Rogues Rebels and Reformers Ted Robert Gurr,1976-09-01 *Rogues, Rebels, and Reformers* Ted Robert Gurr,1990
Terrorism Versus Democracy Paul Wilkinson,2011-02 Examines global terrorist networks and discusses the long term future of terrorism The Great Wave David Hackett Fischer,1996 Fischer has examined price records in many nations and finds that great waves of rising prices in the 13th 16th 18th and 20th centuries were all marked by price swings of increasing volatility falling wages a growing gap between rich and poor and an increase in violent crime family disintegration and cultural despair 109 graphs charts 7 maps *Zero Tolerance* Andrea Mcardle,Tanya Erzen,2001-03-01 Amadou Diallo Abner Louima Anthony Baez Patrick Dorismond New York City has been rocked in recent years by the fate of these four men at the hands of the police But police brutality in New York City is a multi dimensional phenomenon that refers not only to the hyperviolent response of white male police officers as in these cases but to an entire set of practices that target homeless people vendors and sexual minorities The complexity of the problem requires a commensurate response which Zero Tolerance fulfills with a range of scholarship and activism Offering perspectives from law and society women s studies urban and cultural studies labor history and the visual arts the essays assembled here complement and provide a counterpoint to the work of police scholars on this subject Framed as both a response and a challenge to official claims that intensified law enforcement has produced New York City s declining crime rates Zero Tolerance instead posits a definition of police brutality more encompassing than the use of excessive physical force Further it develops the connections between the most visible and familiar forms of police brutality that have sparked a new era of grassroots community activism and the day to day violence that accompanies the city s campaign to police the quality of life Contributors include Heather Barr Paul G Chevigny Derrick Bell Tanya Erzen Dayo F Gore Amy S Green Paul Hoffman Andrew Hsiao Tamara Jones Joo Hyun Kang Andrea McArdle Bradley McCallum Andrew Ross Eric Tang Jacqueline Tarry Sasha Torres and Jennifer R Wynn *Rogues, rebels and reformers. A political history of urban crime and conflict. In collab. with P.N. Grabosky, R.C. Hula a.o ,1976* **Deadly Force, Colonialism, and the Rule of Law** Joan Mars,2002-08-30 In post colonial countries such as Guyana the legacy of colonialism and its influence on policing and society is of crucial significance in developing an explanation for police violence and police caused homicide Mars applies a contextual approach grounded in the conflict theoretical perspective to explain and understand variations in police violence over time and she extends her study to include the social political and legal structure in which such actions are embedded Her findings support the notion that police violence is a function of decades of coercive state rule under British colonialism as well as the state s legitimization of violence in police work In this first study on police violence and homicide in Guyana Mars presents and analyzes data covering a 14 year period She also provides comparative and descriptive information on the use of excessive and deadly force by the police and in addition discusses laws relating to such incidents Mars finds little support for the community violence hypothesis in reference to Guyana and

