*Literature* Peter Bondanella,Julia Conway Bondanella,Jody Robin Shiffman,2001-01-01 [Contemporary Italian Women Writers and Traces of the Fantastic](#) Danielle Hipkins,2017-12-02 Contemporary fantastic fiction particularly that written by women often challenges traditional literary practice At the same time the predominantly male authored canon of fantastic literature offers a problematic range of gender stereotypes for female authors to re write Fantastic tropes of space in particular enable three important contemporary Italian female writers Paola Capriolo b 1962 Francesca Duranti b 1935 and

Rossana Ombres b 1931 to encounter and counter anxieties about writing from the female subject All three writers begin by exploring the hermetic fantastic space of enclosure with a critical or troubled eye but eventually opt for wider national and often international spaces in which only a fantastic trace remains This shift mirrors their own increasingly confident distance from male authored literary models and demonstrates the creative input that these writers bring to the literary canon by redefining its generic boundaries

seek new ways to promote cognitive transformations and foster ethical interventions      *The A to Z of Postmodernist Literature and Theater* Fran Mason, 2009 *The A to Z of Postmodernist Literature and Theater* examines the different areas of postmodernist literature and theater and the variety of forms that have been produced. **Interrupted Narratives and Intersectional Representations in Italian Postcolonial Literature** Caterina Romeo, 2023-01-17 This book argues for the importance of adopting a postcolonial perspective in analysing contemporary Italian culture and literature. Originally published in Italian in 2018 as *Riscrivere la nazione* *La letteratura italiana postcoloniale*, this new English translation brings to light the connections between the present, the colonial past, and the great historical waves of international and intranational migration. By doing so, the book shows how a sense of Italian national identity emerged at least in part as the result of different migrations and why there is such a strong resistance in Italy to extending the privilege of Italianity or Italianness to those who have arrived on Italian soil in recent years. Exploring over 100 texts written by migrant and second-generation writers, the book takes an intersectional approach to understanding gender and race in Italian identity. It connects these literary and cultural contexts to the Italian colonial past while also looking outwards to a more diffuse postcolonial condition in Europe.

**Architecture and the Novel under the Italian Fascist Regime** Francesca Billiani, Laura Pennacchietti, 2019-09-14 *Architecture and the Novel under the Italian Fascist Regime* discusses the relationship between the novel and architecture during the Fascist period in Italy, 1922–1943. By looking at two profoundly diverse aesthetic phenomena within the context of the creation of a Fascist State, art, Billiani and Pennacchietti argue that an effort of construction or reconstruction was the main driving force behind both projects: the advocated revolution of the novel form, realism, and that of architecture, rationalism. The book is divided into seven chapters which in turn analyze the interconnections between the novel and architecture in theory and in practice. The first six chapters cover debates on State art, on the novel, and on architecture, as well as their historical development and their unfolding in key journals of the period. The last chapter offers a detailed analysis of some important novels and buildings which have in practice realized some of the key principles articulated in the theoretical disputes.

*Encyclopedia of the Novel* Paul Schellinger, 2014-04-08 *The Encyclopedia of the Novel* is the first reference book that focuses on the development of the novel throughout the world. Entries on individual writers assess the place of that writer within the development of the novel form, explaining why and in exactly what ways that writer is important. Similarly, an entry on an individual novel discusses the importance of that novel, not only from analyzing the particular innovations that novel has introduced and the

ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world Modern Italian Literature Ann Caesar, Michael Caesar, 2007-09-11 Covers 1690 to the present
