White,1922 The Sibyl Series of the Fifteenth Century Robin Raybould,2016-10-18 Robin Raybould s The Sibyl Series of the Fifteenth Century examines the startling and sudden change that occurred in the representation of the sibyls throughout Europe during the early Renaissance Raybould describes how and why during this period the number names attributes and prophecies of these archaic prophetesses were selected and stabilized thus providing new witness to the Christian message in sharp contrast to earlier representations where the sibyls had played a minor role in the history of classical and Christian divination and prophecy The book examines all the fifteenth century instances of these series as well as the manuscripts which describe them identifies the origin of the sibylline prophecies and suggests reasons for the widespread popularity of this new artistic phenomenon *The Christian Moses* Jaeda Charlotte Calaway,2019-11-21 Two verses about Moses in the Bible have been the subject of debate since the first century In Exodus 33 20 God tells Moses that no one can see God and live but Numbers 12 8 says that Moses sees the form of the Lord How does one reconcile these two opposing statements Did Moses see God and who gets to decide The Christian Moses investigates how ancient Christians from the New Testament to Augustine of Hippo resolved questions of who can see God how one can see God and what precisely one sees Jaeda Calaway explains that the decision about whether and how Moses saw God was not a neutral exercise for an early Christian Rather it established the interpreter s authority to determine what was possible in divine human relations and set the parameters for the nature of humanity As a result Calaway argues interpretations of Moses visions became a means for Jews and Christians to jockey for power allowing them to justify particular social arrangements relations and identities to assert the limits of humans in the face of divinity and to create an Other Seeing early Christians with new eyes The Christian Moses reassesses how debates on Moses visions from the first through the fifth centuries were in reality debates on the boundaries of humanity **Tracts for the Times: for 1835-6.
