Toward Surrender John Horan-Kates, 2017-01-27 *A Journey Toward Surrender* is a memoir describing how my view of leadership has evolved over fifty years Its a story in understanding a different and more freeing meaning of surrender From leading teams in government business and the non profit world I have developed an outlook that works The biggest challenge in leading comes down to one key necessity managing the ego If we could relinquish our ego investment the world would be a better and much more effective place I argue that there is a dynamic continuum or tension between responsibility and surrender that evolves throughout life and that to live well within this continuum one must realize that God is in control of the outcome In the end I contend that without a change of heart policy reforms are futile Without a deep assessment of ones moral character our actions will be based on what Scripture refers to as shifting sands **In Pursuit of Healing** Carl
