## **Radiation The Hidden Enemy:**

*Radiation* Rita Holgers Awana, 1994-01-01      *The Hidden Enemy* Michael Youssef, 2018-03-06 What's going on in our world Why are suicide bombers attacking our cities Why are shooters invading our workplaces and malls Why are students attacking speakers at their colleges Why are there two versions of the truth on the Internet and in the media Michael Youssef popular teacher and Middle Eastern expert explains in detail what's troubling today's world Aggressive secularism is stripping our nation of the vestiges of truth as many Christians are browbeaten into silence What's ironic is that secularism is actually opening the door to the might makes right nature of radical Islam In a post truth world the most powerful voice wins What can save us and our children from this chilling future Michael Youssef in this groundbreaking book shows how we can win the war against aggressive secularism beat back the threat of radical Islam and build a brighter future for both ourselves and the next generation Be prepared for the times in which we live Understand what's happening Stand up for a brighter and hope filled future for our children      **The Hidden Treasure of Atlantis** Jonathan Lee Miller, 2023-12-17 The Hidden Treasure of Atlantis is a Prophetic book that tells of the future of Earth Everyone except evil people will need to evacuate to habitable planets by building many many spacecraft to carry all righteous people to places in space away from the evil and atomic radiation of Earth Friendly outer space people have been here on Earth for 20 000 guiding mankind and preparing for leaving for new habitable planets deep in outer space All righteous people must leave a radioactive Earth and move into outer space Spacecraft are given to many people and others are trained to build them This is gripping action and terribly prophetic      **World Defence Systems**, 2002      **The Hidden Structure of Violence** Marc Pilisuk, Jennifer Achord Rountree, 2015-07-17 Acts of violence assume many forms they may travel by the arc of a guided missile or in the language of an economic policy and they may leave behind a smoldering village or a starved child The all pervasiveness of violence makes it seem like an unavoidable and ultimately incomprehensible aspect of the modern world But in this detailed and expansive book Marc Pilisuk and Jen Rountree demonstrate otherwise Widespread violence they argue is in fact an expression of the underlying social order and whether it is carried out by military forces or by patterns of investment the aim is to strengthen that order for the benefit of the powerful The Hidden Structure of Violence marshals vast amounts of evidence to examine the costs of direct violence including military preparedness and the social reverberations of war alongside the costs of structural violence expressed as poverty and chronic illness It also documents the relatively small number of people and corporations responsible for facilitating the violent status quo whether by setting the range of permissible discussion or benefiting directly as financiers and manufacturers The result is a stunning indictment of our violent world and a powerful critique of the ways through which violence is reproduced on a daily basis whether at the highest levels of the state or in the deepest recesses of the mind      *RF and Microwave Microelectronics Packaging* Ken Kuang, Franklin Kim, Sean S.
