Rock And A Hard Place One Boys Triumphant Story:

A Rock and a Hard Place Anthony Godby Johnson, 1994-05-18 Written with maturity and wisdom this book gives voice to the most eloquent and tragic young writer since Ann Frank Johnson's story of AIDS abuse and hope received extensive media coverage Foreword by Paul Monette Afterword by Fred Rogers with a new Afterword by the author *Bury Me Naked* Teamhw SbonguJesu, 2023-09-17 *Bury Me Naked* is driven by its hard hitting language accessible images and depth of feeling The poems are set in the poet's home village of KwaGezubuso and show the tough life of young people in South Africa's neglected rural areas Many poems are religious with a respectful but irreverent attitude to God *Beyond Explicit* Helen Hester, 2014-01-23 This original contribution to porn studies aims to interrogate previously untheorized changes in contemporary understandings of the pornographic Helen Hester argues that the words porn and pornographic are currently being applied to an ever expanding range of material and that this change in language usage reflects a wider shift in perception She suggests that we are witnessing a seemingly paradoxical move away from sex within contemporary understandings of porn as a range of other factors come to influence the concept Using examples from media literature and culture and discussing the rise of notions such as torture porn and misery porn Hester's argument ranges from sexually explicit German novels and British policy documents to a discussion of the differences between European and American editions of pornographic films She concludes that four factors in particular transgression intensity prurience and authenticity can be seen to influence the way that we think about porn **Bunk** Kevin Young, 2017-11-14 Longlisted for the National Book Award for Nonfiction There Kevin Young goes again giving us books we greatly need cleverly disguised as books we merely want Unexpectedly essential Marlon James Award winning poet and critic Kevin Young tours us through a rogue's gallery of hoaxers plagiarists forgers and fakers from the humbug of P T Barnum and Edgar Allan Poe to the unrepentant bunk of JT LeRoy and Donald J Trump Bunk traces the history of the hoax as a peculiarly American phenomenon examining what motivates hucksters and makes the rest of us so gullible Disturbingly Young finds that fakery is woven from stereotype and suspicion race being the most insidious American hoax of all He chronicles how Barnum came to fame by displaying figures like Joice Heth a black woman whom he pretended was the 161 year old nursemaid to George Washington and What Is It an African American man Barnum professed was a newly discovered missing link in evolution Bunk then turns to the hoaxing of history and the ways that forgers plagiarists and journalistic fakers invent backstories and falsehoods to sell us lies about themselves and about the world in our own time from pretend Native Americans Grey Owl and Nasdijj to the deadly imposture of Clark Rockefeller from the made up memoirs of James Frey to the identity theft of Rachel Dolezal In this brilliant and timely work Young asks what it means to live in a post factual world of truthiness where everything is up for interpretation and everyone is subject to a pervasive cynicism that damages our ideas of reality fact and art **Textual Deceptions** Sue Vice, 2014-10-08 No detailed description available for Textual Deceptions Broken Spirits Lost Souls Jane

E. Ryan, 2004 *Broken Spirits Lost Souls* provides a rare valuable look at a silent yet potentially deadly problem plaguing families today Reactive Attachment Disorder RAD Children born into crisis or ambivalence are vulnerable to attachment disturbances because the roots of this horrendous disorder occur when basic life enhancing needs of newborns and infants go unnoticed or unmet Consequently children who are victims of early neglect or trauma are at grave risk The candid stories in *Broken Spirits Lost Souls* told by parents of disturbed youngsters paint a clear picture of their chilling dangerous behavior Attachment disorder may be demonstrated by out of control children as young as three years old By their teens these kids predictably defy authority and challenge every accepted familial and societal norm At their best individuals with RAD represent the embryonic stages of an antisocial personality at their worst they are full blown psychopaths consumed by the search for another victim RAD is not a rare phenomenon and is primarily preventable through early identification and by employing simple sound parenting skills

AIDS Narratives Steven F. Kruger, 2013-10-28 This is the first book-length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it

of contemporary American fiction of passing Its takes as its point of departure the return of racial and gender passing in the 1990s in order to make claims about wider trends in contemporary American fiction The book accounts for the return of tropes of passing in fiction by Phillip Roth Percival Everett Louise Erdrich Danzy Senna Jeffrey Eugenides and Paul Beatty by arguing meta critical and meta fictional tool These writers are attracted to the trope of passing because passing narratives have always foregrounded the notion of textuality in relation to the illegibility of black subjects passing as white The central argument of this book then is that contemporary narratives of passing are concerned with articulating and unpacking an analogy between passing and authorship Aimed at students and researchers it promises to inaugurate dialogue on the relationships between passing postmodernism and authorship in contemporary American fiction Text, Lies and Cataloging Jana Brubaker, 2018-07-09 What do James Frey's *A Million Little Pieces* Margaret B Jones *Love and Consequence*

