Rolf Koppelsoliloquy:

Selbstgespräch Rolf Koppel, 2000-01-01 The faun the satyr Greek and Roman sculpture medieval saints these are the themes that photographer Rolf Koppel explores through a lifetime of self portraits Beautifully lit sensually satisfying and powerfully erotic Koppel's portraits have the smooth sculptural sensibility of Caravaggio or Michaelangelo A splendid gift for aficionados of the male nude The Nature of Still Life Peter Weiermair, 2001 The Nude Peter Weiermair, 2004 This volume presents a selection of 200 extraordinary images that reflect the central role played by the genre of the nude in the history of photography and in its experimentation Ever since the invention of photography in 1839 the nude has constituted a favorite subject among the practitioners of the medium Through numerous extraordinary examples this volume documents the historical and stylistic development of the nude from its origins with the first daguerreotypes to the provocative images of contemporary photographers Self-exposure Reed Massengill, 2005 The nude self portrait is perhaps the most intimate form of photography It delves deep into taboo territory and strips away the traditional barriers between artist and viewer Witnessing such a private act we may feel the queasy embarrassment of a voyeur but we are always compelled to look further The images cut to the core of issues of identity sexuality and ego and as they reveal an essential truth about their creators they also tell us something about ourselves Self Exposure features more than 100 works from both established masters and up and coming photographers many never before published This groundbreaking collection traces the development of the male self portrait from its earliest beginnings with such greats as Hippolyte Bayard Herbert Tobias and Andr Kert sz to the contemporary efforts of such artists as John Dugdale Anthony Goicolea and Yasumasa Morimura Each artist takes a uniquely individual approach ranging from the shockingly perverse and aggressively erotic to the elusively self conscious and sublimely beautiful Complete with brief biographies of each artist Self Exposure is a powerful survey of this most seductive subject **Mark Twain's German Critical Reception, 1875-1986** J. C. Kinch, 1989-09-12 This superb bibliography unlocks a wealth of early commentary and more recent scholarship relatively inaccessible to English speaking readers The generous annotations convey the spirit and essential points of hundreds of books and articles on Twain making this an important acquisition for every college and university reference collection Thomas A Tenney Editor Mark Twain Journal Mark Twain one of the most widely published American authors has enjoyed immense popularity both in the United States and abroad A fascinating aspect of this popularity is his wide acclaim in German speaking countries which stems not only from his literary accomplishments but also his numerous visits to Europe and his extended stays in Vienna and Berlin This book is a comprehensive and extensively annotated bibliography which chronologically surveys Mark Twain's German critical reception from 1875 through 1986 Within each year items are listed alphabetically by author and each item is assigned an entry number English language annotations accompany each bibliographic citation to assist the reader in ascertaining the flavor and scope of the cited material Included are monographs critical texts reviews reprints newspaper

articles dissertations excerpts from standard literary histories and introductions and afterwords to editions of his works published in the Federal Republic of Germany as well as the German Democratic Republic Austria and Switzerland Entries are cross listed and the volume includes a comprehensive 52 page index This bibliography provides unique insight into Mark Twain from an often overlooked perspective it will be of interest to students scholars and critics of this great American author humorist and social critic **Schwann opus** ,1998 **150 Ans de Musique Pour Saxophone** Jean-Marie Londeix,1994 Donne acc s des uvres pour saxophone seul ensembles de saxophones 2 58 et diverses combinaisons surtout des duos incluant le saxophone *Man to Man* Pierre Borhan,Gilles Mora,2007-10 This comprehensive study of homoeroticism and male homosexuality surveys the homoerotic urge in fashion photography including layouts in Vogue and reprints rare and unpublished work by such photographers as Horst Mapplethorpe and Herb Ritts *Men for Men* Pierre Borhan,2007 As soon as the invention of photography made it possible to be photographed with one s loved one early daguerreotypes small unique images housed in their cases were made as tokens of enduring affection or intimacy Male couples were no exception Under strict Victorian moral conventions photographs of the male nude were reserved strictly for academic study by artists It was not until the early twentieth century that the first openly homosexual photographers were able to explore the overtly erotic and this they did by wrapping their subjects in historical reference by evoking images of ancient Greece or Pre Raphaelite symbolism After Alfred Kinsey s revelations of male sexuality published in 1948 an enormous photographic market emerged for pictures of the muscular male physique Homoeroticism had entered the mainstream photographic language In this ground breaking book organised by Gilles Mora with a substantial text by Pierre Bohran the whole history of the genre is charted from its clandestine origins to its open glorification including the work of photographic masters such as Brassai and August Sander as well as the notorious underground excursions of Robert Mapplethorpe We can follow how a homosexual view has now shaped the new iconography of fashion and the public male image **Bielefelder Katalog Klassik** ,1999 **Bielefelder Katalog Schallplatten, Compact Discs, MusiCassetten** ,1999
