Niall Palmer

# New Hampshire Primary And The American Electoral Process

**Niall Palmer**

## **New Hampshire Primary And The American Electoral Process:**

**The New Hampshire Primary And The American Electoral Process** Niall Palmer, 2018-02-19 New Hampshire is the subject of Palmer's book precisely because it serves as the first presidential primary every four years. Many critics of the New Hampshire primary fault it for being too arcane, too unrepresentative, and too quixotic to use as a gatekeeper of who becomes President. Palmer went to New Hampshire expecting to gather research that argued against New Hampshire as the first primary. As he finished, he realized his findings pointed out the opposite: that in fact and deed New Hampshire was as good a place to start the primary races as any other. No single state is representative. The retail politics that aspirants face in New Hampshire is a very useful winnowing device in which a candidate must actually come face to face with real voters who more often than not make a study of the issues and policies that they raise in their questions. The New Hampshire Primary and the American Electoral Process Niall A. Palmer, 1997

**Encyclopedia of American Political Parties and Elections** Larry Sabato, Howard R. Ernst, 2014-05-14 Presents a complete reference guide to American political parties and elections including an A-Z listing of presidential elections with terms, people, and events involved in the process. **Asymmetric Politics** Matt Grossmann, David A. Hopkins, 2016-08-10 Why do Republican politicians promise to rein in government only to face repeated rebellions from Republican voters and media critics for betraying their principles? Why do Democratic politicians propose an array of different policies to match the diversity of their supporters only to become mired in stark demographic divisions over issue priorities? In short, why do the two parties act so differently, whether in the electorate or on the campaign trail or in public office? *Asymmetric Politics* offers a comprehensive explanation. The Republican Party is the vehicle of an ideological movement, while the Democratic Party is a coalition of social groups. Republican leaders prize conservatism and attract support by pledging loyalty to broad values. Democratic leaders instead seek concrete government action appealing to voters' group identities and interests by endorsing specific policies. This fresh and comprehensive investigation reveals how Democrats and Republicans think differently about politics, rely on distinct sources of information, argue past one another, and pursue divergent goals in government. It provides a rigorous new understanding of contemporary polarization and governing dysfunction while demonstrating how longstanding features of American politics and public policy reflect our asymmetric party system. A More Perfect Constitution Larry J. Sabato, 2010-07-23 The reader can't help but hold out hope that maybe someday some of these sweeping changes could actually bring the nation's government out of its intellectual quagmire. His lively conversational tone and compelling examples make the reader a more than willing student for this updated civics lesson. *The Hill*, the political book of the year from the acclaimed founder and director of the Center for Politics at the University of Virginia. *A More Perfect Constitution* presents creative and dynamic proposals from one of the most visionary and fertile political minds of our time to reinvigorate our Constitution and American governance at a time when such change is urgently needed given the growing dysfunction and unfairness of our political system. Combining idealism and

pragmatism and with full respect for the original document Larry Sabato's thought provoking ideas range from the length of the president's term in office and the number and terms of Supreme Court justices to the vagaries of the antiquated Electoral College and a compelling call for universal national service all laced through with the history behind each proposal and the potential impact on the lives of ordinary people Aware that such changes won't happen easily but that the original Framers fully expected the Constitution to be regularly revised Sabato urges us to engage in the debate and discussion his ideas will surely engender During an election year no book is more relevant or significant than this [The Encyclopedia of Diplomacy, 4 Volume Set](#) Gordon Martel, 2018-04-30 The Encyclopedia of Diplomacy is a complete and authoritative 4 volume compendium of the most important events people and terms associated with diplomacy and international relations from ancient times to the present from a global perspective An invaluable resource for anyone interested in diplomacy its history and the relations between states Includes newer areas of scholarship such as the role of non state organizations including the UN and M decins Sans Frontières and the exercise of soft power as well as issues of globalization and climate change Provides clear concise information on the most important events people and terms associated with diplomacy and international relations in an A Z format All entries are rigorously peer reviewed to ensure the highest quality of scholarship Provides a platform to introduce unfamiliar terms and concepts to students engaging with the literature of the field for the first time

**Party Primaries in Comparative Perspective** Giulia Sandri, Antonella Seddone, 2016-03-03 Primary elections for choosing party leaders and candidates are now becoming commonplace in Europe Asia and America but questions as to how much they hinder a party's organizational strength and cohesion or affect electoral performance have largely been ignored outside of the USA Party Primaries in Comparative Perspective gives a much needed conceptualization to this topic describing the function and nature of primary elections and providing a comparative analytical framework to the impact of primaries on the internal and external functioning of political parties Elaborating on the analytical tools developed to study the US experience this framework engages with primary elections in Europe and Asia offering a theoretical comparative and empirical account of the emergence of party primaries and an invaluable guide to internal electoral processes and their impact

