Radical Roots The Shaping Of British Columbia:

Radical Roots Harold Griffin, 1999 **Scotland, empire and decolonisation in the twentieth century** Bryan Glass, John M. MacKenzie, 2017-03-01 This volume represents one of the first attempts to examine the connection between Scotland and the British empire throughout the entire twentieth century As the century dawned the Scottish economy was still strongly connected with imperial infrastructures like railways engineering construction and shipping and colonial trade and investment By the end of the century however the Scottish economy its politics and its society had been through major upheavals which many connected with decolonisation The end of empire played a defining role in shaping modern day Scotland and the identity of its people Written by scholars of distinction these chapters represent ground breaking research in the field of Scotland s complex and often changing relationship with the British empire in the period The introduction that opens the collection will be viewed for years to come as the single most important historiographical statement on Scotland and empire during the tumultuous years of the twentieth century A final chapter from Stuart Ward and Jimmi stergaard Nielsen covers the 2014 referendum **From Left to Right** Brian T. Thorn, 2016-07-22 In From Left to Right Brian Thorn explores what motivated Canadian women to become politically engaged in the 1940s and 50s Although women in these decades are often depicted as being trapped in the suburbs caring for children baking pies and leaving politics to men they joined diverse political parties including the Social Credit Party the Co operative Commonwealth Federation and the Communist Party of Canada Thorn argues controversially that while women on the left and right had different goals their activism continued to be informed by maternalism They used their roles as wives and mothers to influence their parties positions on war and unions to break down barriers between the private and public spheres and to push for a new world order Along the way they laid the foundations for the 1960s feminist movement Beyond Hope Beverley Boissery, Bronwyn Short, 2003-10 This pictorial history tells the stories of the lives involved in this tumultuous but decisive moment in Canadian history **Regulating Lives** John McLaren, Dorothy E. Chunn, Robert J. Menzies, 2002 Nine essays investigate the history of law as an instrument of social control moral regulation and the government focusing primarily on British Columbia Canada where most of the contributors work as scholars in law or criminology Among the areas they tackle are the sex trade the spread of venereal disease the use and abuse of liquor child welfare mental disorder intrafamily sexual abuse Aboriginal culture and traditions and Doukhobor beliefs and customs The studies rely on forays into archival material at the national provincial and local levels Annotation copyrighted by Book News Inc Portland OR **Not Fit to Stay** Sarah Isabel Wallace, 2017-01-31 In the early 1900s panic over the arrival of South Asian immigrants swept up and down the west coast of North America While racism and fear of labour competition were at the heart of this furor public leaders including physicians union leaders civil servants journalists and politicians latched on to unsubstantiated public health concerns to justify the exclusion of South Asians from British Columbia Washington Oregon and California Not Fit to Stay examines how and why

South Asians were excluded from immigration through legislation that took effect in Canada and the United States in the early twentieth century This book is an important study of how white North Americans saw first wave South Asian immigrants as separate from and inferior to other groups in the evolving racial hierarchy on the west coast of North America
