A photograph of the Jordan River winding through a dry, hilly landscape. The river is calm, reflecting the sky and the surrounding terrain. The banks are covered in low-lying, scrubby vegetation in shades of brown and green. In the background, rolling hills stretch towards the horizon under a pale, overcast sky.

*The Transjordanian Palimpsest* Jeremy Michael Hutton, 2009 This study analyzes several passages in the Former Prophets 2 Sam 19 12 44 2 Kgs 2 1 18 Judg 8 4 28 from a literary perspective and argues that the text presents Transjordan as liminal in Israel s history a place from which Israel s leaders return with inaugurated or renewed authority It then traces the redactional development of Samuel Kings that led to this literary symbolism and proposes a hypothesis of continual updating and combination of texts beginning early in Israel s monarchy and continuing until the final formation of the Deuteronomistic History Several source documents may be isolated including three narratives of Saul s rise two distinct histories of David s rise and a court history that was subsequently revised with pro Solomonic additions These texts had been combined already in a Prophetic Record during the 9th c B C E with A F Campbell which was received as an integrated unit by the Deuteronomistic Historian The symbolic geography of the Jordan River and Transjordan which even extends into the New Testament was therefore not the product of a deliberate theological formulation but rather the accidental by product of the contingency of textual redaction that had as its main goal the historical presentation of Israel s life in the land *Roll, Jordan, Roll* Robert St. John, 1965 The life story of a river its people *Roll, Jordan, roll* Robert Saint John, 1965
