Rock Revival 20 Songs From The Rock Revolution:

Rock Music Data Hannah Martin, AI, 2025-02-22 Rock Music Data explores the evolution of rock music through the objective lens of data analysis moving beyond subjective opinions to examine sales figures concert attendance and chart performance This approach provides unique insights into the genre s commercial and cultural impact revealing hidden trends and challenging conventional wisdom about rock s trajectory For instance sales data pinpoints peak popularity periods while attendance records demonstrate the increasing scale of rock performances highlighting how the music industry grew alongside the genre The book approaches its subject chronologically beginning with the rise of rock and roll in the 1950s and 60s tracing its explosion using sales figures and chart data It then analyzes the arena rock era of the 70s and 80s using concert attendance records to demonstrate the increasing commercialization of rock Finally the fragmentation of rock in the 90s and 2000s is examined using data to pinpoint the rise of alternative rock grunge and the impact of digital music making it valuable to anyone interested in music history and the music industry

All Music Guide to Rock Vladimir Bogdanov, Chris Woodstra, Stephen Thomas Erlewine, 2002-04 This fun to read easy to use reference has been completely updated expanded and revised with reviews of over 12 000 great albums by over 2 000 artists and groups in all rock genres 50 charts

The Rock Music Imagination Robert McParland, 2019-08-09 The Rock Music Imagination is an exploration of rock artists in their social and artistic contexts particularly between 1964 and 1980 and of rock music in relation to literature that is creative expression fantastic imagination and contemporary fiction about rock Robert McParland analyzes how rock music touches our imaginative lives by looking at themes that appear in classic rock music freedom and liberation utopia and dystopia community rebellion the outsider the quest for transcendence monstrosity erotic and spiritual love imaginative vision and mystery The Rock Music Imagination explores blues imagination countercultural dreams of utopia rock s critiques of society and images of dystopia rock s inheritance from romanticism science fiction and mythic imagination in progressive rock and rock s global reach and potential to provide hope and humanitarian assistance

Global Glam and Popular Music Ian Chapman, Henry Johnson, 2016-02-12 This book is the first to explore style and spectacle in glam popular music performance from the 1970s to the present day and from an international perspective Focus is given to a number of representative artists bands and movements as well as national regional and cultural contexts from around the globe Approaching glam music performance and style broadly and using the glam glitter rock genre of the early 1970s as a foundation for case studies and comparisons the volume engages with subjects that help in defining the glam phenomenon in its many manifestations and contexts Glam rock in its original term defining inception had its birth in the UK in 1970 71 and featured at its forefront acts such as David Bowie T Rex Slade and Roxy Music Termed glitter rock in the US stateside artists included Alice Cooper Suzi Quatro The New York Dolls and Kiss In a global context glam is represented in many other cultures where the influences of early glam rock can be seen clearly In this book glam exists at the intersections of glam rock

and other styles e g punk metal disco goth Its performers are characterized by their flamboyant and theatrical appearance clothes costumes makeup hairstyles they often challenge gender stereotypes and sexuality androgyny and they create spectacle in popular music performance fandom and fashion The essays in this collection comprise theoretically informed contributions that address the diversity of the world s popular music via artists bands and movements with special attention given to the ways glam has been influential not only as a music genre but also in fashion design and other visual culture

