writers from their audiences Participatory professionalism however drew on a social scientific conception of poverty that proved to be the paradigm undoing the culture of poverty thesis popularized by Oscar Lewis Michael Harrington and Daniel Moynihan For writers and policy experts associated with the War on Poverty this thesis described the cultural gap that they hoped to close Instead it eventually led to the dismantling of the welfare state Ranging from the 1950s to the present the book explores how writers like Jack Kerouac Amiri Baraka Gwendolyn Brooks Oscar Zeta Acosta Alice Walker Philip Roth and others exposed the War on Poverty's contradictions during its heyday and kept its legacy alive in the decades that followed

Nelson Algren Richard F. Bales, 2024-11-07 This book addresses critical gaps in existing biographies of Nelson Algren providing new perspectives on his writing style literary contributions professional colleagues and personal life especially his relationship with Simone de Beauvoir Although Beauvoir maintained a simultaneous relationship with philosopher Jean Paul Sartre the correspondence exchanged between Beauvoir Algren and Sartre as this book discusses sheds new light on her transatlantic love affair with Algren Moreover this work challenges the assertion that Algren's writing aligns seamlessly with the New Journalism style popularized by Tom Wolfe It investigates how Algren's literary legacy might have diverged had he embraced more of the principles associated with New Journalism

On the Corner Daniel Matlin, 2013-11-01 In July 1964 after a decade of intense media focus on civil rights protest in the Jim Crow South a riot in Harlem abruptly shifted attention to the urban crisis embroiling America's northern cities On the Corner revisits the volatile moment when African American intellectuals were thrust into the spotlight as indigenous interpreters of black urban life to white America and when black urban communities became the chief objects of black intellectuals perceived social obligations Daniel Matlin explores how the psychologist Kenneth B Clark the literary author and activist Amiri Baraka and the visual artist Romare Bearden each wrestled with the opportunities and dilemmas of their heightened public stature Amid an often fractious interdisciplinary debate black intellectuals furnished sharply contrasting representations of black urban life and vied to establish their authority as indigenous interpreters In time however Clark Baraka and Bearden each concluded that acting as interpreters for white America placed dangerous constraints on black intellectual practice On the Corner reveals how the condition of entry into the public sphere for African American intellectuals in the post civil rights era has been confinement to what Clark called the topic that is reserved for blacks
