Role Of Women In Rebuilding The Russian Economy:

The Role of Women in Rebuilding the Russian Economy Monica S. Fong, 1993-01-01 Also available in Russian Stock No 13015 ISBN 0 8213 3015 2 6 95 Price code 006 Women will contribute greatly to Russia's economic transformation given the right social and labor reforms The author suggests policy changes that would

Gender, Generation and Identity in Contemporary Russia Hilary Pilkington, 2002-09-11 This book explores the lives and expectations of young women in the new Russia looking at the enormous changes that the new social and economic environment have brought The authors draw on the growing literature on gender and generation in the West which has arisen as a result of the recognition that the experience of youth is classed, raced and gendered and that the experience of gender is mediated by class, race, ethnicity, sexuality and age They consider the role of the media, state and social institutions in shaping opportunities and experiences in the post-Soviet environment focusing on the strategies employed by individual women to reforge social identities in a society in which they have been dislocated more acutely than in any other postmodern society

Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Zirin, Irina Livezeanu, Christine D. Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian, Hapsburg and Ottoman empires, Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30,000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross-referenced and each volume includes indexes

Women in the Age of Economic Transformation Nahid Aslanbeigui, Steven Pressman, Gale Summerfield, 1994 The editors conclude that this is unlikely to be random; rather, it reflects the social and political condition of women Addressing these issues is thus essential if the burden of economic transformation is to be distributed fairly

Enhancing Women's Participation in Economic Development, 1994-01-01 Annotation Makes recommendations for removing the barriers women face in contributing to and benefiting from sustainable economic development International experience has proved that support for a stronger role for women in society contributes to economic growth through improved child survival rates, better family health and reduced fertility rates Nevertheless, women still face many barriers in contributing to and benefiting from development These include low investment in female education and health and restricted access to services and assets This study highlights five areas that could help change this inequitable situation: education, health, wage labor, agriculture and natural resource management and financial services A gender and development strategy is suggested that would take into account the relative roles and

responsibilities of women and men implying that the actions and attitudes of men must change The ideas presented in this paper are an example of the World Bank's commitment to mainstreaming gender concerns into its operations Although significant steps have already been taken in this direction there remains a long road ahead Also available French ISBN 0 8213 3023 3 Stock No 13023 Spanish ISBN 0 8213 3024 1 Stock No 13024

Russian Women in Politics and Society Norma Corigliano Noonan, 1996-10-21 An examination of women's roles in politics and society in the contemporary Russian Federation as it creates a new market economy and democratic course born of a millennium of history and nearly 75 years of authoritarian communist rule The stage is set in the introduction followed by an examination of the history of the Bolshevik socialist state in 1917 through the participation of women in recent multiparty elections in 1993 The tsarist and Communist gender culture is presented and the book then considers why and how the Soviet Union disintegrated Next the editors explore the reborn Russia of President Boris Yeltsin and women's rights under Soviet and post Soviet rule The book is enriched by statistical tables and glossaries of the names of leaders and terms for easy identification

Gender, Work and Wages in the Soviet Union K. Katz, 2001-07-19 The plight of women in post reform Russia has its roots in the combination of the new untrammelled market system and the old legacy of discrimination The Soviet Union was the first country to give women equal rights and equal pay but this was not carried through in practice This is the first study to apply modern econometrics to survey data collected in the USSR Analysis of data from Russia shows how legislative equality hid actual discrimination Katz also challenges the conventional wisdom that for ideological reasons Soviet manual workers were favoured over the highly educated

Gender Work and Wages in the Soviet Union includes a critical survey of economic theories of gender and wages and the Soviet wage system The final chapter brings the debate up to date by examining how old and new mechanisms of gender inequality interact in post Soviet Russia

A Guide to the World Bank, 2003 The World Bank Group works in more than 100 developing economies and is one of the world's largest sources of development assistance In 2002 the institution provided US 19.5 billion in loans to its client countries This guide reviews the organisation's history objectives and operations and looks at the five institutions that make up the World Bank Group the International Bank for Reconstruction and Development IBRD the International Development Association IDA the International Finance Corporation IFC the Multilateral Investment Guarantee Agency MIGA and the International Centre for Settlement of Investment Disputes ICSID

Democracy, Gender, and Social Policy in Russia Andrea Chandler, 2015-12-17 Through compelling and insightful analysis of the Russian case this book explores the role that social welfare plays in regime transitions It examines the role that gender and social welfare has played in Russia's post communist political evolution from Yeltsin's assumption of the presidency to Putin's return for a third term as president in 2012

Labor Markets and Social Policy in Central and Eastern Europe N. A. Barr, 1994 The Essence of Reform

