New Hearing Living Options In Homiletic Method:

A New Hearing Richard L. Eslinger, 1987 Preaching is in crisis Why Because the traditional conceptual approach no longer works says Richard L Eslinger It fails to capture the interest of listeners and is not sufficiently Scripture based The time has come to listen to new voices new methods And that is what A New Hearing provides Eslinger offers as living options the work of five preeminent though quite different preachers who represent the cutting edge of preaching in the 1980s Charles Rice and the storytelling method Henry Mitchell and the black narrative method Eugene Lowry who bridges the narrative and inductive methods Fred Craddock and the inductive method and David Buttrick who emphasizes the structure and movement of biblical material Eslinger devotes an entire section to each preacher He explicates each man's technique shows how it differs from the traditional three points and a poem approach and presents one sample sermon from each Eslinger then critiques these new homileticians delineating the strengths and weaknesses of their respective methods **A**

Hamilton, 1992-10-01 Homiletical Handbook is a primer for those who are called to preach It is intentionally simple in its explanation of the homiletical task and straightforward in getting to the point It is solid in its theology and biblical in its approach **Homiletical Theology** David Schnasa Jacobsen, 2015-02-13 Karl Barth famously argued that all theology is sermon preparation But what if all sermon preparation is actually theology This book pursues a thoroughgoing theological vision for the practice of preaching as a way of doing theology The idea is not just that homiletics is the realm of theological application That would leave preaching in the position of simply implementing a theology already arrived at Instead the vision in these pages is of a form of theology that begins with preaching itself its practice its theories and its contexts Homiletical theology is thus a unique way of doing theology even a constructive theological task in its own right Homiletician David Schnasa Jacobsen has assembled several of the leading lights of contemporary homiletics to help to see its task ever more deeply as theological yet in profoundly diverse ways Along the way readers will not only discover how homileticians do theology homiletically but will deepen the way in which they understand their own preaching as a theological task Contributors include Ronald J Allen Professor of Preaching and Gospels and Letters at Christian Theological Seminary John S McClure Charles G Finney Professor of Preaching and Worship at Vanderbilt Divinity School Alyce M McKenzie George W and Nell Ayers Le Van Professor of Preaching and Worship at Perkins School of Theology Southern Methodist University Michael Pasquarello III Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary Luke A Powery Dean of the Chapel and Associate Professor of the Practice of Homiletics at Duke University Teresa Stricklen Eisenlohr Ph D Associate for Worship Office of Theology and Worship at the Presbyterian Church U S A **The Renewal of Preaching in the Twenty-first Century, Second Edition** David J.

communications revolution is sweeping through the churches leaving some on fire and others burned out This work shows what makes the difference for church leaders and communities who are using new media to advance Christian preaching Join them by recovering the great tradition and expanding it through creative use encouraged by artists and filmmakers as well as preachers and professors This work explores ways to maximize the promise of preaching and confront the perils leading to the renewal of church and society Beginning with review of the situation today we proceed step by step through the preparation and presentation of the sermon leading to transformation The sermon in the local parish is seen as the microcosm of the macrocosm that is the communication of God s good news Rooted in a knowledge of and respect for traditional worship David Randolph accurately assesses the difficulty facing mainline traditions in speaking to today s visual culture But he doesn t stop there He eloquently outlines a course of action that gives emphasis to the visual and in particular to the use of what he terms new media

Renewal of Preaching is a must read not only as a text for those preparing for ministry but also for long time pastors seeking new ways of speaking to today s generation Joan Brix Carter Dean of College of Art and Design Olivet University The Four Codes of Preaching John S. Using Illustrations to Preach with Power (Revised Edition) Bryan Chapell,2001-04-04 If the apostle Paul had not punctuated his words with images of the armor of God or the racecourse would we so easily remember his instruction The march on Washington might have become nothing more than a ragged hike across a majestic mall if Martin Luther King Jr had not led us through a dream and onto a mountaintop Such is the power of illustrations They contain a hidden dynamic of living that captures our attention and furthers our understanding in a way that no other sermonic tool can match Can they be overused and their purpose abused Yes and by many they are But to eliminate them completely would be unwise maintains Bryan Chapell Instead he responds to those concerns by reviewing the theory behind illustrations sharing why they re important and demonstrating how you can use them effectively in your biblical preaching This book clearly affirms that illustrations are integral to powerful preaching not because they entertain but because they expand and deepen applications in the lives of your listeners They infuse your words with life without comprising the message making the truth of the Word ring clearly in people s hearts long after your

Preaching as Spiritual Leadership Michael E. Connors, CSC, 2021-05-15 In this unique resource Fr Michael E Connors

CSC gathers and expertly guides the collective wisdom of experienced preachers and homilists to provide a unique resource that examines the preacher's unique role as shepherd and a spiritual leader. The chapters will investigate these dual roles according to the roots of the Catholic spiritual tradition and provide practical advice for priests, deacons, seminarians in homiletics classes or preaching classes, retreat leaders, RCIA catechists, all who preach. *Preaching as Spiritual Leadership* provides solutions to the following questions: How is preaching embedded in the Church's pastoral mission? What does it mean to be a shepherd and spiritual leader for others? How can a preacher flourish in the role of spiritual leader? How can we lead others into committed discipleship through preaching? To be a shepherd and spiritual leader, the preacher must be in some sense a mystic who is filled with the Lord's gracious presence, a presence to be shared with others. Homilists are a sacramental people; they must also be a mystagogues, ministers who can both lead the community's ritual celebrations and help the People of God to plunge into the liturgy with lively faith to touch the holy realities behind them. *Crossover Preaching* Jared E. Alcántara, 2015-10-08. In our increasingly pluralistic and multicultural society, there is a need for preaching that is capable of crossing cultural boundaries and engaging multiple contexts. Jared Alcántara's exciting new work proposes an intercultural and improvisational account of preaching in conversation with the legacy of Gardner C. Taylor.

Seeing and Showing the Unseen Adam Szumorek, 2023-10-31. As humans, we think in images and cannot do otherwise. Thus, metaphor and imagery, often viewed as complex literary devices, are in fact the very building blocks of human thought and essential components for understanding the nature of God. Exploring how the God of Scripture reveals himself through metaphor and imagery, Dr. Adam Szumorek utilizes Cognitive Linguistics to help students, teachers, and preachers understand how meaning is communicated in Scripture and conceptualized within the human brain. He provides a theological framework for applying Cognitive Linguistics in biblical exegesis, demonstrating its value in aiding our understanding of biblical texts and in communicating that understanding to others through sermons that speak to people's minds, hearts, and imaginations. Both richly conceptual and deeply practical, this book equips readers to communicate the unseen, allowing others to taste, touch, and see the invisible yet incarnate God. *Preaching Words* John S. McClure, 2007-01-02. John McClure's *Preaching Words* highlights the most important ideas in homiletics and preaching, offering short explanations of these ideas, what scholars of preaching are saying about them, and how they can help in today's preaching. Topics range from elements of the sermon (introduction, body, and conclusion) to aspects of delivery, types of preaching in different Christian traditions, and theories of preaching.
