**Ordered by Words** Judith Lockyer, 1991 William Faulkner created compelling worlds with his words but he repeatedly used his characters to warn against words Relying on Mikhail Bakhtin's theory of language as both the creation of its user and a social construct Judith Lockyer outlines Faulkner's discovery of the

power and danger in language Five of Faulkner's characters Horace Benbow Quentin Compson Darl Bundren Isaac McCaslin and Gavin Stevens were endowed with a desire for the absolute inviolable word Faulkner both shares that desire and argues against it making the dialogue about language the subtext of all his novels Here this continuing dialogue is traced chronologically from *Flags in the Dust* Faulkner's third novel to *A Fable* a late novel here shown in a revealing new light Lockyer also connects Faulkner's ideas about language and narration to his social and thematic concerns particularly to America's legacy of racial strife This is a coherent convincing reading of Faulkner from the time he finds his true voice and subject in the South through the late novels

**Faulkner's Artistic Vision** Ryuichi Yamaguchi, 2004-04 Although William Faulkner's imagination is often considered solely tragic it actually blended what Faulkner himself called the bizarre and the terrible Not only did Faulkner's vision encompass both comedy and tragedy it perceived a latent humor in tragedy and vice versa As a result Faulkner's fiction is seldom simply comic or simply tragic Faulkner's comedy incorporates tragedy and despair and the humor in his novels may serve as well to intensify as to relieve a tragic or horrific effect This study examines Faulkner's first nine novels from *Soldiers Pay* to *Absalom Absalom* showing how humor is used to express theme how it appears in the action characters and discourse of each novel and how it contributes to the overall effect of each novel In each case even in the most pained and angry novels Faulkner's practice of humor expresses his view that humor is an inseparable element of human experience Ryuichi Yamaguchi is Professor of English and American literature at the Aichi University in Japan

Light in August Alwyn Berland, 1992 Light in

August is William Faulkner's seventh novel but the fifth set in fictional Yoknapatawpha County Mississippi. Published in 1932, the novel is a compelling portrait of Southern society. It traces the history of a group of characters shaped by and responding to the religious, cultural, and racial traditions of the American South. Faulkner contrasts the story of Joe Christmas, whose unclear parentage makes him a target for the town's hatred, with the placid tale of Lena Grove's search for her lover. While Joe's story is created by prejudice, hatred, and mistrust, Lena's story is one of simple country people whose honor, courage, and affections are uncorrupted by either the past or the modern world. Alwyn Berland illuminates the relationship between these contrasting stories, demonstrating how Southern Calvinism, both as a theme and as an unconscious influence on Faulkner, is the key to a small cluster of themes that connects seemingly unrelated threads of narrative. Berland's study offers a detailed and accessible examination of Faulkner's style and discusses how his modernist and experimental techniques are related to his vision of human experience. Berland places Faulkner's achievement in the context of the ideas that interested him: Southern literary tradition and his influences on his contemporaries and later writers. The only book-length study of this novel available, Berland's work will be of great value to Faulkner scholars, students of Southern literature, and those interested in the development of the novel in the twentieth century.

Vision's Immanence Peter Lurie, 2020-03-03

William Faulkner occupied a unique position as a modern writer. Although famous for his modernist novels and their notorious difficulty, he also wrote extensively for the culture industry and the works he produced for it, including short stories, adaptations, and screenplays, bore many of the hallmarks of consumer art. His experiences as a Hollywood screenwriter influenced him in a number of ways, many of them negative, while the films turned out by the dream factories in which he labored sporadically inspired both his interest and his contempt. Faulkner also disparaged the popular magazines, though he frequently sold short stories to them. To what extent was Faulkner's deeply ambivalent relationship to and involvement with American popular culture reflected in his modernist or art fiction? Peter Lurie finds convincing evidence that Faulkner was keenly aware of commercial culture and adapted its formulae, strategies, and in particular its visual techniques into the language of his novels of the 1930s. Lurie contends that Faulkner's modernism can be best understood in light of his reaction to the popular culture of his day. Using Theodor Adorno's theory about modern cultural production as a framework, Lurie's close readings of *Sanctuary*, *Light in August*, *Absalom, Absalom!*, and *If I Forget Thee, Jerusalem* uncover the cultural history that surrounded and influenced the development of Faulkner's art. Lurie is particularly interested in the influence of cinema on Faulkner's fiction, and especially the visual strategies he both deployed and critiqued. These include the suggestion of cinematic viewing on the part of readers and of characters in each of the novels; the collective and individual acts of voyeurism in *Sanctuary* and *Light in August*; the exposing in *Absalom, Absalom!* and *Light in August* of stereotypical and cinematic patterns of thought about history and race; and the evocation of popular forms like melodrama and the movie screen in *If I Forget Thee, Jerusalem*. Offering innovative readings of these canonical works, this study sheds new light on Faulkner's uniquely American modernism.