**Presidential Swing States** Donald W. Beachler, Matthew L. Bergbower, Chris Cooper, David F. Damore, Bas Van Dooren, Sean D. Foreman, Rebecca D. Gill, Henriët Hendriks, Donna Hoffmann, Rafael Jacob, Gibbs Knotts, Neil Kraus, Christopher Larimer, John McGlennon, Scott L. McLean, Niall J. A. Palmer, Robert R. Preuhs, Norman Provizer, Andrew Thangasamy, Kenneth F. Warren, Aaron C. Weinschenk, 2015-10-29 The 2016 presidential race is arguably already over in 40 states and the District of Columbia If recent presidential election trends are any indication of what will happen in 2016 Democrats in Texas and Republicans in New York might as well stay home on election day because their votes will matter little in the presidential race The same might be said for the voters in 38 other states too Conversely for those in Ohio Florida Colorado Iowa and a handful of other states their votes matter These states will be battered with a barrage of presidential

candidate visits commercials political spending and countless stories about them by the media Understanding why the presidential race has been effectively reduced to only ten states is the subject of *Presidential Swing States Why Ten Only Matter* Stacey Hunter Hecht and David Schultz offer a first of its kind examination of why some states are swing states in presidential elections capable of being won by either of the major candidates *Presidential Swing States* describes what makes these few states unique and why the presidency is decided by who wins them With case studies written by prominent political scientists who are experts on these swing states *Presidential Swing States* also explains why some states have been swing states but no longer are why some are swinging and what states beyond 2016 may be the future ones that decide the presidency

[The American Elections of 2008](#) Janet M. Box-Steffensmeier, Steven E. Schier, 2009-04-16 *The American Elections of 2008* assembles leading political scientists and journalists to explain the election results and their implications for America's future Topics include financing the elections religion's influence the media and how the George W Bush legacy affected the outcome The book also explores Congressional behavior in the twenty first century and discusses how it affected election results in 2008

*Perspectives on Presidential Leadership* Michael Patrick Cullinane, Clare Frances Elliott, 2014-02-18 In 2011 Barack Obama invited ten distinguished biographers to the White House to ask them one question which past American president should I emulate This was not the first time Obama asked scholars this but the answer he received would differ as presidential legacies waxed and waned In 2008 Obama chose Lincoln in 2009 Reagan and in 2010 Theodore Roosevelt *Perspectives on Presidential Leadership* is an examination of presidential legacy and in particular an analysis of the first ever UK ranking of American presidents which took place in 2011 In thirteen chapters thirteen individual presidential administrations are assessed Some presidents have been considered a success others a failure both types are featured in these thirteen case studies in a measured attempt to understand how the perception of presidential leadership evolves shifts and contorts across three centuries of American politics The case studies also derive from the expertise of the collected British Irish and Canadian authors all of whom are leading scholars in their fields and many of which took part in the 2011 survey At a time when understanding presidential legacy is in high demand this book offers a unique international perspective Through extended commentary and inter disciplinary study of the UK perspective it provides groundbreaking research

**Encyclopedia of U.S. Campaigns, Elections, and Electoral Behavior** Kenneth F. Warren, 2008-04-04 Overall a first rate resource and yes pleasantly readable *School Library Journal* *The Encyclopedia of U S Campaigns Elections and Electoral Behavior* covers virtually everything one would want to know about American political campaigns With more than 450 entries these two comprehensive volumes present a significant array of topics of campaigns elections and electoral behavior The encyclopedia's diverse content shows that although the subject matter of campaigns elections and electoral behavior is inherently related each topic has a distinct focus

