It is primarily a book on social work practice discussing how one might approach a specific health or mental health related problem or issue as a social worker. Health and mental health are conceptualized broadly in this volume. The health and well-being of body and mind are seen as integrally connected, shaped by biological, physical, psychological, material, social and structural features and determinants. Clients are viewed as active, engaged agents with strengths and resources from which to draw in meeting everyday challenges and major life crises. Contributions from around the world allow the social work student to learn about current practice in places as diverse as Australia, Finland, China, South Africa, Wales, Canada and the United States. Each chapter is accompanied by both reflection questions and a case study derived from practice and written to stimulate discussion that develops assessment and treatment planning skills. **Hitler: Downfall** Volker Ullrich, 2021-09-14. A riveting account of the dictator's final years when he got the war he wanted but led his nation, the world and himself to catastrophe from the author of *Hitler Ascent*. Skillfully conceived and utterly engrossing. *The New York Times Book Review*. In the summer of 1939, Hitler was at the zenith of his power. Having consolidated political control in Germany, he was at the helm of a newly restored major world power and now perfectly positioned to realize his lifelong ambition to help the German people flourish and to exterminate those who stood in the way. Beginning a war allowed Hitler to take his ideological obsessions to unthinkable extremes, including the mass genocide of millions, which was conducted not only with the aid of the SS but with the full knowledge of German leadership. Yet despite a series of stunning initial triumphs, Hitler's fateful decision to invade the Soviet Union in 1941 turned the tide of the war in favor of the Allies. Now Volker Ullrich, author of *Hitler Ascent 1889-1939*, offers fascinating new insight into Hitler's character and personality. He vividly portrays the insecurity, obsession with minutiae and narcissistic penchant for gambling that led Hitler to overrule his subordinates and then blame them for his failures. When he ultimately realized the war was not winnable, Hitler embarked on the annihilation of Germany itself in order to punish the people who he believed had failed to hand him victory. A masterful and riveting account of a spectacular downfall. Ullrich's rendering of Hitler's final years is an essential addition to our understanding of the dictator and the course of the Second World War. **Weekly World News**, 1989-08-29. Rooted in the creative success of over 30 years of supermarket tabloid publishing, the *Weekly World News* has been the world's only reliable news source since 1979. The online hub www.weeklyworldnews.com is a leading entertainment news site. *Indirect Subjects* Matthew H. Brown, 2021-08-23. In *Indirect Subjects*, Matthew H. Brown analyzes the content of the prolific Nigerian film industry's mostly direct-to-video movies alongside local practices of production and circulation to show how screen media play spatial roles in

global power relations Scrutinizing the deep structural and aesthetic relationship between Nollywood as the industry is known and Nigerian state television Brown tracks how several Nollywood films in ways similar to both state television programs and colonial cinema productions invite local spectators to experience liberal capitalism not only as a form of exploitation but as a set of expectations about the future This mode of address which Brown refers to as periliberalism sustains global power imbalances by locating viewers within liberalism but distancing them from its processes and benefits Locating the wellspring of this hypocrisy in the British Empire's practice of indirect rule Brown contends that culture industries like Nollywood can sustain capitalism by isolating ordinary African people whose labor and consumption fuel it from its exclusive privileges
