REVEREND SAM THE TECHNOLOGY OF SALVATION This is the promise of Sam brainchild of George Henderson George a religious speechwriter with little faith in anything except his own cynicism is facing pecuniary ruin due to his association with evangelical libertines He divines an absurdity of an idea a robot preacher who would be faultless All that would have to be supplied would be prerecorded sermons written by George for a nominal fee of course With the support of his financier cousin Eric and the animatronics genius of Louis O Cain George sets his plan in motion Sam s speeches soon become both popular and inflammatory Everyone from a suspicious government to spurned business partners begin pressing from the shadows leaving George walking a fine line between fortune and sedition
