Created Equal Michael Pack, Mark Paoletta, 2022-06-21 Drawing on historical documents and exclusive interviews authors tell the inspiring story of Clarence Thomas's rise from a childhood of poverty and prejudice in the segregated South to Supreme Court Justice Companion to blockbuster documentary Created Equal Clarence Thomas in His Own Words but a fascinating stand alone read as well The full story behind the wildly successful documentary film Created Equal Clarence Thomas in His Own Words Born into dire poverty in the segregated South and abandoned by his father as a child Justice Clarence Thomas triumphed over seemingly insurmountable odds to become one of the most influential justices on the Supreme Court Yet after three decades of honorable service few know him beyond his contentious confirmation and the surrounding media firestorm Who is Justice Clarence Thomas in his own words In the follow up to the wildly successful documentary by the same name Created Equal builds on dozens of hours of groundbreaking one on one interviews with Thomas to share a new expanded account of his powerful story for the first time Producer Michael Pack and Mark Paoletta a lawyer who worked alongside Thomas during his confirmation dive deep into the Justice's story Drawing on a rich array of historical documents and unreleased conversations with Thomas his wife and those who knew him best Created Equal is a timeless account of faith race power and personal resilience

Well-functioning Families for Adoptive and Foster Children Joyce S. Cohen, Anne Westhues, 1990-12-15 The increase in adoption and fostering of children with special needs has been one of the most positive developments in Canadian child welfare over the past fifteen years But special needs children place greater demands on the adopting or fostering families and this in turn has led to increased disruption of placements This book will help child welfare professionals and students to assess situations so that disruption can be minimized It evolved from a clinical analysis which compared the characteristics of families who adopted and successfully maintained a special needs child with families who tried without success From this clinical analysis the authors developed a unique training program for adoption foster workers which is organized in four modules family assessment child assessment matching and maintenance They outline in detail the training program and the findings of the ensuing research project based on implementation of the program They also present a number of remarkable yet representative case studies to which theoretical concepts are applied along with a set of practical professional tools to aid child welfare workers in assessment and planning A survey of the relevant literature and an overview of child welfare organization are included This timely and innovative manual fills a gap in the child welfare literature It provides a much needed guide to the assessment and matching of children with adoptive and foster families and to the maintenance and support of those families

Tasting Temptation Dylann Crush, 2022-10-27 Amalie I've lived in Beaver Bluff Tennessee my entire life My only goal is to put myself through school working as a full time nanny so I can earn my degree and get the heck out of this small suffocating town When a run in with a cocky single dad lands both of us in the principal's office at my old elementary school I'm forced to find a way to

work with the nemesis from my past to set a good example for the kids As the two of us butt heads my frustration builds until I don't know if I'm on the edge of my breaking point or falling for the reformed bad boy Miller My son comes first He's my top priority and as a single dad I haven't had time to even look at a woman in over six long years So when I overreact during a school event and am forced to work with a gorgeous nanny to plan the spring fundraiser I suddenly find myself out of my league and going out of my mind She's everything I haven't been looking for and now desperately crave Unless I can convince her I've changed from the entitled asshole she knew as a kid I'll run out of time before I can make her mine Lose yourself in the richly crafted world of Beaver Bluff Tennessee where the whiskey flows freely and love is only ever a few pages away

**Middle School Optimist** Michael McCauley, 2014-03-04 Middle school is a land of opportunity a universe of high energy flux and change It is the happening place of education and brain growth but all too often middle school is a place that is misunderstood by parents and school districts Middle school doesn't have to be the ugly forgotten middle stepchild squeezed between the flagship older brother high school and the cute beloved little sister elementary school If you are a parent of a middle school student or a teacher at a middle school then you need to be relaxed and be an optimist

**Cornbread in Buttermilk** The Buntyn Family, 2015-11-20 This book is a panoramic view of a source of empowerment that was not recognized initially during the actual moments However with more hindsight the proper honor and respect is now given to a matriarch of our family with better clarity and significance To her as well as to others from the Southern states cornbread in buttermilk was considered as a delicacy yet for the Buntyn family Cornbread in Buttermilk symbolizes The Delicacies of Love and Sacrifice Through the snapshots of life with our grandmother Pappie you will be inspired to recapture the fleeting values in our social structure fear reverence of God faith in family and fundamental education

Michelle Mann,2025-08-25 When one of your tiny toddler s big emotions jumps up to bite you one of the greatest feelings of shame for many parents comes from not knowing how to handle it or worse still feeling like you haven t handled it well I m sure you don t need me to tell you but parenting can be tough You have a child destined for great things to be responsible for There is no perfect parent or child but somehow we always manage to find shame in not living up to these fanciful expectations It is a great service to your child to raise them with a strong will The world isn t an easy place to get along in Preparing your child to back themselves through life s trials is setting them up for success in the future Unfortunately it can also feel like setting yourself up for arguments in the supermarket snack aisle Describing a child as strong willed can often bring with it a hefty amount of negative baggage You went to the store for a gallon of milk but for some reason or another

