Rainbow People Of God The Making Of A Peaceful Revolution:

The Rainbow People of God Desmond Tutu, 1994 The Nobel Peace Prize winning Archbishop of Capetown South Africa gives readers the historical highlights of his extraordinary leadership of the anti apartheid movement From his letter to Prime Ministers to his sermons Tutu s presence in the anti apartheid movement has shaped and guided it to the success it has recently achieved

The Nobel Peace Prize and the Laureates Irwin Abrams, 2001 Presents brief biographical portraits of the 106 recipients of the Nobel Peace Prize during its 100 year history

Rainbow Theology Patrick S. Cheng, 2013-04 To date no book has systematically examined the theological writings of LGBT people of color Nor has any book explored how such writings might actually transform contemporary theological reflections on race and sexuality This book remedies these gaps by constructing a rainbow theology around the theme of bridging or mediation Rainbow Theology is the first book to reflect upon the theological significance of the intersections of race and queer sexuality across multiple ethnic and cultural groups This is particularly important in light of the current polarizing debates over issues of race sexuality and religion within churches and communities of faith around the world

Prophetic Rage Johnny Bernard Hill, 2013-12-19 In this book Johnny Bernard Hill argues that prophetic rage or righteous anger is a necessary response to our present culture of imperialism and nihilism The most powerful way to resist meaninglessness he says is refusing to accept the realities of structural injustice such as poverty escalating militarism genocide and housing discrimination Hill s Prophetic Rage is interdisciplinary integrating art music and literature with theology It is constructive passionate and provocative Hill weaves through a myriad of creative and prophetic voices of protest from Jesus to W E B DuBois Martin Luther King Jr Malcolm X and President Barack Obama as well as multiple approaches including liberation theology and black religion to reflect theologically on the nature of liberation justice and hope on contemporary culture

If Only We Could See Gary Commins, 2015-10-12 This analytical polemical and personal book creates a lively interaction between mysticism and activism Looking beyond superficial links between spirituality and justice it creates an in depth engagement of mysticism as an inner revolution and activism as a mirroring socioeconomic transfiguration Based on the twin premises of the mystical tradition and Social Gospel liberation theology that those who experience God in prayer or engage in social action ought to be our primary theologians it examines what these two traditions say about theology to each other and to us The broad synthesis that results from this fascinating dialogue brings new insights into mysticism activism theology and ethics and casts a unique light on how we pray and live If Only We Could See brings together a wealth of spiritual material from the early Desert medieval mystics and modern spiritual writers alongside an equally rich resource of abolitionists anti apartheid activists civil rights leaders nonviolent change agents and peacemakers The results yield valuable insights for a theology that challenges every personal and political status quo

Better Get It In Your Soul Steve Rush, Reid Hamilton, 2008-09-01 This book offers hope to the parish that is searching for a way to make their liturgies more meaningful in the local context Written by a

priest and musician who have worked together for many years in the Canterbury House ministry at the University of Michigan the methods described here demonstrate a respect for others gifts and skills discernment of the spiritual needs of the community and actively welcoming the creative force of the Holy Spirit to work even in the planning process Based on the liturgical format of the Book of Common Prayer Hamilton and Rush nevertheless outline their experience and ideas in ways that will be useful to all liturgical denominations

Pandemic Genres Neville Wallace Hoad, 2025-02-04 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more As HIV AIDS emerged as a public health crisis of significant proportions across sub Saharan Africa it became the subject of local and international interest that was at once prurient benevolent and interventionist Meanwhile the experience of Africans living with HIV AIDS became an object of aesthetic representation in multiple genres produced by Africans themselves These cultural representations engaged public discourse the public policy pronouncements of officials of postcolonial states an emerging global NGO speak and journalism In *Pandemic Genres* Neville Hoad investigates how cultural production novels poems films around the pandemic supplemented public discourse He shows that the long historical imaginaries of race empire and sex in Botswana Kenya and South Africa underwrote all attempts to bring the pandemic into public representation Attention to genres that stage themselves as imaginary particularly on the terrain of feeling may forecast possibilities for new figurations