**Faulkner and the Native Keystone** Biljana Oklopčič, 2014-06-26 The last fifty years have witnessed a never ending flow of criticism of William Faulkner and his fiction While this book touches on the prevailing critical theory it concentrates on a number of fresh observations on themes and motifs that place William Faulkner's fiction in general regional global and universal contexts of American and Western literature Paying special attention to themes and motifs of racism sexism women's education myths and stereotypes to mention just a few the book analyzes Faulkner's ability to write and to be read within and beyond his native keystone his South Coming from a non US Americanist perspective this contribution to the scholarly literature on William Faulkner discusses his best known novels contends that regionalism internationalism and universalism are the context of his fiction and argues for feminist post colonial and psychoanalytical approaches to it The book is intended for scholars in the field of American literature American Studies and Southern Studies as it covers the South's complex history its peculiar cultural institutions and the daunting body of international critical studies that has flourished around the novels during the last five decades Graduate students will also find this book useful as it analyzes and interprets the novels and short stories of one of the greatest American novelists of the 20th century in an easily understandable way offering new and fresh readings on 1 race and gender stereotypes present in American and European culture and literature 2 conventions of family genealogical fiction drama and 3 universal life situations and feelings

**Faulkner** Doreen Fowler, 2000 Fowler exposes psychic conflicts that drive Faulkner's fiction and posits from them an underlying tension between the desire for difference and wholeness between the mother and the father between the living body and death

**Faulkner's Geographies** Jay Watson, Ann J. Abadie, 2015-06-25 The recent spatial turn in social theory and cultural studies opens up exciting new possibilities for the study of William Faulkner's literature The

fictional domains of Yoknapatawpha County and Jefferson Mississippi are not simply imagined communities but imaginative geographies of remarkable complexity and detail as evidenced by the maps Faulkner created of his apocryphal county Exploring the diverse functions of space in Faulkner's artistic vision the eleven essays in Faulkner's Geographies delve deep into Yoknapatawpha but also reach beyond it to uncover unsuspected connections and flows linking local regional national hemispheric and global geographies in Faulkner's writings Individual contributions examine the influence of the plantation as a land use regime on Faulkner's imagination of north Mississippi's geography the emergence of micro Souths as a product of modern migratory patterns in the urban North of Faulkner's fiction the enlistment of the author's work in the geopolitics of the cultural Cold War during the 1950s the historical and literary affiliations between Faulkner's Deep South and Greater Mexico the local and idiosyncratic as alternatives to region and nation the unique intersection of regional and metropolitan geographies that Faulkner encountered as a novice writer immersed in the literary culture of New Orleans the uses of feminist geography to trace the interplay of gender space and movement and the circulation of Caribbean and Black South spaces and itineraries through Faulkner's masterpiece Absalom Absalom By bringing new attention to the function of space place mapping and movement in his literature Faulkner's Geographies seeks to redraw the very boundaries of Faulkner studies

*A Companion to Faulkner Studies* Charles Peek, Robert W. Hamblin, 2004-06-30 Faulkner scholarship is one of the largest critical enterprises currently at work Because of its size and scope accessing that scholarship has become difficult for scholars students and general readers alike This reference includes chapters on individual approaches to Faulkner studies including archetypal historical biographical feminist and psychological criticism among others Each chapter is written by an expert contributor and surveys the contributions of that approach to Faulkner scholarship The volume concludes with a selected general bibliography and glossary of critical terms William Faulkner is one of the most widely read and studied American writers His works have also generated a vast body of scholarship and elicited criticism from a wide range of approaches Because of its size scope and diversity accessing that scholarship has become difficult for scholars students and general readers alike This reference comprehensively overviews the present state of Faulkner studies The volume includes chapters written by expert contributors Each chapter defines a particular critical approach and surveys the contributions of that approach to Faulkner studies Some of the approaches covered are archetypal biographical feminist historical and psychological among others The book closes with a selected general bibliography and glossary of critical terms

Faulkner Lothar Hönnighausen, 2011-01-03 That Faulkner was a liar not just in his writing but also in his life has troubled many critics They have explained his numerous false stories particularly those about military honors he actually never earned and war wounds he never sustained with psychopathological imposture theories The drawback of this approach is that it reduces and oversimplifies the complex psychological and aesthetic phenomenon of Faulkner's role playing Instead this critical study by one of the most acclaimed international Faulkner scholars takes its cue from Nietzsche's concept of truth as a mobile army of

metaphors and from Ricoeur's dynamic view of metaphor and treats the wearing of masks not as an ontological issue but as a matter of discourse. Hennighausen examines Faulkner's interviews and photographs for the fictions they perpetuate. Such Faulknerian role playing he interprets as a mode of organizing experience and relates it to the crafting of the artist's various personae in his works. Mining metaphor as well as modern theories on social role playing, Hennighausen examines unexplored aspects of image creation and image reception in such major Faulkner novels as *The Sound and the Fury*, *Light in August*, *A Fable*, and *Absalom, Absalom!*