you've left with a screaming toddler unable to fathom the logic of not being allowed a whole box of chocolate cookies on a whim. It feels like the entire store is glaring at you. It feels somewhere along the way somehow like you've failed as a parent. The reality is that perspective is everything especially in raising a toddler. This isn't a failure; this is an opportunity to help mold your child into a dynamic individual prepared for whatever the future holds. The change of perspective I want to share with you is understanding that the big emotions that often lead to meltdowns or tantrums or hissy fits often have nothing to do with you or your child's personality. They have everything to do with little minds processing ideas that are bigger than themselves. What I want to share with you is an understanding of the way those little minds are wired and strategies to help your child wrangle with these big feelings without all the tears. My book and your go-to guide *Raising Strong Willed Toddlers: Powerful Tools to Raising a Natural Leader* will teach you Strong-willed truths, the psychology behind why our children can act the way they do. Step-by-step techniques for managing key parenting battlegrounds like saying no, potty training, and many more. Tips for helping to nurture your child's strong will to grow it into genius or leadership ability in later life. How to keep your head when things get to be a little too much. All of these tips and strategies are backed by experience and a psychological understanding of the little minds; it is our responsibility to develop. Whether you're struggling to implement your own strategies or are completely at a loss for what to do, there's something in here to make parenting your strong-willed toddler that much more effective. There's no reason to battle through your child's toddler years with stress and high emotions. There's even less reason to think of yourself as a failure for not having all the answers already. There's no reason to think of yourself as an inadequate parent. Simply by picking up this book, you prove you're willing to learn and develop new techniques to do right by your kids.

**How Civilizations Die** David Goldman, 2011-09-19. Thanks to collapsing birthrates, much of Europe is on a path of willed self-extinction. The untold story is that birthrates in Muslim nations are declining faster than anywhere else at a rate never before documented. Europe, even in its decline, may have the resources to support an aging population if at a terrible economic and cultural cost. But in the impoverished Islamic world, an aging population means a civilization on the brink of total collapse, something Islamic terrorists know and fear. Muslim decline poses new threats to America; challenges we cannot even understand much less face effectively without a wholly new kind of political analysis that explains how desperate peoples and nations behave. In *How Civilizations Die*, David P. Goldman, author of the celebrated Spengler column read by intelligence organizations worldwide, reveals how almost unnoticed massive shifts in global power are remaking our future.

*Systemically Treating Autism* Brie Turns, Julie Ramisch, Jason B. Whiting, 2019-02-18. *Systemically Treating Autism* provides a unique resource for family therapists and other mental health professionals who want to increase their understanding of families with children with autism spectrum disorder (ASD). Through a combination of research, practical interventions, and case vignettes, this text covers the diagnosis of ASD, how ASD impacts the family, systemic theories that can be used when treating families with children with ASD, spirituality, and cultural dynamics, and collaboration with

other professionals Providing a systemic framework for conceptualizing a diagnosis that is typically discussed from an individual perspective this book guides mental health clinicians toward a better understanding of how they can help the entire family unit

**Woke Parenting** Faith G. Harper, Bonnie Scott, MS, MA, LPC, 2021-10-26 How do you raise your kids to be feminist anti racist gender inclusive self compassionate and with strong respect for boundaries and consent in a society that offers mixed messages on all these things especially when none of this was part of your own upbringing How can you prepare the next generation to find joy and stability and also cope with economic instability police brutality political polarization militant nationalism and environmental disaster Parents and therapists Dr Faith Harper and Bonnie Scott have written a parenting guide for the 21st century Drawing from their own experiences raising diverse politically active young people this book will help you raise a new generation of civil rights leaders and activists who will change the world for the better all while maintaining your own separate identity and relationships and without losing your mind

*I Want My Kids to Know Who God Really is* Barb Cantrell, 2022-06-14 In all ages faith has provided a backbone and common entity connection for the masses Faith need not tear people apart because it is a personal journey Where three such travelers meet in good faith Jesus is there Societal norms have shifted away from the Bible and active faith the type that actually works It is more important than ever to bless our children and give them a charge to carry out their faith in life Our families depend upon the government to raise our children in hope and that is not being done There is a deliberate effort to undermine faith in the USA for the purpose of weakening those in opposition to worldly plans Simply understanding the Hippocratic Oath as to Apollyon the devil can be a game changer Nearly every law passed these days is linked to a medical community that harms all day long and gives it oath to the devil Rule of law is imposed when the expected outcome is in opposition to the Constitution We must be wise as wolves to navigate it and yet remember the free flowing faith that Jesus wants us to own all our days so we can commune with Him daily and in times of need Our nation will fall to tyranny from within if we do not charge our children with keeping this a country under God Every walk of life is affected How would the LGBTQ community view their Democrat rescuers if they learned they were made gay and Democrat after it was found in a lab that a certain vitamin deficiency made rats homosexual and the science was applied to school lunch menus and after school snacks Would they still be useful digits suffering Stockholm Syndrome or would they rise against this maltreatment with anger at the loss of natural life and demand reparation and resignations Fathers mothers or grandparents if neither of the former are there lay hands on the child and bless them command them to do well by the Lord Command them to live long and multiply and prosper and be a light for the world