concludes instead that the level of violence in the community and the everyday dangers of police work does not significantly influence the rates of police caused homicide in that country **Hitler's Children** Gerhard Rempel, 2015-07-15 Eighty two percent of German boys and girls between the ages of ten and eighteen belonged to Hitlerjugend Hitler Youth or one of its affiliates by the time membership became fully compulsory in 1939 These adolescents were recognized by the SS an exclusive cadre of Nazi zealots as a source of future recruits to its own elite ranks which were made up largely of men under the age of thirty In this book Gerhard Rempel examines the special relationship that developed between these two most youthful and dynamic branches of the National Socialist movement and concludes that the coalition gave nazism much of its passionate energy and contributed greatly to its initial political and military success Rempel center his analysis of the HJ SS relationship on two branches of the Hitler Youth The first of these the Patrol Service was established as a juvenile police force to pursue ideological and social deviants political opponents and non conformists within the HJ and among German youth at large Under SS influence however membership in the organization became a preliminary apprenticeship for boys who would go on to be agents and soldiers in such SS controlled units as the Gestapo and Death s Head Formations The second the Land Service was created by HJ to encourage a return to farm living But this battle to reverse the flight from the land took on military significance as the SS sought to use the Land Service to create defense peasants who would provide a reliable food supply while defending the Fatherland The transformation of the Patrol and Land services like that of the HJ generally served SS ends at the same time that it secured for the Nazi regime the practical and ideological support of Germany s youth By fostering in the Hitler Youth as national community of the young the SS believed it could convert the popular movement of nazism into a protomilitary program to produce ideologically pure and committed soldiers and leaders who would keep the movement young and vital **Gun Violence in America** Alexander DeConde, 2003 An in depth analysis of the folklore surrounding gun use and the state of the debate in today s political climate *The Rise of the Ku Klux Klan* Rory McVeigh, 2009 In *The Rise of the Ku Klux Klan* Rory McVeigh provides a revealing analysis of the broad social agenda of 1920s era KKK showing that although the organization continued to promote white supremacy it also addressed a surprisingly wide range of social and economic issues targeting immigrants and particularly Catholics as well as African Americans as dangers to American society **Contested Meanings** Joseph R. Gusfield, 1996 This work brings together a selection of the author s articles written over a period of 20 years observing the place of alcohol in American culture The text also contains several ethnographic studies of bars in San Diego and a study of court mandated programmes for drink drivers

Global Activism Ruth Reitan, 2012-08-21 This comprehensive study traces the transnationalization of activist networks analyzing their changing compositions and characters and examining the roles played by the World Social Forum in this process Comparing four of the largest global networks targeting the neoliberal triumvirate of the World Bank the IMF and the World Trade Organization the Jubilee anti debt campaigners Via Campesina peasant farmers Our World Is Not For Sale

and the anarchistic Peoples Global Action Written by a scholar activist the book highlights that despite their diversity these collective actors follow a similar globalizing path and that networks in which solidarity is based on a shared identity perceived as threatened by neoliberal change are gaining strength Social forums are depicted as a fertile ground to strengthen networks and a common ground for cooperative action among them but also a battleground over the future of the forum process the global anti neoliberal struggle and other possible worlds in the making Global Activism will appeal to students and scholars interested in globalization international relations IPE and social movements *Allan Pinkerton* Rhodri Jeffreys-Jones,2025-06-02 A deeply researched account of the life and legacy of the man who defined the profession of private eye Allan Pinkerton the world s most famous private detective has been an enduring source of fascination since the nineteenth century But the details of his impact business empire and private life have been incomplete Drawing on overlooked primary sources Rhodri Jeffreys Jones provides an authoritative account of the man and the Pinkerton National Detective Agency PNDA It is the story of how PNDA s founder and its successive generations of heirs put it at the center of American history for decades A small sampling of Pinkerton s activities includes providing intelligence in the Civil War pursuing high profile outlaws like Butch Cassidy and the Sundance Kid and protecting scabs in the Homestead lockout for which they became notorious The book continues telling PNDA s history into the twentieth century and analyzes the legacies of Pinkertonism up to the present General readers as well as scholars of American history will be fascinated by this rich new portrait of Pinkerton s accomplishments controversies and contradictions Clearinghouse Review ,1977 **Post-Cold War Conflicts in Africa** Augustine C Ohanwe,2009-07-31 During the Cold War ideological and politico military rivalries mostly dictated the actions of the competing blocs including their involvement in foreign conflicts In Africa for instance the East West rivalry of the time not only fuelled conflicts but also appeared to undermine the use of diplomacy as a tool for peacemaking and conflict resolution With the fall of the Berlin Wall in 1989 and the demise of the Soviet Union however there was a transformation of the conflict arena in the continent which presented new opportunities and threats This therefore raises a fundamental question of how the end of the Cold War has affected the character of conflicts and their successful management in Africa Using Liberia and Somalia as case studies Post Cold War Conflicts in Africa analyses how the post Cold War conflicts in these two countries and their management differed from what they would have been during the Cold War era It shows for instance that while in Liberia the major powers appeared content to cede the management of the conflict to the sub regional group ECOMOG in Somalia the conflict appeared to be turned into an arena for simple military experiment without any of the old Cold War ideological rivalries playing any role in its trajectory or management The book argues that the end of the Cold War offers an opportunity for the successful use of a new approach to conflict management in the continent which would be anchored on traditional African diplomacy This new approach would involve a triumvirate of eminent men and women from the continent regional peacekeeping forces and the warring factions themselves working in

