Rock Music A First:

Race, Class, and Nationalism in the Twenty-First-Century Caribbean Scott Timcke, Shelene Gomes, 2024-11 This collection of more than a dozen essays focuses on the political dynamics of race class and nationalism in the contemporary Caribbean Despite the plethora of studies on nationalism in the Caribbean few have attempted to look at the phenomenon as a political invention that does not and cannot serve the interests of all how essentialist reductive overdetermining nationalism is a political and conceptual confusion that forever stalls the project of universal human emancipation Editors Scott Timcke and Shelene Gomes gather and frame chapters that in their collective expression help trace the process of race class and nationalism through the contours of a broader political economic and social geography These chapters argue that notions of racial identity have changed over time but those reformations are not independent of class rule or nationalism By using several case studies that span the Anglo Dutch French and Spanish Caribbean and focus on the development of political organizations hardships and ideology each of these essays continues the struggle for liberation against elite entrenchment

Off-Broadway Musicals since 1919 Thomas S. Hischak, 2011-02-18 Although the venue Off Broadway has long been the birthplace of innovative and popular musicals there have been few studies of these influential works Long running champs such as *The Fantasticks* and *Little Shop of Horrors* are discussed in many books about American musicals but what of the hundreds of other Off Broadway musicals In *Off Broadway Musicals since 1919* Thomas Hischak looks at more than 375 musicals which are described discussed and analyzed with particular attention given to their books scores performers and creators Presented chronologically and divided into chapters for each decade beginning with the landmark musical *Greenwich Village Follies* 1919 the book culminates with the satiric *The Toxic Avenger* 2009 In this volume any work of consequence is covered especially if it was popular or influential but also dozens of more obscure musicals are included to

illustrate the depth and breadth of Off Broadway Works that introduced an important artistic talent from performers to songwriters are looked at and the selection represents the various trends and themes that made Off Broadway significant In addition to essential data about each musical the plot and score are described the success or lack of is chronicled and an opinionated commentary discusses the work s merits and influences on the musical theatre in general The first book of its kind this highly readable volume will please both the theatre scholar and the average musical theatre patron or fan

Ambassador Undercover David Scott,2019-04-24 The main purpose for writing this book is to inform readers about things God did during the seven years we were missionaries in New Zealand One of those things is what God did to prove to us that the Boxing Day tsunami that hit Indonesia Thailand Sri Lanka and Chennai India was a judgment from Him God also made us aware of why He did it Another thing is what He did to prove to us the double tsunami that hit the two main islands of Samoa was also a judgment from Him God also informed us why He did it We also have evidence in the book that the 7 500 earthquakes and aftershocks that hit Christchurch New Zealand were another judgment from God We also know why God did it All this is explained in detail in the book Those things will help readers better understand God s ways and inspire them to trust Him more May this book strengthen your faith to overcome every challenge you are facing **The Silent Musician**

Mark Wigglesworth,2019-03-21 Meditations on the craft of conducting written with grace and humor unfailingly light in spirit but sometimes profound The Washington Post The conductor formally attired imposingly poised above an orchestra baton waving dramatically is a familiar figure even for those who never set foot in a concert hall As a veritable icon for classical music the conductor has also been subjected to some ungenerous caricatures presented variously as unhinged gesticulator indulged megalomaniac or even outright impostor Consider for example Bugs Bunny as Leopold Stokowski dramatically smashing his baton and then breaking into erratic poses with a forbidding intensity in his eyes or Mickey Mouse in Fantasia unwittingly conjuring dangerous magic with carefree gestures he doesn t understand As these clich s betray there s an aura of mystery around what a conductor actually does often coupled with disbelief that he or she really makes a difference to the performance we hear The Silent Musician deepens our understanding of what conductors do and why they matter Rather than providing an instruction manual or a history it explores the role of the conductor in noiselessly shaping the music that we hear World renowned conductor Mark Wigglesworth deftly and wittily explores the philosophical underpinnings of conducting from the conductor s relationship with musicians and the music to the public and personal responsibilities conductors face and examines the subtler components of their silent art which include precision charisma diplomacy and passion Ultimately Wigglesworth shows how conductors by simultaneously keeping time and allowing time to expand manage to shape ensemble music into an immersive transformative experience without ever making a sound Rich in musical insights and phrased with wit and elegance The Tablet *Historical Dictionary of Popular Music* Norman Abjorensen,2017-05-25 This book seeks to trace the rise of popular music identify its key figures and track the origins and

development of its multiple genres and styles all the while seeking to establish historical context It is fundamentally a ready reference guide to the broad field of popular music over the past two centuries It has become a truism that popular music so pervasive in the modern world constitutes a soundtrack to our lives a constant though changing presence as we cross thresholds and grow from children to teenagers to adults But it has become more than a soundtrack it has become a narrative Not just an accompaniment to our daily lives but incorporating our lives our sense of identity our lived experiences into it We have become part of the music just as the music has become part of us The Historical Dictionary of Popular Music contains a chronology an introduction an appendix and an extensive bibliography The dictionary section has over 1000 cross referenced entries on major figures across genres definitions of genres technical innovations and surveys of countries and regions This book is an excellent resource for students researchers and anyone wanting to know more about popular music