and Wanda Koolmatrie's *My Own Sweet Time* have in common. None of these popular books are what they appear to be. Frey's fraudulent drug addiction memoir was really a semi-fictional novel. Jones' chronicle of her life in a street gang was a complete fabrication and Koolmatrie was not an Aboriginal woman removed from her family as a child as in her seemingly autobiographical account but rather a white taxi driver named Leon. Carmen, Deceptive literary works mislead readers and present librarians with a dilemma. Whether making recommendations to patrons or creating catalog records, objectivity and accuracy are crucial and can be difficult when a book's authorship or veracity is in doubt. This informative and entertaining study addresses ethical considerations for deceptive works and proposes cataloging solutions that are provocative and designed to spark debate. An extensive annotated bibliography describes books that are not what they seem. *Contesting Childhood* Kate Douglas, 2010-01-21. The late 1990s and early 2000s witnessed a surge in the publication and popularity of autobiographical writings about childhood. Linking literary and cultural studies, *Contesting Childhood* draws on a varied selection of works from a diverse range of authors from first time to experienced writers. Kate Douglas explores Australian accounts of the Stolen Generation, contemporary American and British narratives of abuse, the bestselling memoirs of Andrea Ashworth, Augusten Burroughs, Robert Drewe, Mary Karr, Frank McCourt, Dave Pelzer, and Lorna Sage among many others. Drawing on trauma and memory studies and theories of authorship and readership, *Contesting Childhood* offers commentary on the triumphs, trials, and tribulations that have shaped this genre. Douglas examines the content of the narratives and the limits of their representations as well as some of the ways in which autobiographies of youth have become politically important and influential. This study enables readers to discover how stories configure childhood within cultural memory and the public sphere. *A Lesbian Gay Guide to Selecting the Best-Fit College Or University and Enjoying the College Years* Donald W. Hinrichs, 2007. My brother wrote this book based on his own experiences and the experiences of hundreds of lesbian, gay, bisexual, and transgender students he counseled, talked to, and interviewed over the course of his 40-year teaching career. The confusion he experienced during college and the distress and intolerance he witnessed and heard about from students lead him to realize that some college and university environments are simply not healthy places for LGBT young people to learn and grow and to sort out their own sexuality. This book documents the problems LGBT students might encounter on campus and provides advice on how LGBT students can select the best fit college or university for them. Bill Hinrichs. *Boys Will be Men* Paul Kivel, 1999. While the women's liberation movement produced dynamic changes in society's assumptions about girls' roles, little has changed about our attitude toward the role of boys. Yet the cycle of violence and oppression will not stop until boys are raised to become part of the struggle to end it. *Boys Will Be Men* is for all parents who have a vision of a society where peace and justice exist for parents raising their sons in economically disadvantaged communities, for feminists who feel confused about raising their sons, and for parents of color who need to add their sons' strength to their communities. **LGBTQ America Today** John Charles Hawley, 2008-11-30. Lesbian, gay, bisexual,

transgender and queer culture is a vibrant and rapidly evolving segment of the American mosaic. This book gives students and general readers a current guide to the people and issues at the forefront of contemporary LGBTQ America. Included are more than 600 alphabetically arranged entries on literature and the arts, associations and organizations, individuals, law and public policy, concerns, health and relationships, sexual issues, and numerous other topics. Entries are written by distinguished authorities and cite works for further reading, and the encyclopedia closes with a selected general bibliography. Students in social studies, history, and literature classes will welcome this book's illumination of American cultural diversity. LGBTQ Americans have endured many struggles, and during the last decade, in particular, they have made tremendous contributions to our multicultural society. Drawing on the expertise of numerous expert contributors, this book gives students and general readers a current overview of contemporary LGBTQ American culture. Sweeping in scope, the encyclopedia looks at literature and the arts, associations and organizations, individuals, law and public policy, concerns, health and relationships, sexual practices, and various other areas. Entries cite works for further reading, and the encyclopedia closes with a selected general bibliography. While extensive biographical entries give readers a sense of the lives of prominent lesbian, gay, bisexual, transgender, and queer Americans, the many topical entries provide full coverage of the challenges and contributions for which these people are known. The encyclopedia supports the social studies curriculum by helping students learn about cultural diversity, and it supports the literature curriculum by helping students learn about LGBTQ writers and their works.