concert to replace the rifle with talking till every one agrees American Politics Samuel P. Huntington,1981 Huntington examines the persistent gap between the promise of American ideals and the performance of American politics He shows how Americans have always been united by the democratic creed of liberty equality and hostility to authority but how these ideals have been frustrated through institutions and hierarchies needed to govern a democracy *Dance in the Cemetery* William W. Stein,1997 This is a biographical study of Jose Carlos Mariategui one of Latin America s greatest literary figures which is organized around the Lima scandal of 1917 At the time he was a young journalist of 23 an autodidact intellectual with an insurrectionary character The scandal erupted when he led a small group to the General Cemetery where a dancer gave her interpretation of Chopin s Funeral March Although the participants wished to have an artistic experience the reaction of the Lima elite was negative the performance was viewed in terms of lewdness and desecration the participants were arrested placed in prison their case was forwarded for criminal prosecution and the daily newspapers made the most out of the incident This study focuses on the scandal in the context of Peruvian society in 1917 It examines the roots of Mariategui s rebellion by exploring his manner of dealing with lameness and physical mutilation the desertion of his family by his father and Mariategui s search for a father figure his humble Andean roots on his mother s side and his ambivalence half yearning half hostility toward his father s elite social sector Throughout the work Mariategui s writings are quoted as illustrations and supplements to points made in the text The object is to answer the questions Why a dance Why a cemetery And why a dance in a cemetery by looking at patterns of repetition in Mariategui s life The study becomes a psychobiography as well as a literary one A History of American Law Lawrence Meir Friedman,2019 Renowned legal historian Lawrence Friedman presents an accessible and authoritative history of American law from the colonial era to the present day This fully revised fourth edition incorporates the latest research to bring this classic work into the twenty first century In addition to looking closely at timely issues like race relations the book covers the changing configurations of commercial law criminal law family law and the law of property Friedman furthermore interrogates the vicissitudes of the legal profession and legal education The underlying theory of this eminently readable book is that the law is the product of society In this way we can view the history of the legal system through a sociological prism as it has evolved over the years **Urban Criminology** Rowland Atkinson,Gareth Millington,2018-11-08 Urban Criminology offers an accessible analysis of our urban condition viewed through the prism of crime disorder and social harm This book gathers cutting edge treatments research field reports and critical examinations of crime and harm in cities from the disciplines of urban studies and criminology The social economic and political composition of cities and the various inequalities that mark out and drive the problem of crime in many cities today are foregrounded Readers follow a series of thematic engagements generating a deeper understanding of a range of key areas that include problems of violence social and spatial divisions housing policing and the role of the urban economy in issues of financial crime This book comes at a time of rising crime in many cities and complex responses by city

administrations and communities It presents a critical political thesis that crime in cities must be understood with reference to the varying social structures political forces and economic opportunities of cities These influences intersect to produce dramatic variations in victimisation and attempts at social control often felt most strongly around class and gender divisions To understand crime we must better understand the life of the city Urban Criminology seeks to present an integrated framework that brings to life these key issues and seeks to enthuse students of our urban condition to locate the harms within it and to identify ways of reducing the risk of crime This book is ideal reading for all students with an interest in cities crime community life urban sociology and urban cultures *Comparative Histories of Crime* Barry Godfrey, Clive Emsley, Graeme Dunstall, 2013-01-11 This book aims to both reflect and take forward current thinking on comparative and cross national and cross cultural aspects of the history of crime Its content is wide ranging some chapters discuss the value of comparative approaches in aiding understanding of comparative history and providing research directions for the future others address substantive issues and topics that will be of interest to those with interests in both history and criminology Overall the book aims to broaden the focus of the historical context of crime and policing to take fuller account of cross national and cross cultural factors