History of Rock Music Richard T. Dasher,1985 R.E.D. MusicMaster ... Deletions ,2001 **The Cool and the Crazy** Peter Stanfield,2015-04-08 Explosive Amazing Terrifying You won t believe your eyes Such movie taglines were common in the 1950s as Hollywood churned out a variety of low budget pictures that were sold on the basis of their sensational content and topicality While a few of these movies have since become canonized by film fans and critics a number of the era s biggest fads have now faded into obscurity The Cool and the Crazy examines seven of these film cycles including short lived trends like boxing movies war pictures and social problem films detailing the sordid and violent life of teenagers as well as uniquely 1950s takes on established genres like the gangster picture Peter Stanfield reveals how Hollywood sought to capitalize upon current events moral panics and popular fads making movies that were ripped from the headlines on everything from the Korean War to rock and roll As he offers careful readings of several key films he also considers the broader historical and commercial contexts in which these films were produced marketed and exhibited In the process Stanfield uncovers surprising synergies between Hollywood and other arenas of popular culture like the ways that the fashion trend for blue jeans influenced the 1950s Western Delivering sharp critical insights in jazzy accessible prose The Cool and the Crazy offers an appreciation of cinema as a pop medium unabashedly derivative faddish and ephemeral By studying these long burst bubbles of 1950s pop Stanfield reveals something new about what films do and the pleasures they provide 21st Century Perspectives on Music, Technology, and Culture R. Purcell,R. Randall,2016-04-08 This collection presents a contemporary evaluation of the changing structures of music delivery and enjoyment Exploring the confluence of music consumption burgeoning technology and contemporary culture this volume focuses on issues of musical communities and the politics of media **The Hippies and American Values** Timothy A. Miller,2025-09-02 Turn on tune in drop out Timothy Leary advised young people in the 1960s And many did creating a counterculture built on drugs rock music sexual liberation and communal living The hippies preached free love promoted flower power and cautioned against trusting anyone over thirty Eschewing money materialism and politics they repudiated the mainstream values of the times Along the way these counterculturists created a lasting legacy and inspired long lasting social changes The Hippies and American Values uses an innovative approach to exploring the tenets of the counterculture movement Rather than relying on interviews conducted years after the fact Timothy Miller uses underground newspapers published at the time to provide a full and in depth exploration This reliance on primary sources brings an immediacy and vibrancy rarely seen in other studies of the period

Miller focuses primarily on the cultural revolutionaries rather than on the political radicals of the New Left. It examines the hippies' ethics of dope, sex, rock, community and cultural opposition and surveys their effects on current American values. Filled with illustrations from alternative publications along with posters, cartoons and photographs, *The Hippies and American Values* provides a graphic look at America in the 1960s. This second edition features a new introduction and a thoroughly updated, well-documented text. Highly readable and engaging, this volume brings deep insight to the counterculture movement and the ways it changed America. The first edition became a widely used course adoption favorite and scholars and students of the 1960s will welcome the second edition of this thought-provoking book. *Music in the 20th Century (3 Vol Set)* Dave DiMartino, 2016-04-15 This is an examination of the crucial formative period of Chinese attitudes toward nuclear weapons, the immediate post-Hiroshima/Nagasaki period and the Korean War. It also provides an account of US actions and attitudes during this period and China's response. **Electronic Age**, 1968 **Billboard**, 1973-05-12 In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital events brand, content and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends. **All Music Guide** Vladimir Bogdanov, Chris Woodstra, Stephen Thomas Erlewine, 2001-11 Arranged in sixteen musical categories, it provides entries for twenty thousand releases from four thousand artists and includes a history of each musical genre. **"Jews, Race and Popular Music"** Jon Stratton, 2017-07-05 Jon Stratton provides a pioneering work on Jews as a racialized group in the popular music of America, Britain and Australia during the twentieth and early twenty-first centuries. Rather than taking a narrative historical approach, the book consists of a number of case studies looking at the American, British and Australian music industries. Stratton's primary motivation is to uncover how the racialized positioning of Jews, which was sometimes similar but often different in each of the societies under consideration, affected the kinds of music with which Jews have become involved. Stratton explores race as a cultural construction and continues discussions undertaken in Jewish Studies concerning the racialization of the Jews and the stereotyping of Jews in order to present an in-depth and critical understanding of Jews, race and popular music. *Rocking the Closet* Vincent L. Stephens, 2019-10-16 The all-embracing whaddya got nature of rebellion in Fifties America included pop music's unlikely challenge to entrenched notions of masculinity. Within that upheaval, four prominent artists dared to behave in ways that let the public assume but not see their queerness. That these artists cultivated ambiguous sexual personas often reflected an understandable fear but also a struggle to fulfill personal and professional expectations. Vincent L. Stephens confronts notions of the closet, both coming out and staying in, by analyzing the careers of Liberace, Johnny Mathis, Johnnie Ray and Little Richard. Appealing to audiences hungry for novelty and exoticism, the four pop icons used performance and queering techniques that ran the gamut. Liberace's flamboyance shared a spectrum with Mathis's intimate sensitivity, while Ray's overwrought displays as Mr. Emotion seemed worlds apart from Little Richard's raise-the-roof

