**A Rocky Road** Charles W. Bonner, 1983      **A History of Wine in America, Volume 2** Thomas Pinney, 2005-07-05 A History of Wine in America is the definitive account of winemaking in the United States first as it was carried out under Prohibition and then as it developed and spread to all fifty states after the repeal of Prohibition Engagingly written exhaustively researched and rich in detail this book describes how Prohibition devastated the wine industry the conditions of renewal after Repeal the various New Deal measures that affected wine and the early markets and methods Thomas Pinney goes on to examine the effects of World War II and how the troubled postwar years led to the great wine boom of the late 1960s the spread of winegrowing to almost every state and its continued expansion to the present day The history of wine in America is in many ways the history of America and of American enterprise in microcosm Pinney s sweeping narrative comprises a lively cast of characters that includes politicians bootleggers entrepreneurs growers scientists and visionaries Pinney relates the development of winemaking in states such as New York and Ohio its extension to Pennsylvania Virginia Texas and other states and its notable successes in California Washington and Oregon He is the first to tell the complete and connected story of the rebirth of the wine industry in California now one of the most successful winemaking regions in the world      **Empire of Vines** Erica Hannickel, 2013-10-09 The lush sun drenched vineyards of California evoke a romantic agrarian image of winemaking though in reality the industry reflects American agribusiness at its most successful Nonetheless as author Erica Hannickel shows this fantasy is deeply rooted in the history of grape cultivation in America Empire of Vines traces the development of wine culture as grape growing expanded from New York to the Midwest before gaining ascendancy in California a progression that illustrates viticulture s centrality to the nineteenth century American projects of national expansion and the formation of a national culture Empire of Vines details the ways would be gentleman farmers ambitious speculators horticulturalists and writers of all kinds deployed the animating myths of American wine culture including the classical myth of Bacchus the cult of terroir and the fantasy of pastoral republicanism Promoted by figures as varied as horticulturalist Andrew Jackson Downing novelist Charles Chesnutt railroad baron Leland Stanford and Cincinnati land speculator Nicholas Longworth known as the father of American wine these myths naturalized claims to land for grape cultivation and legitimated national expansion Vineyards were simultaneously lush and controlled bearing fruit at once culturally refined and naturally robust laying claim to both earthy authenticity and social pedigree The history of wine culture thus reveals nineteenth century Americans fascination with the relationship between nature and culture      **A Treatise on Raisin Production, Processing and Marketing** Vincent E. Petrucci, Carter D. Clary, Carter DeFriest Clary, 2002      **Pilgrimage to Jerusalem and the Holy Land, 1187-1291** Denys Pringle, 2016-04-08 This book presents new translations of a selection of Latin and French pilgrimage texts and two in Greek relating to Jerusalem and the Holy Land between the fall of Jerusalem to Saladin in 1187 and the loss of Acre to the Mamluks in 1291 It therefore complements

and extends existing studies which deal with the period from Late Antiquity to Saladin's conquest. Such texts provide a wealth of information not only about the business of pilgrimage itself but also on church history, topography, architecture and the social and economic conditions prevailing in Palestine in this period. Pilgrimage texts of the 13th century have not previously been studied as a group in this way and because the existing editions of them are scattered across a variety of rather obscure publications they tend to be underutilized by historians despite their considerable interest. For instance they are often more original than the texts of the 12th century representing first hand accounts of travellers rather than simple reworkings of older texts. Taken together they document the changes that occurred in the pattern of pilgrimage after the fall of Jerusalem in 1187 during its brief reoccupation by the Franks between 1229 and 1244 and during the period from 1260 onwards when the Mamluks gradually took military control of the whole country. In the 1250s/60s for example because of the difficulties faced by pilgrims in reaching Jerusalem itself there developed an alternative set of holy sites offering indulgences in Acre. The bringing of Transjordan, southern Palestine and Sinai under Ayyubid and later Mamluk control also encouraged the development of the pilgrimage to St Catherine's monastery on Mount Sinai in this period. The translations are accompanied by explanatory footnotes and preceded by an introduction which discusses the development of Holy Land pilgrimage in this period and the context, dating and composition of the texts themselves. The book concludes with a comprehensive list of sources and a detailed index.

A Cluster of Grapes is not a standard travel book; it is an adventure story. The adventure took place more than fifty years ago. Duffy had come home after two years of travelling in northern and eastern Europe. He wanted to go to university but had several months before he needed to apply. And so, unable to rest from roaming, he took off again heading south this time. He travelled alone through southern France and north-eastern Spain, Andorra, Corsica, Sardinia and Italy from Naples to Pisa. No ordinary traveller, Duffy rode a bicycle, slept in a tent, lived rough and loved it. Each day he filled a diary with details of his exploits, describing landscapes and cityscapes, architecture and art, wind, rain and storms with the flourish and flair of an artist, the perception and wordplay of a novelist. He tells it as he sees it, not always with kindness but with accurate, honest and perceptive observation. He often slips into the side roads of humour and whimsy, allowing his imagination wings, inviting the reader to join him in his frequent flights of fancy. As did travel writers of the past, Duffy seeks to entertain, excite, educate and inspire his readers of today. A Cluster of Grapes will do all of those.      *Personal Narrative of a Pilgrimage to Al-Madinah and Meccah* Richard F. Burton, 2019-09-25.
