Radical Revisions Rereading 1930s Culture:

Radical Revisions Bill Mullen, Sherry Lee Linkon, 1996 *Radical Revisions* brings together some of the best and most exciting recent work on the literature and popular culture of the 1930s Contributors examine a wide range of texts from classics such as Tillie Olsen's *Yonnondio* to popular icons such as King Kong and largely ignored novels such as Josephine Herbst's *The Wedding Drawing* on recent theories of gender class race ethnicity and representation they reexamine texts previously brushed aside as artistically uninteresting or too popular to be taken seriously **BOOK JACKET Title Summary field** provided by Blackwell North America Inc All Rights Reserved *American Culture in the 1930s* David Eldridge, 2008-10-08 This book provides an insightful overview of the major cultural forms of 1930s America literature and drama music and radio film and photography art and design and a chapter on the role of the federal government in the development of the arts The intellectual context of 1930s American culture is a strong feature whilst case studies of influential texts and practitioners of the decade from *War of the Worlds* to *The Grapes of Wrath* and from Edward Hopper to the Rockefeller Centre help to explain the cultural impulses of radicalism nationalism and escapism that characterize the United States in the 1930s

The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker, Andrew Thacker, 2009 This volume contains 44 original essays on the role of periodicals in the United States and Canada Over 120 magazines are discussed by expert contributors completely reshaping our understanding of the construction and emergence of modernism *American Modernism and Depression Documentary* Jeff Allred, 2012-11-01 *American Modernism and Depression Documentary* surveys the uneven terrain of American modernity through the lens of the documentary book Jeff Allred argues that photo texts of the 1930s stage a set of mediations between rural hinterlands and metropolitan areas between elite producers of culture and the forgotten man of Depression era culture between a myth of consensual national unity and various competing ethnic and regional collectivities In light of the complexity this entails this study takes issue with a critical tradition that has painted the documentary expression of the 1930s as a simplistic and propagandistic divergence from literary modernism Allred situates these texts and the documentary modernism they represent as a central part of American modernism and response to American modernity as he looks at the impoverished sharecroppers depicted in the groundbreaking *Let Us Now Praise Famous Men* the disenfranchised African Americans in Richard Wright's polemical *12 Million Black Voices* and the experiments in Depression era photography found in *Life* magazine **The Cambridge Companion to American Literature of the 1930s** William Solomon, 2018-09-20 This Companion offers a compelling survey of American literature in the 1930s These thirteen new essays by accomplished scholars in the field provide re examinations of crucial trends in the decade the rise of the proletarian novel the intersection of radical politics and experimental aesthetics the documentary turn the rise of left wing theatres popular fictional genres the impact of Marxist thought on African American historical writing the relation of modernist prose to mass entertainment Placing such issues in their political and economic contexts this

Companion constitutes an excellent introduction to a vital area of critical and scholarly inquiry This collection also functions as a valuable reference guide to Depression era cultural practice furnishing readers with a chronology of important historical events in the decade and crucial publication dates as well as a wide ranging bibliography for those interested in reading further into the field

White Diaspora Catherine Jurca, 2001-03-04 In novels as disparate as Tarzan written by Tarzana California real estate developer Edgar Rice Burroughs Richard Wright's Native Son and recent fiction by John Updike and Richard Ford Jurca finds an emphasis on the suburb under siege a place where the fortunate tend to see themselves as powerless From Babbitt to Rabbit the suburban novel casts property owners living in communities of their choosing as dispossessed people Material advantages become artifacts of oppression and affluence is fraudulently identified as impoverishment The fantasy of victimization reimagines white flight as a white diaspora

Comrades and Critics Candida Rifkind, 2009-01-17 While Canadian historians have studied socialism in the 1930s and although there have been many studies of American and British literary leftists from this period Comrades and Critics is the first full length study of Canada's 1930s literary left Challenging dominant perceptions that this decade was a lull between the more celebrated modernist enterprises of the 1920s and 1940s Candida Rifkind argues that the events of the 1930s from mass unemployment to the dustbowl to the Spanish Civil War galvanized a generation of writers leading them to unite artistic practice and political action in provocative and influential ways Analyzing and recovering much neglected poems plays manifestoes and documentaries Rifkind demonstrates how leftist cultural production came to dominate English Canadian literature by the end of the decade She pays particular attention to the significant role that women writers played in this period and examines a diverse group of writers that included Dorothy Livesay Anne Marriott Irene Baird and Toby Gordon Ryan These writers negotiated the struggle to revolutionize both literature and politics while being subject to the gender hierarchies of socialism and literary modernism that continued long after the thirties came to an end A groundbreaking study in Canadian history and literature Comrades and Critics is a much needed examination of an important and still influential literary period

