Rogers College Thesaurus Revised Updatedpb 2001:

The Posttraumatic Self John P. Wilson, 2007-12-11 Filling a gap that exists in most traumatology literature The Posttraumatic Self provides an optimistic analysis of the aftermath of a traumatic event This work appreciates the potentially positive effects of trauma and links those effects to the discovery of one's identity character and purpose Wilson and his distinguished contributors explore the nature and dynamics of the posttraumatic self emphasising human resilience and prompting continued optimal functioning While taking into consideration pathological consequences such as posttraumatic stress disorder PTSD the authors study the impacts a traumatic event can have on one's inner self and they help the victims transform such an event into healthy self transcendent lifecycles The Posttraumatic Self will help victims and healers transform the way they deal with the complexities of trauma by making important connections that will allow for healing and growth

Attention, Cooperation, Purpose Robert French,Peter Simpson,2018-05-15 This book describes an approach based on attention that can help individuals and groups to cooperate more effectively It presents the first book length reassessment of Wilfred Bion s ideas on groups Every group has a purpose or purposes or as Bion put it every group however casual meets to do something The approach described here shows how individual group members use of attention both broad or evenly suspended and focused can promote a better understanding of purpose making it possible for them to do what they have met to do This work of attention enables group members to maintain a clear sense of their purpose and also to recognise how easily they can become distracted losing focus and dispersing their energies into activities that are off task The approach builds on the authors experience of using Bion s insights into group dynamics over twenty five years in different contexts formal and informal as group members managers leaders teachers consultants researchers family members and friends
