The Double Life of Bob Dylan Clinton Heylin, 2021-05-18 From the world's leading authority on Bob Dylan comes the definitive biography that promises to transform our understanding of the man and musician thanks to early access to Dylan's never before studied archives In 2016 Bob Dylan sold his personal archive to the George Kaiser Foundation in Tulsa Oklahoma reportedly for 22 million As the boxes started to arrive the Foundation asked Clinton Heylin author of the acclaimed Bob Dylan Behind the Shades and perhaps the world's authority on all things Dylan Rolling Stone to assess the material they had been given What he found in Tulsa as well as what he gleaned from other papers he had recently been given access to by Sony and the Dylan office so changed his understanding of the artist especially of his creative process that he became convinced that a whole

new biography was needed It turns out that much of what previous biographers Dylan himself included have said is wrong With fresh and revealing information on every page *A Restless Hungry Feeling* tells the story of Dylan s meteoric rise to fame his arrival in early 1961 in New York where he is embraced by the folk scene his elevation to spokesman of a generation whose protest songs provide the soundtrack for the burgeoning Civil Rights movement his alleged betrayal when he goes electric at Newport in 1965 his subsequent controversial world tour with a rock n roll band and the recording of his three undisputed electric masterpieces *Bringing it All Back Home* *Highway 61 Revisited* and *Blonde on Blonde* At the peak of his fame in July 1966 he reportedly crashes his motorbike in Woodstock upstate New York and disappears from public view When he re emerges he looks different his voice sounds different his songs are different Clinton Heylin s meticulously researched all encompassing and consistently revelatory account of these fascinating early years is the closest we will ever get to a definitive life of an artist who has been the lodestar of popular culture for six decades

Popular Music, Gender and Postmodernism Neil Nehring, 1997-03-20 The migration of cynical academic ideas about postmodernism into music journalism are traced in this book The result of this migration is a widespread fatalism over the ability of the music industry to absorb any expression of defiance in popular music The book synthesizes a number of fields American and British academic and journalistic music criticism aesthetic and literary history and theory from romanticism through postmodernism alternative music such as feminist punk and grunge political economy which has fueled the obsession with commercial incorporation and subcultural sociology

Decomposition Andrew Durkin, 2014-11-18 *Decomposition* is a bracing revisionary and provocative inquiry into music from Beethoven to Duke Ellington from Conlon Nancarrow to Evelyn Glennie as a personal and cultural experience how it is composed how it is idiosyncratically perceived by critics and reviewers and why we listen to it the way we do Andrew Durkin best known as the leader of the West Coast based Industrial Jazz Group is singular for his insistence on asking tough questions about the complexity of our presumptions about music and about listening especially in the digital age In this winning and lucid study he explodes the age old concept of musical composition as the work of individual genius arguing instead that in both its composition and reception music is fundamentally a collaborative enterprise that comes into being only through mediation Drawing on a rich variety of examples Big Jay McNeely s Deacon s Hop Biz Markie s *Alone Again* George Antheil s *Ballet Mecanique* Frank Zappa s *While You Were Art* and Pauline Oliveros s *Tuning Meditation* to name only a few Durkin makes clear that our appreciation of any piece of music is always informed by neuroscientific psychological technological and cultural factors How we listen to music he maintains might have as much power to change it as music might have to change how we listen