Ain't Got No Home Erin Royston Battat, 2014-03-17 Most scholarship on the mass migrations of African Americans and southern whites during and after the Great Depression treats those migrations as separate phenomena strictly divided along racial lines In this engaging interdisciplinary work Erin Royston Battat argues instead that we should understand these Depression era migrations as interconnected responses to the capitalist collapse and political upheavals of the early twentieth century During the 1930s and 1940s Battat shows writers and artists of both races created migration stories specifically to bolster the black white Left alliance Defying rigid critical categories Battat considers a wide variety of media including literary classics by John Steinbeck and Ann Petry lost novels by Sanora Babb and William Attaway hobo novellas images of migrant women by Dorothea Lange and Elizabeth Catlett popular songs and histories and ethnographies of migrant shipyard workers This vibrant rereading and recovering of the period's literary and visual culture expands our understanding of the migration

narrative by uniting the political and aesthetic goals of the black and white literary Left and illuminating the striking interrelationship between American populism and civil rights **Sisters and Rebels** Jacquelyn Dowd Hall, 2019-05-21 Winner of the 2020 PEN America Jacqueline Bograd Weld Award for Biography the 2020 Summersell Prize a 2020 PROSE Award and a Plutarch Award finalist The word befitting this work is masterpiece Paula J Giddings author of *Ida: A Sword Among Lions* Ida B Wells and the Campaign Against Lynching Descendants of a prominent slaveholding family Elizabeth Grace and Katharine Lumpkin were raised in a culture of white supremacy While Elizabeth remained a lifelong believer her younger sisters sought their fortunes in the North reinventing themselves as radical thinkers whose literary works and organizing efforts brought the nation's attention to issues of region race and labor National Humanities Award winning historian Jacquelyn Dowd Hall follows the divergent paths of the Lumpkin sisters tracing the wounds and unsung victories of the past Hall revives a buried tradition of Southern expatriation and progressivism explores the lost revolutionary zeal of the early twentieth century and muses on the fraught ties of sisterhood Grounded in decades of research the family's private papers and interviews with Katharine and Grace **Sisters and Rebels** unfolds an epic narrative of American history through the lives of three Southern women **The American Midwest in Film and Literature** Adam R. Ochonicky, 2021-12-22 A critical overview of the evolution contestation and fragmentation of the Midwest's symbolic and often contradictory meanings in American culture How do works from film and literature *Sister Carrie* *Native Son* *Meet Me in St Louis* *Halloween* and *A History of Violence* for example imagine reify and reproduce Midwestern identity And what are the repercussions of such regional narratives and images circulating in American culture In **The American Midwest in Film and Literature** Nostalgia Violence and Regionalism Adam R Ochonicky provides a critical overview of the evolution contestation and fragmentation of the Midwest's symbolic and often contradictory meanings Using the frontier writings of Frederick Jackson Turner as a starting point this book establishes a succession of Midwestern filmic and literary texts stretching from the late 19th century through the beginning of the 21st century and argues that the manifold properties of nostalgia have continually transformed popular understandings and ideological uses of the Midwest's place identity Ochonicky identifies three primary modes of nostalgia at play across a set of textual objects the projection of nostalgia onto physical landscapes and into the cultural sphere nostalgic spatiality nostalgia as a cultural force that regulates behaviors identities and appearances nostalgic violence and the progressive potential of nostalgia to generate an acknowledgment and possible rectification of ways in which the flawed past negatively affects the present nostalgic atonement While developing these new conceptions of nostalgia Ochonicky reveals how an under examined area of regional study has received critical attention throughout the histories of American film and literature as well as in related materials and discourses From the closing of the Western frontier to the polarized political and cultural climate of the 21st century this book demonstrates how film and literature have been and continue to be vital forums for illuminating the complex interplay of regionalism and nostalgia Ochonicky presents an

important reading of how nostalgia shapes the Midwest in the American imagination as a place of identity and violence Past and present slip in this compelling and well researched approach to the workings of contemporary culture Vera Dika author of *Recycled Culture in Contemporary Art and Film The Use of Nostalgia* By centering the concept of region Adam Ochonicky provides an insightful and refreshing reading of American popular culture In texts ranging from Richard Wright s *Native Son* to John Carpenter s *Halloween* Ochonicky demonstrates the complex terrain of the Midwest in our cultural imaginary and the diverse memories and meanings we project upon it Kendall R Phillips author of *A Place of Darkness The Rhetoric of Horror in Early American Cinema* Syracuse University