**Key Features** Presents topics in a straightforward easy to understand manner intentionally avoiding unnecessary technical language Includes entries written by electoral behavior

scholars from around the country Focuses on American campaigns elections and electoral behavior but also provides a culturally and politically diverse perspective of American democratic practices and institutions Offers a rich campaign history by looking at many colorful candidates corrupt yet intriguing political machines rapidly changing technologies campaign organizations and strategies Provides a description and scholarly analysis for all presidential elections including state and general elections Presents and simplifies complicated election laws that govern federal state and local elections Examines various efforts throughout the decades to reform elections especially from social upheaval and the resulting political realignments Includes extensive electoral research into the development of political opinions attitudes and ideologies in American voters Key Themes Ballot Issue Campaigns Campaigns Elections and the Law Corruption in American Campaigns and Elections Electoral Behavior of Various Groups Local Campaigns and Elections Media s Role in American Campaigns and Elections People Political Parties Interest Groups and American Campaigns and Elections Political Theory and Democratic Elections in America Polls Public Opinion and Campaigns and Elections Presidential Campaigns and Elections Reforming American Campaigns and Elections Running Political Campaigns Management Organization and Strategies Social and Psychological Dynamics of Electoral Behavior State and Congressional Campaigns and Elections History and State Profiles The Encyclopedia of U S Campaigns Elections and Electoral Behavior is an especially useful reference published to coincide with the 2008 presidential election This informative yet intriguing resource is a welcome addition to any academic or public library

*Presidential Primaries* United States. Congress. House. Committee on House Administration. b Task Force on Elections, 1984

**Jimmy Carter and the Birth of the Marathon Media Campaign** Amber Roessner, 2020-05-20 With the rise of Jimmy Carter a former Georgia governor and a relative newcomer to national politics the 1976 presidential election proved a transformative moment in U S history heralding a change in terms of how candidates run for public office and how the news media cover their campaigns Amber Roessner s *Jimmy Carter and the Birth of the Marathon Media Campaign* chronicles a change in the negotiation of political image craft and the role it played in Carter s meteoric rise to the presidency She contends that Carter s underdog victory signaled a transition from an older form of party politics focused on issues and platforms to a newer brand of personality politics driven by the manufacture of a political image Roessner offers a new perspective on the production and consumption of media images of the peanut farmer from Plains who became the thirty ninth president of the United States Carter s miraculous win transpired in part because of carefully cultivated publicity and advertising strategies that informed his official political persona as it evolved throughout the Democratic primary and general election campaigns To understand how media relations helped shape the first post Watergate presidential election Roessner examines the practices and working conditions of the community of political reporters public relations agents and advertising specialists associated with the Carter bid She draws on materials from campaign files and strategic memoranda radio and TV advertisements news and entertainment broadcasts newspaper and magazine coverage and recent interviews

with Carter prominent members of his campaign staff and over a dozen journalists who reported on the 1976 election and his presidency With its focus on the inner workings of the bicentennial election Jimmy Carter and the Birth of the Marathon Media Campaign offers an incisive view of the transition from the yearlong to the permanent campaign from New Deal progressivism to New Right conservatism from issues to soundbites and from objective news analysis to partisan commentary

**Praeger Handbook of Political Campaigning in the United States** William L. Benoit, 2016-02-22 This work peels back the curtain on how political campaigns influence America covering everything from social media to getting to the Oval Office This comprehensive handbook reveals essentially everything the American public wants to know about political campaigns The two volume set begins with a historical overview then goes on to investigate campaigns from a variety of perspectives that shed light on how they work and why Readers will discover how campaigns are run how they are covered by the media how they influence government and how various interest groups and demographics play a part in the system The contributors who include academics elected officials journalists and campaign professionals offer new data interviews and analysis in a style that will prove fresh accessible and engaging for everyone from college students to political junkies They offer the inside scoop on types of campaign media for example TV spots debates and social media and on message variables such as language humor and evidence Groups of voters like women and youth are examined and the work also discusses theories of campaigning such as agenda setting issue ownership the Elaboration Likelihood Model and the Theory of Reasoned Action Scandal in American political campaigns always a subject of interest is addressed as well *American Presidential Campaigns and Elections* William G. Shade, Ballard C. Campbell, 2020-06-30 Presidential campaigns and elections provide the drama and substance of America's democratic process As democracy in action they punctuate our nation's history in precise intervals capturing the issues the ideas and the mood of the nation every four years Every campaign follows a similar format candidates jockey for selection nominations are made candidates and party leaders hit the trail and voters render their decision on Election Day Yet despite this familiar process every campaign is unique featuring colorful personalities and unexpected events This fully illustrated reference is packed with facts and information on every campaign from the election of 1788-89 through the hotly contested election of 2000 Each entry traces in detail the background and results of the election provides biographical information on every presidential and vice presidential candidate and offers state by state tallies of every election The set also features hundreds of rarely seen documents associated with the campaigns

