**New England Prospects** Carl H. Reidel,1982-01-01      **The Northern Forest Lands Study of New England and New York** Stephen Cook Harper,1990      **To the Last Smoke** Stephen J. Pyne,2020-04-21 From boreal Alaska to subtropical Florida from the chaparral of California to the pitch pine of New Jersey America boasts nearly a billion burnable acres In nine previous volumes Stephen J Pyne has explored the fascinating variety of flame region by region In *To the Last Smoke* An Anthology he selects a sampling of the best from each *To the Last Smoke* offers a unique and sweeping view of the nation s fire scene by distilling observations on Florida California the Northern Rockies the Great Plains the Southwest the Interior West the Northeast Alaska the oak woodlands and the Pacific Northwest into a single readable volume The anthology functions as a color commentary companion to the play by play narrative offered in Pyne s *Between Two Fires* A Fire History of Contemporary America The series is Pyne s way of keeping with it to the end encompassing the directive from his rookie season to stay with every fire to the last smoke      *Extreme Heritage Management* Godfrey Baldacchino,2011-11-01 Conflicting and competing claims over the actual and imagined use of land and seascapes are exacerbated on islands with high population density The management of culture and heritage is particularly tested in island environments where space is finite and the population struggles to preserve cultural and natural assets in the face of the demands of the construction industry immigration high tourism and capital investment Drawn from extreme island scenarios the ten case studies in this volume review practices and policies for effective heritage management and offer rich descriptive and analytic material about land use conflict In addition they point to interesting new directions in which research public policy and heritage management intersect      **Banking and Finance Collections** Ash Lee,2016-02-04 A wide range of special librarians from banking finance and government provide descriptive accounts of their respective collections in this comprehensive volume They provide an introduction to some of the major library and archival resources available to bankers financiers and investors as well as offer access to the historian and scholar doing research in some aspect of business The collections represented include the Federal Reserve System the Joint Bank Fund Library of the International Monetary Fund and the World Bank Standard Poor s the Wells Fargo Corporation the Lippincott Library of the Wharton School and more      *The Northeast* Stephen J. Pyne,2019-04-09 Repeatedly if paradoxically the Northeast has led national developments in fire Its intellectuals argued for model preserves in the Adirondacks and at Yellowstone oversaw the first mapping of the American fire scene for the 1880 census staffed the 1896 National Academy of Sciences forest commission that laid down guidelines for the national forests and spearheaded legislation that allowed those reserves to expand by purchase It trained the leaders who staffed those protected areas and produced most of America s first environmentalists The Northeast has its roster of great fires beginning with dark days in the late 18th century followed by a chronicle of conflagrations continuing as late as 1903 and 1908 with a shocking after tremor in 1947 It hosted the nation s first forestry schools It organized the first interstate and

international fire compact And it was the Northeast that pioneered the transition to the true Big Burn industrial combustion as America went from burning living landscapes to burning lithic ones In this new book in the To the Last Smoke series renowned fire expert Stephen J Pyne narrates this history and explains how fire is returning to a place not usually thought of in America s fire scene He examines what changes in climate and land use mean for wildfire what fire ecology means for cultural landscapes and what experiments are underway to reintroduce fire to habitats that need it The region s great fires have gone its influence on the national scene has not The Northeast A Fire Survey samples the historic and contemporary significance of the region and explains how it fits into a national cartography and narrative of fire Included in this volume How the region shaped America s understanding and policy toward fire How fire fits into the region today and what that means for the country overall What changes in climate land use and institutions may mean for northeastern fire both wild and tame
