Rogue Real Estate Investor Collection Bryan Rundell, 2005-01-15 Rogue real estate investor collection is one of the most popular products on the market because it goes beyond merely giving tips and hints. It shows readers how to invest successfully and presents three exciting and profitable ways to achieve wealth through real estate investing: foreclosures, tax sales, and REITs.

Modern Real Estate Investing MBT Trawnegan Gall Harvey CPA, 2018-10-03 Modern Real Estate Investing introduces the nation to a new concept in real estate investment known as the Delaware Statutory Trust (DST). The DST is a synthesis of one hundred years of real estate securities and tax laws that provide an investment entity that allows the modern real estate investor to build a diversified portfolio of institutional grade real estate under protective securities regulations and enjoy the tax advantages of gain nonrecognition using IRC section 1031 like-kind exchanges. The book not only introduces the DST but also guides the reader through the investment process by providing perspective in the choosing of brokers, sponsors, and properties, as well as a more in-depth analysis of the DST offering. John Harvey CPA MBT author. The book provides a clear explanation of DSTs and how they provide opportunities for smaller investors access to institutional properties otherwise not available to them because of the large equity requirements and access to reasonable financing. The 1031 exchange is linked very nicely explaining the DST opportunity for diversification in more than one investment that helps balance overall risk in the 1031 exchange. Trump tax plan is expertly explained and its impact on the DST structure. Book describes clear example of the tax savings of a 1031 exchange and the benefit of compounding on deferred taxes avoided at time sale. Good examples of dos and don'ts in the 1031 exchange. Kosmas G Toskos DST investor.
