Radical Joe A Life Of Joseph Chamberlain:

Radical Joe Denis Judd,1977 Joseph Chamberlain 8 July 1836 2 July 1914 was a British politician and statesman Unlike most major politicians of the time he was a self made businessman and had not attended either Oxford or Cambridge university Wikipedia

The Politics of Retirement in Britain, 1878-1948 John Macnicol,2002-04-18 A very important and thorough analysis of the debate on retirement and state pensions in Britain

Never at War Spencer R. Weart,1998-01-01 This lively survey of the history of conflict between democracies reveals a remarkable and tremendously important finding fully democratic nations have never made war on other democracies Furthermore historian Spencer R Weart concludes in this thought provoking book they probably never will Building his argument on some forty case studies ranging through history from ancient Athens to Renaissance Italy to modern America the author analyzes for the first time every instance in which democracies or regimes like democracies have confronted each other with military force Weart establishes a consistent set of definitions of democracy and other key terms then draws on an array of international sources to demonstrate the absence of war among states of a particular democratic type His survey also reveals the new and unexpected finding of a still broader zone of peace among oligarchic republics even though there are more of such minority controlled governments than democracies in history In addition Weart discovers that peaceful leagues and confederations the converse of war endure only when member states are democracies or oligarchies With the help of related findings in political science anthropology and social psychology the author explores how the political culture of democratic leaders prevents them from warring against others who are recognized as fellow democrats and how certain beliefs and behaviors lead to peace or war Weart identifies danger points for democracies and he offers crucial practical information to help safeguard peace in the future

Managing the South African War, 1899-1902 Keith Terrance Surridge,1998 Of all the wars fought by Britain between 1815 and 1914 the South African War was the most extensive and costly This book offers a survey of the disputes which arose between the British government and the era s most famous soldiers

The Transformation of Urban Liberalism James Moore,2017-11-30 The Transformation of Urban Liberalism re evaluates the dramatic and turbulent political decade following the Third Reform Act and questions whether the Liberal Party s political heartlands the urban boroughs really were in decline In contrast to some recent studies it does not see electoral reform the Irish Home Rule crisis and the challenge of socialism as representing a fundamental threat to the integrity of the party Instead this book illustrates using parallel case studies how the party gradually began to transform into a social democratic organisation through a re evaluation of its role and policy direction This process was not one directed from the centre despite the important personalities of Gladstone and Rosebery but rather one heavily influenced by grass roots politics Consequently it suggests that late Victorian politics was more democratic and open than sometimes thought with leading urban politicians forced to respond to the demands of party activists Changes in the structure of urban rule produced new policy outcomes and brought

new collectivist forms of New Liberalism onto the political agenda Thus it is argued that without the political transformations of the decade 1885 1895 the radical liberal governments of the Edwardian era would not have been possible *Cities of Empire* Tristram Hunt,2014-11-25 An original history of the most enduring colonial creation the city explored through ten portraits of powerful urban centers the British Empire left in its wake At its peak the British Empire was an urban civilization of epic proportions leaving behind a network of cities which now stand as the economic and cultural powerhouses of the twenty first century In a series of ten vibrant urban biographies that stretch from the shores of Puritan Boston to Dublin Hong Kong New Delhi Liverpool and beyond acclaimed historian Tristram Hunt demonstrates that urbanism is in fact the most lasting of Britain s imperial legacies Combining historical scholarship cultural criticism and personal reportage Hunt offers a new history of empire excavated from architecture and infrastructure from housing and hospitals sewers and statues prisons and palaces Avoiding the binary verdict of empire as good or bad he traces the collaboration of cultures and traditions that produced these influential urban centers the work of an army of administrators officers entrepreneurs slaves and renegades In these ten cities Hunt shows we also see the changing faces of British colonial settlement a haven for religious dissenters a lucrative slave trading post a center of global hegemony Lively authoritative and eye opening *Cities of Empire* makes a crucial new contribution to the history of colonialism *The Problem of Freedom* Thomas C. Holt,1992 The Jamaican slave revolt of 1831 32 precipitated the abolition of slavery throughout the British colonial empire A century later the labor rebellion of 1938 marked the beginning of that empire s end Each event embraced a particular form of emancipation at issue in the first revolt was the freedom of the individual slave at issue in the second was the freedom of the society itself The century that separated these watersheds in British colonial history was one of extraordinary transformations in British ideology in economic and social policy and in the lives of Jamaican freed people and their descendants In *The Problem of Freedom* Thomas C Holt offers an intriguing analysis of this period exploring the meaning and reality of freedom in the context of slave emancipation in Jamaica the largest West indian colony of the nineteenth century s major world power **Nineteenth Century Prose** ,1991 **Ireland, Radicalism, and the Scottish Highlands, c.1870-1912** Andrew Newby,2019-08-06 No detailed description available for Ireland Radicalism and the Scottish Highlands c 1870 1912 **Science and Empire** Paul F. Crane,2002-08-22 East Coast fever is a lethal disease of cattle caused by a parasite that multiplies within T lymphocytes causing them to become lymphoblasts that behave like cells in leukaemia and lymphoma This is the story of the disease and its effects on farmers as well as of the scientists who studied it The disease was unknown to western science or to veterinary practice until it was introduced into Rhodesia in 1901 It devastated the cattle raising and ox cart dependent transport systems of Rhodesia and South Africa and was not fully brought under control for some 50 years The book describes the social and economic impact of the outbreak the scientific investigations into it and the effort to control it The scientific study of the disease was done in part by the famous bacteriologist Robert Koch whose many

early errors had a negative effect on later investigators whose work was far more sound
