Radical Challenge Priesthood Today

Andrew Mayes

Radical Challenge Priesthood Today:

African Catholic Priests Jordan Nyenyembe, 2011 This is a timely book on the contemporary African priesthood Just as in other parts of the globe the African priesthood currently faces a serious crisis of identity The unfolding crisis puts stress on the clerics and augments the tension with lay people The model of the Church as Family of God opted for by the Church in Africa is a new milestone that puts pressure on Catholic priests to define their role in the new context The identity and image of priests need to be specified as lay ministries render the Church active from the grassroots Reflection about the ministry of the clergy in Africa is urgent and indeed it is an important aspect of enculturation Nyenyembe demonstrates an admirable capacity to situate his rich theological reflections in an African context *A Radical Challenge for Priesthood Today* William D. Perri, Perri William, 1996 The priesthood as we know it is dying So begins William Perri's fascinating and challenging assessment of a revered church institution He cites the shortage of priests and well publicized sexual and psychological problems as two key indicators of the decline of priesthood as we know it **Spiritual Theology of the Priesthood** Dermot A. Power, 1998-01-01 Hans Urs von Balthasar's writings have pastoral implications that even now are barely recognised and hardly developed Here a pastorally experienced theologian who knew von Balthasar personally unfolds this pastoral dimension for the first time Integrating Christology and Ecclesiology with the profound spirituality that for von Balthasar is inseparable from authentic theology Fr Power demonstrates the paradoxical grandeur and weakness of the Catholic priesthood He highlights the roles of the Catholic priest as servant bridegroom shepherd victim teacher prophet celebrant and minister of reconciliation At a time when many priests feel their identity called into question this book offers new hope for the renewal of the priesthood in the Catholic Church **Bless Me Father for I Have Sinned** Thomas G. Plante Ph.D., 1999-09-30 A tremendous amount of media attention has been devoted to revealing sexual abuse perpetrated by Roman Catholic priests These essays outline a clinical and research agenda for professionals dealing with clergy sexual abuse They should enable research clinical professionals and clergy to identify the relevant issues in the identification diagnosis treatment and prevention of child and adolescent sexual abuse committed by Roman Catholic priests Leading experts in the field from the United States and Canada have offered their different perspectives on this compelling problem including victim profiles for determining who is at risk *Being Salt* George R. Sumner, 2007-05-01 A number of books have addressed ordination and the priestly life from a devotional or vocational vantage point but few books have considered ordination from a truly theological perspective Meanwhile our time is obsessed with the more general question of leadership *Being Salt* addresses both ordination and leadership by taking as its point of departure the most distinctive yet often overlooked feature of ordination indelibility being ordained for life *Being Salt* offers several answers to the question What is the church Sumner wholeheartedly agrees with the Reformation emphasis on the ministry of the whole people of God Still he argues that we can only understand priesthood if we understand what one is ordained for Indelibility lifetime ordination

provides an entrance to the question of what sets the ordained apart. In sum, *Being Salt* offers an evangelical argument for a catholic practice and so goes to the heart of what Anglicanism understands itself to be.

Developing Faithful Ministers

Tim Ling, 2013-01-25 *Developing Faithful Ministers* aims to support the work of all those involved in supervision and training relationships within the Church. The Church recognising its call to serve God and the nation seeks to equip and develop its ministers to face the challenge of ministry in a society at the threshold of Christendom that is in a mission context. It is a context where both the general public and the institutional church have significant expectations of those in ministry. Indeed, there is now an expectation of demonstrable capability prior to being licensed to any form of permanent tenure. The demand for more professional, demonstrably capable, mission-able and collaborative licensed ministers places particular weight on the efficacy of the initial training relationship. *Developing Faithful Ministers* seeks to support those who find themselves in these relationships by offering both models of good practice and sustained theological reflection on what these drivers mean for developing ministry.

Parish Nurses, Health Care Chaplains, and Community Clergy

Larry Van De Creek, Sue Mooney, 2012-11-12 Understand the roles of these three unique professions and how collaboration can make each more effective. This is the first book to clarify the roles and interprofessional dynamics of these three professions and describe how they can best work together. Here you will find theological perspectives on each profession, practice models of collaborative programs and new resources to aid your professional growth. In addition, this book gives you a thorough historical overview of parish nursing and an introduction to health care chaplaincy as well as insightful analyses of the relationships of clergy and congregation to health care institutions. *Parish Nurses, Health Care Chaplains, and Community Clergy: Navigating the Maze of Professional Relationships* is a vital addition to your reference shelf. This unique book, written by experts in all three fields, provides the necessary background to be an effective parish nurse, including information on spiritual formation, clinical pastoral education, and more instruction on starting a parish health ministry. Effective ways that the disciplines can work together in congregational health ministries to provide the best possible spiritual care, successful practice models that your ministry can emulate, an examination of the health care institution's role in forming the spiritual care team, resources to use to increase your ministry's effectiveness. *Parish Nurses, Health Care Chaplains, and Community Clergy* is a must for practitioners, educators, and students who will be entering these vital professions.

Spirituality in Ministerial Formation

Andrew Mayes, 2009-10-01 This is a ground-breaking study into a crucial area of theological education. It traces the origin and evolution of the formation model of training and identifies what difference this paradigm makes to present practice. It uncovers significant and surprising functions of prayer in the formational and learning process as discovered in empirical research informed by theological and psychological perspectives on prayer among a sample of newly ordained clergy and tutors. The practical implications of the research are identified, offering creative ideas for a renewed understanding and praxis of the role of prayer in learning. This is essential reading for theological students and teachers alike and calls for a

clearer articulation of a spirituality of education as needed by our present culture and context **The Reception of Vatican II** Matthew L. Lamb, Matthew Levering, 2017 A sequel to Vatican II Renewal within Tradition OUP 2008 The Reception of Vatican II shows how the Council has been received and interpreted over the course of the more than fifty years since it concluded The meaning of the Second Vatican Council has been fiercely contested since before it was even over and since its completion has seen a battle for the soul of the Church waged through the interpretation of Council documents Each essay in this volume looks at how one of those documents has been interpreted in the post Vatican II era and points the way forward for its future reception Theology and the New Histories Gary Macy, 1999 In this collection of essays members of the College Theology Society explore how Christianity as an historical religion is responding to the challenge of multiple readings of history The many new ways of writing history women s history history written from the perspective of minority groups new sources of history including those that are non Western and deconstructivist history pose challenges to the assumptions of traditional theology They also affect our understanding of the history of Christianity and of the development of Christian doctrine