**Conventional Wisdom and American Elections** Jody C. Baumgartner, Peter L. Francia, 2008 List of illustrations Preface pt 1 Voters 1 The big year for the youth vote myth and reality 2 The America divided myth red states blue states and other gaps 3 The myth of the vanishing voters and the rise of the independent voter pt 2 Following campaigns 4 Misconceptions about the e campaign what the Internet can and cannot do for political campaigns 5 Myth or reality presidential campaigns have become nastier 6 Science or voodoo misconceptions about national election polls

7 It's the ratings stupid misconceptions about media bias 8 Adime's worth of difference political parties and the myth of Tweedledum and Tweedledee pt 3 Understanding election outcomes 9 Selling of the president the image is everything myth 10 Themisconception of competitive congressional elections 11 Presidential campaigns and kingmaker states the myth of a national contest Notes Index About the authors

**Presidential Elections** Nelson W. Polsby, Aaron Wildavsky, Steven E. Schier, David A. Hopkins, 2023-07-18 Polsby and Wildavsky's classic text now updated by Stephen Schier and David Hopkins argues that the institutional rules of the presidential nomination and election processes in combination with the behavior of the mass electorate structure the strategic choices faced by politicians in powerful and foreseeable ways We can make sense of the decisions made by different political actors incumbents challengers Democrats Republicans consultants party officials activists delegates journalists and voters by understanding the ways in which their world is organized by incentives regulations events resources customs and opportunities Thoroughly revised and updated this Sixteenth Edition provides everything students need to know about presidential elections going into the 2024 cycle

*Donald Trump and New Hampshire Politics* Christopher J. Galdieri, 2019-09-03 The state of New Hampshire has played a pivotal role in Donald Trump's rise This volume examines how the Granite State incubated Trump's political ambitions as early as the 1988 campaign cycle how Trump's return to the state in 2014 presaged his 2016 candidacy and how the state rescued his ambitions after his defeat in the Iowa caucuses The book also examines how Trump lost the state to Hillary Clinton in the general election and how the state has in many ways been a microcosm of national politics since Trump's election as a Republican governor and legislature attempt to pursue their long deferred agenda in the face of Democratic opposition and as Democrats racked up victories in special and off year elections Finally this book examines what Trump's impact will be on the 2020 presidential primaries

**The Front-Loading Problem in Presidential Nominations** William G. Mayer, Andrew E. Busch, 2003-11-18 The race for the White House may seem like a marathon but the nomination process is becoming a sprint with the starting gun fired earlier each time Where state primaries and caucuses were once spread out over a period of three or four months most are now crammed into a four or five week interval at the very beginning of the delegate selection calendar The compression and hastening of the nomination season are changing the nature of the presidential selection process the most visible pillar of American democracy Despite the importance of this issue in American politics however too little systematic analysis has been done on the topic This is the first book to offer a comprehensive examination of the front loading problem in all its facets William Mayer and Andrew Busch define the parameters of the front loading question as well as its impact They trace the history that shaped the current system and explain why it is such a critical element of presidential elections Most important the authors present a detailed analysis of all the major proposals for coping with front loading and of the political and constitutional obstacles for reform While they conclude that there is no easy solution to this complex issue they identify a general direction for reform efforts They also feel that the political parties should be the prime movers in

formulating and implementing changes      The Performance of Politics Jeffrey C. Alexander, 2010-11-01 Contemporary observers of politics in America often reduce democracy to demography Whatever portion of the vote not explained by the class gender race and religious differences of voters is attributed to the candidates positions on the issues of the day But are these the only or even the main factors that determine the vote The Performance of Politics develops a new way of looking at democratic struggles for power explaining what happened and why during the 2008 presidential campaign in the United States Drawing on vivid examples taken from a range of media coverage participant observation at a Camp Obama and interviews with leading political journalists Jeffrey Alexander argues that images emotion and performance are the central features of the battle for power While these features have been largely overlooked by pundits they are in fact the primary foci of politicians and their staff Obama and McCain painstakingly constructed heroic self images for their campaigns and the successful projections of those images suffused not only each candidate s actual rallies and not only their media messages but also the ground game Money and organization facilitate the ground game but they do not determine it Emotion images and performance do Though an untested senator and the underdog in his own party Obama succeeded in casting himself as the hero and McCain the anti hero and the only candidate fit to lead in challenging times Illuminating the drama of Obama s celebrity the effect of Sarah Palin on the race and the impact of the emerging financial crisis Alexander s engaging narrative marries the immediacy and excitement of the final months of this historic presidential campaign with a new understanding of how politics work

## Reviewing **New Hampshire Primary And The American Electoral Process**: Unlocking the Spellbinding Force of Linguistics
