## Rock Stars:

**Rock Star/Movie Star** Landon Palmer, 2020-06-30 During the mid 1950s when Hollywood found itself struggling to compete within an expanding entertainment media landscape certain producers and studios saw an opportunity in making films that showcased performances by rock n roll stars Rock stars eventually found cinema to be a useful space to extend their creative practices and the motion picture and recording industries increasingly saw cinematic rock stardom as a profitable means to connect multiple media properties Indeed casting rock stars for film provided a tool for bridging new relationships across media industries and practices From Elvis Presley to Madonna this book examines the casting rock stars in films In so doing Rock Star Movie Star offers a new perspective on the role of stardom within the convergence of media industries While hardly the first popular music culture to see its stars making the transition to screen the timing of rock s emergence and its staying power within popular culture proved fortuitous for a motion picture business searching for its place in the face of continuous technological and cultural change At the same time a post star system film industry provided a welcoming context for rock stars who have valued authenticity creative autonomy and personal expression This book uses illuminating archival resources to demonstrate how rock stars have often proven themselves to be prominent film workers exploring this terrain of platforms old and new ideal media laborers whose power lies in the fact that they are rarely recognized as such Combining star studies with media industry studies this book proposes an integrated methodology for writing media history that combines the actions of individuals and the practices of industries It demonstrates how stars have operated as both the gravitational center of media production as well as social actors who have taken on a decisive role in the purposes to which their images are used Rock Stars: Inspirational Stories of Success by 100 of the Top Business Leaders, Athletes, Celebrities, and RockStars in the World

Craig Duswalt, 2021-05-21 It s the end of an era I have produced high energy content rich RockStar Marketing BootCamps for the past twelve years At my first BootCamp I was blessed to have approximately 250 people in the audience Over the years it continued to grow and at my April 2019 event we had more than 700 attendees **Rock Stars on the Record** Eric Spitznagel, 2021-02-23 An all star lineup of rock n rollers relay the uproariously wild sentimental and unexpected pre stardom stories behind their favorite records Rock Stars on the Record is a collection of first hand tales by artists of all ages backgrounds and musical influences remembering the meaning behind the records that mattered most to them From Laura Jane Grace to Ian MacKaye Don McLean to Cherie Currie Alice Bag to Mac DeMarco Perry Farrell to Suzi Quatro and Verdine White and many more bestselling author Eric Spitznagel talks to rock stars across the sonic spectrum about the albums that changed them in ways only music can change someone Everyone s most cherished childhood record be it a battered piece of vinyl torn cassette tape or scratched CD has a story and those stories can be more revealing about their owners than you might expect Read about how Weird Al Yankovic refined his accordion skills by playing along to Elton John s Goodbye Yellow Brick Road or how Fishbone s Angelo Moore saved his life

with a boombox and a Bad Brains album Or about how Wendy Melvoin and Lisa Coleman of Prince s longtime band The Revolution fell in love while trading mixtapes Each profile is more emotional fascinating and hilarious than the last So place that needle in the groove and prepare to hear something revelatory from your favorite rockers past and present Absolutely fascinating It s hard to believe that no one has done this before but now that I ve read it it seems totally obvious except that most journalists wouldn t be able to get people to talk so openly and compellingly about something that to an artist may feel very private I know these great musicians and their music better now Thank you Eric Daniel J Levitin bestselling author of This Is Your Brain on Music professor of Neuroscience and Music at McGill University in Montreal In asking a slew of rock stars about the record that changed their lives Eric Spitznagel also ferrets out fascinating backstories and unexpected anecdotes Who knew that Tommy Roe s granddaughter calls him the Justin Bieber of the 60s Or that Perry Farrell entertained his older siblings friends by dancing the Hully Gully at their parties Rock Stars on the Record is so much fun and more illuminating that you d expect Caroline Sullivan author of Bye Bye Baby My Tragic Love Affair with the Bay City Rollers
