Third Series* Library of Congress. Copyright Office, 1973 **Revivals, Awakening and Reform** William G. McLoughlin, 2013-03-06 In *Revivals Awakenings and Reform* McLoughlin draws on psychohistory sociology and anthropology to examine the relationship between America's five great religious awakenings and their influence on five great movements for social reform in the United States He finds that awakenings and the revivals that are part of them are periods of revitalization born in times of cultural stress and eventuating in drastic social reform Awakenings are thus the means by which a people or nation creates and sustains its identity in a changing world This book is sensitive thought provoking and stimulating It is must reading for those interested in awakenings and even though some may not revise their views as a result of McLoughlin's suggestive outline none can remain unmoved by the insights he has provided on the subject *Christian Century* This is one of the best books I have read all year Professor McLoughlin has again given us a profound analysis of our culture in the midst of revivalistic trends *Review and Expositor* New Light on William Harvey Walter Pagel, 1976 This book is clearly an essential one not only for the Harvey specialist but also for all students of the Scientific Revolution **Aristotle: New Light on His Life and On Some of His Lost Works, Volume 1** Anton-Hermann Chroust, 2015-08-14 Originally published in 1973 The predominantly historical approach in this book heralds a belief that a better understanding of Aristotle the man and the

The Soul in Everyday Life Daniel Chappelle, 2003-09-25 Daniel Chappelle concludes that psychology can only satisfy the deepest human needs when it can offer a sense of soul in everyday life He explores ways of restoring this sense of soul to everyday life by examining how talk about something as elusive as the soul is possible and by reanimating a sense for what the notion of soul can mean Working in the tradition of Nietzsche Freud Jung and Jung s student James Hillman Chappelle reaches back into millennia of Western thought to reanimate the dying sense of soul in everyday life and put the psyche back in psychology
