writers historians linguists and even ministers and emperors have all written about translation and from an amazing array of perspectives Such an exciting diversity of views reflections and theoretical thinking about the art and business of translating is now brought together in a two volume anthology The first volume covers a time frame from roughly the 5th century BCE to the twelfth century CE It deals with translation in the civil and government context and with the monumental project of Buddhist sutra translation The second volume spans the 13th century CE to the Revolution of 1911 which brought an end to feudal China It deals with the transmission of Western learning to China a translation venture that changed the epistemological horizon and even the mindset of Chinese people Comprising over 250 passages most of which are translated into English for the first time here the anthology is the first major source book to appear in English It carries valuable primary material allowing access into the minds of translators working in a time and space markedly different from ours and in ways foreign or even inconceivable to us The topics these writers discussed are familiar But rather than a comfortable trip on well trodden ground the anthology invites us on an exciting journey of the imagination The Publishers Weekly ,1910

Griffith,2022-04-07 The church in its first centuries split on whether Christ saved everyone or a few Universalism versus Exclusivism In the sixth century the church settled the issue seemingly and held that Universalism was heresy This book reviews this history as well as what provoked it Scripture on its face gives two contradictory accounts of salvation s extent everyone is ultimately saved and everyone is not In contrast to both Exclusivism and Universalism the book takes Scripture s two accounts of salvation s extent as true that is as a paradox This is the approach the church has taken with other scriptural paradoxes Saying one God is three or one Son is both God and man appeared to be contradictory too but to embrace Scripture entirely these were seen as paradoxical The Trinity modeled how one can be three and the hypostatic union modeled how one can be two For the paradox of salvation s extent the answer lies in the individual s divisibility in the afterlife one can be two That is in ultimate salvation each individual can be both saved and unsaved **The United States Catalog; Books in Print January 1, 1912** H.W. ministry in Ghana appropriates prophetism in the early church Corpus Paulinum and traditional prophetism in Ghana The spirit of prophecy which was believed to have ceased in Judaism and during the intertestamental period has now been restored at the inauguration of Christianity Notwithstanding Paul gave stipulations for prophets and prophecy in the church in 1 Corinthians 14 This confirms that prophecy was a common phenomenon in the early church and Pauline communities Contemporary prophetic ministry in Ghana claimed to have conformed to Pauline stipulations concerning prophets and prophecy in the church but what is their level of conformity Contemporary prophetic ministry is becoming popular due to its appeal and compatibility with religious worldviews and its pragmatic outlook that resonates with the Ghanaian phenomenon of religion As an adherent of the Akan traditional religion would go to a religious intermediary for ebisa literally to inquire or ask into present or future happenings contemporary prophets have positioned themselves to be agents of ebisa in Ghanaian Christianity This book explores biblical and traditional understandings of prophetism that have influenced contemporary Christian understanding of prophets and prophecy in the church
