Meikle,2016-01-20 From the Great Depression through the early postwar years any postcard sent in America was more than likely a linen card Colorized in vivid often exaggerated hues and printed on card stock embossed with a linen like texture linen postcards celebrated the American scene with views of majestic landscapes modern cityscapes roadside attractions and other notable features These colorful images portrayed the United States as shimmering with promise quite unlike the black and white worlds of documentary photography or Life magazine Linen postcards were enormously popular with close to a billion printed and sold Postcard America offers the first comprehensive study of these cards and their cultural significance Drawing on the production files of Curt Teich Co of Chicago the originator of linen postcards Jeffrey L Meikle reveals how photographic views were transformed into colorized postcard images often by means of manipulation adding and deleting details or collaging bits and pieces from several photos He presents two extensive portfolios of postcards landscapes and cityscapes that comprise a representative iconography of linen postcard views For each image Meikle explains the postcard s subject describes aspects of its production and places it in social and cultural contexts In the concluding chapter he shifts from historical interpretation to a contemporary viewpoint considering nostalgia as a motive for collectors and others who are fascinated today by these striking images *Rocky Mountain Druggist* ,1928

Statement of Disbursements of the House United States. Congress. House,1996 Covers receipts and expenditures of appropriations and other funds **Statement of Disbursements of the House** ,1998 **The Bird Cage Theater** Michael Paul Mihaljevich,2024-11-15 Tombstone Arizona is forever associated with Wyatt Earp Bat Masterson Doc Holliday and the legendary OK Corral gunfight that made it a cultural symbol of the Old West The town s most iconic and storied original building is the Bird Cage Theater a stunning example of late nineteenth century variety theaters that were a staple in entertainment around the globe The modest interior that was once filled with orchestra music cigar smoke laughter and whistles and cheers and jeers is now an empty canvas for the echoes of the past Every year tens of thousands of tourists are welcomed through its doors to experience an atmosphere that begs wonder and imagination Private and public tours of its interior have inspired questions evolving lore and conflicting stories In recent decades its history has been fabricated from

modern myth romantic fiction and pure fantasy Now for the first time historical researcher and author Michael Paul Mihaljevich has pieced together the real story of the Bird Cage It began in the months leading up to the OK Corral gunfight in 1881 when property owner William J Hutchinson engaged in a violent three way property war between lot owning citizens a corrupt townsite company and greedy mine owner Ed Field just to erect the building After its construction was completed Hutchinson kicked off a ten year performance run that saw more than 250 world traveling entertainers bring their array of acts to the people of Tombstone in scenes of classic western romance When mines faltered and the local economy edged toward death it was the Bird Cage that became the key player in the twentieth century revival that established Tombstone as a tourist Mecca and rescued it from near desertion **Museum Store** Colorado Historical Society. Manufacturing National Park Nature J. Keri Cronin,2011-07-01 National parks occupy a prominent place in the Canadian imagination yet we are only beginning to understand how their visual representation has shaped and continues to inform our perceptions of ecological issues and the natural world J Keri Cronin draws on historical and modern postcards advertisements and other images of Jasper National Park to trace how various groups and the tourism industry have used photography to divorce the park from real environmental threats and instead package it as a series of breathtaking vistas and adorable looking animals *Manufacturing National Park Nature* demonstrates that popular forms of picturing nature can have ecological implications that extend far beyond the frame of the image **The Valley of the Second Sons** Theodore Dru Alison Cockerell,2004 Please price the UK version to match the US prices I don t have this information at hand [Cold Case Research Resources for Unidentified, Missing, and Cold Homicide Cases](#) Silvia Pettem,2012-07-27 Cases in which all investigative leads appear to be exhausted are frustrating for both investigators and victims families Cold cases can range from those only a few months old to others that go back for decades Presenting profiles and actual case histories Cold Case Research Resources for Unidentified Missing and Cold Homicide Cases illustrat [The Lumiere Autochrome](#) Bertrand Lavédrine,Jean-Paul Gandolfo,2013-12-15 Louis Lumière is perhaps best known in the U S for his seminal role in the invention of cinema but his most important contribution to the history of photography was the autochrome Engagingly written and marvelously illustrated with over 300 images *The Lumière Autochrome History Technology and Preservation* tells the fascinating story of the first industrially produced form of color photography Initial chapters present the Lumière family enterprise set out the challenges posed by early color photography and recount the invention rise and eventual decline of the autochrome which for the first four decades of the twentieth century was the most widely used form of commercial color photography The book then treats the technology of the autochrome including the technical challenges of plate fabrication described in step by step detail and a thorough account of autochrome manufacture A long final chapter provides in depth recommendations concerning the preservation of these vulnerable objects including proper storage and display guidelines There are also engaging portfolios throughout the book showcasing autochrome photographs from around the world as part