joyousness As Stephens shows the quartet not only thrived in an era of gray flannel manhood they pioneered the ways generations of later musicians would consciously adopt sexual mystery as an appealing and proven route to success SPIN,1997-11 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the energy of today s most innovative sounds Whether covering what s new or what s next SPIN is your monthly VIP pass to all that rocks *Billboard* ,1979-06-09 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Songwriting Stephen Citron,2008-04 Songwriting is both a comprehensive course for beginning and experienced songwriters and a rich source of new ideas inspiration and tricks of the trade for those who have already achieved professional standing This new edition not only contains all of the original volume s cogent advice on how to write the always popular genres the country song the ballad and the love song but it has been revised to include examples of hard rock acid heavy metal bubblegum hip hop salsa rap gangsta reggae ska soul and many other of today s most recorded styles finding a song concept distilling the hook choosing a form adding harmony and selecting rhythm an appendix telling how to copyright computerize notate record and sell your song and full glossary of musical and songwriting terms an explanation of rap speak with a useful section on rhyme for rap songs many musical examples of well known songs and a complete index For the novice Stephen Citron goes step by step through the writing of a song presupposing no prior knowledge of notation harmony rhythmic values or rhyme For the more experienced songwriter Songwriting will serve as a one stop reference and as an endless source of fresh ideas **Pop-Feminist Narratives** Emily Spiers,2018-04-12 In Pop Feminist Narratives Emily

Spiers explores the recent phenomenon of pop feminism and pop feminist writing across North America Britain and Germany Pop feminism is characterised by its engagement with popular culture and consumerism its preoccupation with sexuality and transgression in relation to female agency and its thematisation of intergenerational feminist discord portrayed either as a damaging discursive construct or as a verifiable phenomenon requiring remediation Central to this volume is the question of theorising the female subject in a postfeminist neoliberal climate and the role played by genre and narrative in the articulation of contemporary pop feminist politics The heightened visibility of mainstream feminist discourse and feminist activism in recent years especially in North America Britain and Germany means that the time is ripe for a coherent comparative scholarly study of pop feminism as a transnational phenomenon This volume provides such an account of pop feminism in a manner which takes into account the varied and complex narrative strategies employed in the telling of pop feminist stories across multiple genres and platforms including pop literary fiction the popular guide to feminism film music

and the digital The Cultural Industries David Hesmondhalgh, 2012-12-10 At once brilliant and accessible it is without peer when it comes to detailing the big picture and complex nuances of how cultural industries work Every student of the media should have this book on their shelf Jennifer Holt University of California Sometimes provocative always insightful and refreshingly direct No one could study the culture industries without engaging with its vision and argumentation Sonia Livingstone LSE Comprehensive and critical authoritative and analytical this is a wonderful book that will absorb stimulate and educate students of media and cultural studies for years to come Des Freedman Goldsmiths University of London An exceptional achievement for its scale for its comprehensiveness and for the level headed intelligence that is the hallmark of Hesmondhalgh's writing Graeme Turner University of Queensland Undisputedly a classic the third edition of this essential media studies text scrutinizes the changes in creative economy and cultural production in the global media This book gives you Guided further reading that takes you directly to the must read research articles and online resources Brand new examples covering social media digital publishing reality TV and talent shows Examples spotlighting the emerging markets in China India Asia and Africa Analysis of the economic crisis and its impact on media structures and industries Insight into new products and the influence on consumer electronics and IT companies including Apple Facebook and Google As one of the most read most studied and most cited media studies texts this new edition is a must for any student of media and communication studies the creative industries cultural studies and the sociology of the media
