| Additional information | It is important to avoid rotation of the ankle. The base of the first or the fifth metatarsals should not be visible on either side. |                                                                                    |
|                        |                                                     |  |

|                        |                                                                                                                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Position</b>        | <b>Lateral Calcaneus</b>                                                                                                                                                                                |
| Patient preparation    | Remove any artifacts in the desired field (e.g., clothing with hooks, snaps, zippers).                                                                                                                  |
| Shielding              | Place apron over pelvic area.                                                                                                                                                                           |
| Film selection         | 8 × 10                                                                                                                                                                                                  |
| Film placement         | Place horizontally on tabletop.                                                                                                                                                                         |
| ID placement           | ID should appear on one half of film containing distal calcaneus.                                                                                                                                       |
| Patient placement      | The patient is in the lateral recumbent position with the affected calcaneus centered to half of the cassette. The leg is in full extension with the foot forming a 90-degree angle with the lower leg. |
| Technique selection    | kVp 65 to 70; mAs 15 to 30 (nongrid)                                                                                                                                                                    |
| SID                    | 40"                                                                                                                                                                                                     |
| Central ray placement  | The central ray is directed perpendicularly, entering 10 below the medial malleolus.                                                                                                                    |
| Collimation            | To one half of the film size                                                                                                                                                                            |
| Marker placement       | Within the collimation field denoting the affected extremity                                                                                                                                            |
| Breathing instructions | Do not breathe. Do not move.                                                                                                                                                                            |
| Anatomy visualized     | This view demonstrates the lateral projection of the calcaneus to include the calcaneocuboid and talonavicular joint spaces.                                                                            |
| Additional information | The distal calcaneus is placed on the other side of the film.                                                                                                                                           |
