John who trained as a vet and ended up in jail Ronald Duncan who set up a collective farm and Fred Urquhart a working class Scottish socialist and writer We meet many more objectors along the way people both determined and torn and travel from Finland to Syria India to rural England Edinburgh to Trinidad Although conscientious objectors were often criticised and scorned figures such as Winston Churchill and the Archbishop of Canterbury supported their right to object at least in principle suggesting that liberty of conscience was one of the freedoms the nation was fighting for And their rich cultural and moral legacy of humanitarianism and human rights from Amnesty International and Oxfam to the US civil rights movement can still be felt all around us The personal and political struggles carefully and vividly collected in this book tell us a great deal about personal and collective freedom conviction and faith war and peace and pose questions just as relevant today Does conscience make us free Where does it take us And what are the costs of going there An excellent book DAILY TELEGRAPH A moving tribute

SPECTATOR *The Cambridge History of the Second World War: Volume 3, Total War: Economy, Society and Culture*
 Michael Geyer, Adam Tooze, 2015-04-23 The conflict that ended in 1945 is often described as a total war unprecedented in both scale and character Volume 3 of The Cambridge History of the Second World War adopts a transnational approach to offer a comprehensive and global analysis of the war as an economic social and cultural event Across twenty eight chapters and four key parts the volume addresses complex themes such as the political economy of industrial war the social practices of war the moral economy of war and peace and the repercussions of catastrophic destruction A team of nearly thirty leading historians together show how entire nations mobilized their economies and populations in the face of unimaginable violence and how they dealt with the subsequent losses that followed The volume concludes by considering the lasting impact of the conflict and the memory of war across different cultures of commemoration Zichroni V. State of Israel Michael Keren, 2002-01-01 Zichroni v State of Israel tells the story of Amnon Zichroni the Israeli civil rights lawyer whose legal and political battles from the early 1950s to the present day reveal a hitherto unknown chapter in the history of Israel the struggle for human and civil rights in the country and in the occupied territories Michael Keren s compelling narrative explores the seminal court cases in which Zichroni challenged the definition of citizenship by nationalist criteria opposed the construction of West Bank settlements and defended freedom of the press association and religion The work offers a vivid portrayal of one man s campaign for justice in an embattled nation struggling to balance security imperatives with the rule of law **Democratic Societies and Their Armed Forces** Stuart A. Cohen, 2013-02-01 These papers are an edited selection from the BESA conference of 1998 They present an overview of transformations in societal military relations in the western world and the specific manifestations in Israel