Assisting Russia's Transition Gianni Zanini, 2002-01-01 This evaluation assesses the development effectiveness of the World Bank's lending and non lending

assistance to the Russian Federation since 1991 a 10 year period of tumultuous political economic and social change This report concludes that an assistance strategy concentrating on analytical and advisory services with limited financial support for Russia would have been more appropriate than one involving large volumes of adjustment lending *Democratization and Women's Grassroots Movements* Jill M. Bystydzienski, Joti Sekhon, 1999-07-22 Case studies examining the connections between women's local level political and social actions and the development of democratic systems The book illustrates how community based actions programs and organizations that allow women to determine their lives and participate in decision making contribute to the creation of a civil society and thus enhance democracy The case studies show how participation in grassroots movements promotes women's involvement in their organizations communities and in societal institutions as it influences state policy and empowers women in personal relationships **Poverty in Russia** Jeni Klugman, 1997-01-01 Annotation This book is the first systematic analysis of Russia's poverty and living standards since the country's independence Its primary goal is to quantify the nature and extent of changes in the welfare of Russians during the course of transition and beyond Part 1 establishes the economic and methodological framework within which poverty in the Russian Federation is studied Part 2 comprises a series of chapters that analyze poverty profiles and trends ranging across monetary and non monetary indicators Part 3 addresses selected critical aspects of the system of social support in the impact of public transfers the extent of private interhousehold transfers and public opinion about social problems **Mainstreaming Gender in World Bank Lending** Josette Murphy, 1997-01-01 Med spansk og fransk referat Pension Reform and the Development of Pension Systems Emily S. Andrews, 2006 Formal pension systems are an important means of reducing poverty among the aged In recent years however pension reform has become a pressing matter as demographic aging poor administration early retirement and unaffordable benefits have strained pension balances and overall public finances Pension systems have become a source of macroeconomic instability a constraint to economic growth and an ineffective and or inequitable provider of retirement income **Political and Historical Encyclopedia of Women** Christine Fauré, 2004-06-02 The original French edition of this encyclopedia the *Encyclopédie politique et historique des femmes* Second Edition has been lauded by French reviewers and now Routledge is pleased to publish this acclaimed resource in an English language edition From the Salic Law in medieval France to the American Revolution to today's women's representation in American and European politics this valuable resource discusses women's participation in Western political and historical transformation The 40 authoritative in depth articles written by an international team of scholars examine women's activism in areas such as voting emancipation equality and democracy providing students and general readers with an indispensable resource **Engendering Wealth And Well-being** Cathy Rakowski, 2018-02-19 The new international division of labor and the imposition of structural adjustment on Third World countries has necessitated a reexamination of development policies and a reevaluation of the role of gender in their success or failure Although women often bear the

heaviest burden under structural adjustment there is also considerable evidence of women being empowered through their responses to the challenges of economic restructuring Based on case study material from Eastern Europe the Islamic nations Africa China and Latin America this volume explores the significant contributions women make to the wealth and well being of their families and nations The contributors argue persuasively that women may hold the key to sustainable development an increasingly critical issue at a time when policymakers are reconsidering the full costs and benefits of a growth fixated development model One of the first to embody the new gender and development paradigm this book reports on research at the frontiers of knowledge and theory about the gendered outcomes of economic transformation restructuring and social change By incorporating voices from the South it makes a provocative addition to our understanding of the political economy of development and of the relationship between world ecology and the world economy

No More Heroines? Sue Bridger, Rebecca Kay, Kathryn Pinnick, 2005-08-04 With the collapse of Soviet rule and the emergence of independent Russia the image of Russian women in the Western imagination has changed dramatically The robust tractor drivers and athletes have been replaced by glamorous but vulnerable beauty queens or the dishevelled and downcast women trading goods on the streets The authors of this work take a closer look at what lies behind the above images and how Russian women are coping with a very different sort of life The main focus is on the effect of unemployment on Russian women and how they are coping with it Based on case studies and personal interviews carried out in the Moscow region in 1993 94 No More Heroines will provide both specialist and non specialist alike with access to the thinking of women and their organisations in Russia today

Women in Top management Bettina Al-Sadik-Lowinski, 2020-11-09 Ask 110 top female executives from five nations to reflect on their careers and leadership as part of an international scientific study and you will uncover a set of recommendations for women who want to become and remain international business leaders There is also invaluable advice for corporate managers wanting to recruit skilled women into executive positions This book is based on the authentic experiences and original words of the interviewees all of whom are senior female executives and on the author's analytical insights all set within a qualitative scientific framework In this international research project the Global Women Career Lab the author analyzes what motivates these fascinating role models how they plan their career trajectories what mechanisms they use to overcome obstacles and what leadership strategies have enabled these women to reach senior management positions The book offers the reader a remarkable insight into the experiences of women in top business positions in Russia China Japan France and Germany About the author Dr Bettina Al Sadik Lowinski is a researcher author and certified international mentor coach MCC Following a long management career in multinational companies she has worked as an international executive coach and expert on diversity in Germany France Japan and China Reviews A wealth of testimonials from female role models from all over the world with valuable advices for women pursuing professional development as well as for companies leveraging diversity for competitive advantage Hong Chow China CEO Roche Pharma Member of
