**Roles and Responsibilities of the Chief Financial Officer** Lucie Lapovsky, Mary P. McKeown-Moak, 2010-01-28 With demands for improved quality increasing competition for state and federal funds and the challenges of integrating technology into the curriculum higher education faces greater economic uncertainties than ever before The chief financial officer CFO of any higher education institution stands squarely in the middle of this maelstrom This issue of New Directions for Higher Education offers CFOs proven strategies for balancing the operating and capital budgets maximizing net enrollment revenues containing costs planning for the resource needs of technology identifying and managing risks and investing the endowment wisely The contributors discuss how CFOs can build positive relationships with key players in the campus financial planning and budget including admissions and financial aid staff state legislatures and the board investment committee This is the 107th issue of the quarterly journal New Directions for Higher Education

**Leadership through Collaboration** Ann S. Ferren, Wilbur W. Stanton, 2004-02-28 This book is organized around 11 topics including the skills and personal qualities needed to provide effective academic leadership strengthening the infrastructure for academic affairs through strategic planning facilities planning and technology integration the importance of developing new resources and linking them to academic priorities academic entrepreneurship assessing academic quality and improving programs and services continuous improvement the central importance of investing in the faculty and improving academic decisions The chief academic officer must be the voice for the campus academic purposes and a source of energy in supporting the activities of others Collaboration with colleagues across the institution is key to Ferren and Stanton's approach Their experiences in administrative roles ranging from department chair to provost have provided them with the ability to conduct and utilize many studies including budget adequacy modeling and salary equity studies These are issues for which the authors have been responsible for implementation and decision making allowing them to understand that collaborative processes and partnerships such as chairs with deans deans with vice presidents faculty with administrators or the CAO with members of the president's cabinet are as important as informed decision making Because CAOs are less likely to read what business officers and vice presidents for administration read this book attempts to integrate differing institutional perspectives and explain processes and criteria CAOs can tailor their decisions to institution circumstances and solve problems with greater insight
